Then a messenger from the Emperor arrives, demanding that all families send one soldier to fight the Rouran invaders in the north. Mulan's father cannot go. Her brother is just a child. So she ties up her hair, takes up her sword, and joins the army as a man. A War for a Dynasty Thanks to her martial arts skills, Mulan is chosen for an elite team under the command of the princeling—the royal duke's son, who is also the handsomest man she's ever seen. But the princeling has secrets of his own, which explode into Mulan's life and shake up everything she knows. As they cross the Great Wall to face the enemy beyond, Mulan and the princeling must find a way to unwind their past, unmask a traitor, and uncover the plans for the Rouran invasion...before it's too late. *I AM Journey* Sherry B,2021-07-05 I was a prisoner in a hostile battleground of my parents' discord. Tired of the strife, Daddy devised a secret plan to end the war and rescue me from the abuse of my ill-mannered mother. Unfortunately, Angela (mommy) colluded a scheme as well; abducting me from the home I shared with my father. It was a reciprocation of daddy's dismissal of her adulterated love. Pandora's box was opened, and there was no escaping the evils of this world. Angela made a deal with the devil to survive the storm she spawns. I was a pawn in her sick game and became a sacrifice of her hatred for me. One day I encountered a visit from an Angel: she told me that help was coming to hold on to God's promises, but deliverance seemed to be on the other side of eternity. This is my Journey.

Awakening in this new life, Virgil begins to piece together the past. **Muhammad in the Digital Age** Ruqayya Yasmine Khan, 2015-11-15 The early twenty-first century has experienced an unrivaled dissemination of information and misinformation about Islam, its prophet Muhammad, and its followers, largely facilitated by the fact that the tragedy of 9/11 roughly coincided with the advent of the digital age. In the first collection of its kind, Ruqayya Khan has compiled essays that treat Muhammad and the core elements of Islam as focal points in an exploration of how the digital era—including social media and other expressions—have both had an effect on and been affected by Islam. Scholars from a variety of fields deal with topics such as the 2005 cartoon controversy in Denmark and the infamous 2012 movie trailer “Innocence of Muslims” that some believe sparked the attacks on the US consulate in Benghazi, as well as how the digitization of ancient texts have allowed the origins of Islam to be studied in new ways. Other essays examine how Muhammad’s wives have been represented in various online sources, including a web comic; the contrasting depictions of Muhammad as both a warrior and peacemaker; and how the widespread distribution of “the look” of Islamic terrorists has led to attacks on Sikhs, whose only point of resemblance to them may be a full beard. These findings illuminate the role of the Internet in forms of representation, advocacy, and engagement concerning Islam and Muslims in our world today.

Reclaiming Conversation Sherry Turkle, 2016-10-04 “In a time in which the ways we communicate and connect are constantly changing, and not always for the better, Sherry Turkle provides a much needed voice of caution and reason to help explain what the f\*\*\* is going on.” —Aziz Ansari, author of *Modern Romance* Renowned media scholar Sherry Turkle investigates how a flight from conversation undermines our relationships, creativity, and productivity—and why reclaiming face-to-face conversation can help us regain lost ground. We live in a technological universe in which we are always communicating. And yet we have sacrificed conversation for mere connection. Preeminent author and researcher Sherry Turkle has been studying digital culture for over thirty years. Long an enthusiast for its possibilities, here she investigates a troubling consequence: at work, at home, in politics, and in love, we find ways around conversation, tempted by the possibilities of a text or an email in which we don’t have to look, listen, or reveal ourselves. We develop a taste for what mere connection offers. The dinner table falls silent as children compete with phones for their parents’

attention. Friends learn strategies to keep conversations going when only a few people are looking up from their phones. At work, we retreat to our screens although it is conversation at the water cooler that increases not only productivity but commitment to work. Online, we only want to share opinions that our followers will agree with – a politics that shies away from the real conflicts and solutions of the public square. The case for conversation begins with the necessary conversations of solitude and self-reflection. They are endangered: these days, always connected, we see loneliness as a problem that technology should solve. Afraid of being alone, we rely on other people to give us a sense of ourselves, and our capacity for empathy and relationship suffers. We see the costs of the flight from conversation everywhere: conversation is the cornerstone for democracy and in business it is good for the bottom line. In the private sphere, it builds empathy, friendship, love, learning, and productivity. But there is good news: we are resilient. Conversation cures. Based on five years of research and interviews in homes, schools, and the workplace, Turkle argues that we have come to a better understanding of where our technology can and cannot take us and that the time is right to reclaim conversation. The most human—and humanizing—thing that we do. The virtues of person-to-person conversation are timeless, and our most basic technology, talk, responds to our modern challenges. We have everything we need to start, we have each other. Turkle's latest book, *The Empathy Diaries* (3/2/21) is available now.

The Jewel of Medina Sherry Jones, 2009-01-01 This novel, banned shortly before publication in Sept '08 by Random House, attracting British and world-wide media attention, tells for the first time the moving but little known love story between Mohammed and his favoured wife Ai'sha.
