Hendrik Kraay

The Transformation of Authorship in America Grantland S. Rice,1997-06-23 Did the emergence of a free press liberate eighteenth-century American authors? Most critics and historians have assumed so. In a study certain to force a rethinking of early American literary culture, Grantland S. Rice overturns this dominant view. Rice argues that the lapse of Puritan censorship, the consolidation of copyright law, and the explosion of a commercial print culture confronted writers in the new United States with a striking predicament: the depoliticization and commodification of public expression. Rice shows that the rigorous censorship practiced by Puritan authorities conferred an implicit prestige on texts as civic interventions, helping to foster a vigorous and indigenous tradition of sociopolitical criticism. With special attention to the sudden emergence of the novel in post-revolutionary America, Rice reveals how the emergence of economic liberalism undermined the earlier tradition of political writing by transforming American authorship from an expression of individual civic conscience to a market-oriented profession. Includes discussions of the writings of Benjamin Franklin, Michel-Guillaume-Jean de Crèvecoeur, and Hugh Henry Brackenridge.

The Little Blue Book for Authors: 101 Clues to Get More Out of Facebook Gisela Hausmann,2018-02 Tens of thousands of authors network on Facebook. Most of them complain that many of their friends and fans don't see their postings. 97 Facebook Marketing Tips for Authors Shannon Bell,2015-04-21 Authors need to market on their own, regardless of whether they are self or traditionally published. Facebook can be a free marketing tool to help you make a name for yourself and your books when used effectively. Inside, you will discover 97 marketing tips to help you master Facebook more effectively. The tips are geared towards all levels of users, introducing you to the basics and helping to improve what you already have going.

The Authorship of Shakespeare's Plays Jonathan Hope,1994-07-14 This book introduces a new method for determining the authorship of Renaissance plays. Based on the rapid rate of change in English grammar in the late-sixteenth and early-seventeenth centuries, socio-historical linguistic evidence allows us to distinguish the hands of Renaissance playwrights within play texts. The present study focuses on Shakespeare, his collaborations with Fletcher and Middleton, and the apocryphal plays. Among the plays examined are Henry VIII, The Two Noble Kinsmen, Macbeth, Pericles, and Sir Thomas More. Using graphs to present statistical data in a readily comprehensible form, the book also contains a wealth of information about the history of the English language during a period of rapid and far-reaching change.

The Art of Excess Tom LeClair,1989

Attributing Authorship Harold Love,2002-06-20 Recent literary scholarship has seen a shift of interest away from questions of attribution. Yet these questions remain urgent and important for any historical study of writing, and have been given a powerful new impetus by advances in statistical studies of language and the coming on line of large databases of texts in machine-searchable form. The present book is the first comprehensive survey of the field from a literary perspective to appear for forty years. It covers both traditional and computer based approaches to attribution, and evaluates each in respect of their potentialities and limitations. It revisits a number of famous controversies, including those concerning the authorship of the Homeric poems, books from the Old and New Testaments, and the plays of Shakespeare. Written with wit as well as erudition Attributing Authorship will make this intriguing field accessible for students and scholars alike.

Mass Authorship and the Rise of Self-Publishing Timothy Laquintano,2016-10-15 In the last two decades, digital technologies have made it possible for anyone with a computer and an Internet connection to rapidly and inexpensively self-publish a book. Once a stigmatized niche activity, self-publishing has grown explosively. Hobbyists and professionals alike have produced millions of books, circulating them through e-readers and the web. What does this new flood of books mean for publishing, authors, and readers? Some lament the rise of self-publishing because it tramples the gates and gatekeepers who once reserved publication for those who met professional standards. Others tout authors' new freedom from the narrow-minded exclusivity of traditional publishing. Critics mourn the death of the author; fans celebrate the democratization of authorship. Drawing on eight years of research and interviews with more than eighty self-published writers, Mass Authorship avoids the polemics, instead showing how writers are actually thinking about and dealing with this brave new world. Timothy Laquintano compares the experiences of self-publishing authors in three distinct genres—poker strategy guides, memoirs, and romance novels—as well as those of writers whose self-published works hit major bestseller lists. He finds that the significance of self-publishing and the challenge it presents to traditional publishing depend on the aims of authors, the desires of their readers, the affordances of their platforms, and the business plans of the companies that provide those platforms. In drawing a nuanced portrait of self-publishing authors today, Laquintano answers some of the most pressing questions about what it means to publish in the twenty-first century: How do writers establish credibility in an environment with no editors to judge quality? How do authors police their copyrights online without recourse to the law? How do they experience Amazon as a publishing platform? And how do they find an audience when, it sometimes seems, there are more writers than readers?

The Professions of Authorship Matthew Joseph Bruccoli,1996 A tribute to a man whose life's work has centered on the study of authorship and who is a scholar and book collector of the first magnitude, The Professions of Authorship examines the business of writing, publishing, and selling books - or what George V. Higgins describes in this volume as a perplexing, disorganized, chameleonic enterprise. Twenty-three authors, publishing professionals, and scholars who share Matthew J. Bruccoli's love and knowledge of books offer candid observations and opinions about the past, present, and future of publishing. In doing so, they unravel many of the mysteries surrounding this tradition-bound endeavor.

Bahia's Independence Hendrik Kraay,2019-07-11 Since 1824, Bahians have marked independence with a popular festival that contrasts sharply with the official commemoration of Brazil's independence on 7 September. The Dois de Julho (2 July) festival celebrates the day the Portuguese troops were expelled from Salvador in 1823, the culmination of a year-long war that gave independence a radical meaning in Bahia. Bahia's Independence traces the history of the Dois de Julho festival in Salvador, the Brazilian state's capital, from 1824 to 1900. Hendrik Kraay discusses how the festival draws on elements of saints' processions, carnivals, and civic ritual in the use of such distinctive features as the indigenist symbols of independence called the caboclos and the massive procession into the city that re-enacts the patriots' victorious entry in 1823. Providing a social history of celebration, Kraay explains how Bahians of all classes, from slaves to members of the elite, placed their stamp on the festivities and claimed recognition and citizenship through participation. Analyzing debates published in newspapers – about appropriate forms of commemoration and the nature of Bahia's relationship to Brazil – as well as theatrical and poetic representations of the festival, this volume unravels how Dois de Julho celebrations became so integral to Bahia's self-representation and to its politics. The first history of this unique festival's origins, Bahia's Independence reveals how enthusiastic celebrations allowed an active and engaged citizenry to express their identity as both Bahians and Brazilians and to seek to create the nation they desired.

Authorship Owen Jones,2013-08-31 This book is for all those authors who dread publishing their books whether it be in printed or electronic format or both. I have published well over a hundred books to all the major printers and distributors, so it came as a surprise when I recently became aware that some excellent writers are put off self-publishing themselves because they find the task too confusing and difficult and so they pay others to do it for them. I can understand this if an author wants to save time and so the purpose

of this book is to help those who would like to do the job themselves, but don't know how. It is actually very satisfying to conceive the idea for a book, write it and then publish it yourself all on your own, and with the help of this book, that is exactly what you will be able to do. Inside you will learn how to publish to all the major distributors like Amazon, iBookstore, Barnes and Noble, Lulu, Nook, Kindle, Smashwords and XinXii.

A Critical Hypertext Analysis of Social Media Volker Eisenlauer,2013-08-15 Facebook, in just a few years, has become one of the central tools people use to communicate with each other in everyday life. However, the perceived freedom of action on the site and the actual processes that are permitted in Facebook's set up don't always match up: in this book this gap is examined. This book identifies the interrelations between user text actions and the software environment framing them. It takes a critical perspective on Facebook and develops a model that grants methodological access to complex interlaced practices incorporating media, text and literacies. It shows Facebook users employing idiosyncratic and Facebook-specific literacy practices, and gives weight to the larger hypothesis of the software service as an ideological setting designed to calculate and standardize human behaviour. Specifically, the book examines text action and automation within Facebook to determine how the software service intervenes in the communicative flow between/among profile owners and profile recipients. This is cutting edge work and of huge importance to modern fields of discourse analysis and computer-mediated communication.

Sacred Landscape in Medieval Afghanistan Arezou Azad,2013-12-12 This book is about a sacred place called Balkh, known to the ancient Greeks as Bactra. Located in the north of today's Afghanistan, along the silk road, Balkh was holy to many. The Prophet Zoroaster is rumoured to have died here, and during late antiquity, Balkh was the home of the Naw Bahār, a famed Buddhist temple and monastery. By the tenth century, Balkh had become a critical centre of Islamic learning and early poetry in the New Persian language that grew after the Islamic conquests and continues to be spoken in Iran, Afghanistan and parts of Central Asia today. In this book, Arezou Azad provides the first in-depth study of the sacred sites and landscape of medieval Balkh, which continues to exemplify age-old sanctity in the Persian-speaking world and the eastern lands of Islam generally. Azad focuses on the five centuries from the Islamic conquests in the eighth century to just before the arrival of the Mongols in the thirteenth century, the crucial period in the emergence of Perso-Islamic historiography and Islamic legal thought. The book traces the development of 'sacred landscape', the notion that a place has a sensory meaning, as distinct from a purely topographical space. This opens up new possibilities for our understanding of Islamisation in the eastern Islamic lands, and specifically the transition from Buddhism to Islam. Azad offers a new look at the medieval local history of Balkh, the Faḍāil-i Balkh, and analyses its creation of a sacred landscape for Balkh. In doing so, she provides a compelling example of how the sacredness of a place is perpetuated through narratives, irrespective of the dominant religion or religious strand of the time.

Digital Authorship R. Lyle Skains,2019-02-07 This Element looks at contemporary authorship via three key authorial roles: indie publisher, hybrid author, and fanfiction writer. The twenty-first century's digital and networked media allows writers to disintermediate the established structures of royalty publishing, and to distribute their work directly to - and often in collaboration with - their readers. This demotic author, one who is 'of the people', often works in genres considered 'popular' or 'derivative'. The demotic author eschews the top-down communication flow of author > text > reader, in favor of publishing platforms that generate attention capital, such as blogs, fanfiction communities, and social media.

Facebook for Business Owners Tom Corson-Knowles,2013-05-09 Learn how to market your business on Facebook.

The Writer ,1905

The Additional Journals and Letters of Frances Burney: 1784-1786 Fanny Burney,2015 Presents material not included in either The early journals and letters of Fanny Burney (covering 1768-1781) or The court journals and letters of Frances Burney (covering 1786-1791), written at the height of her fame as a novelist.

Molecular Genetics and Pathogenesis of Ehlers–Danlos Syndrome and Related Connective Tissue Disorders Marina Colombi ,Marco Ritelli,2020-12-14 Ehlers–Danlos syndromes (EDS) are a group of heritable connective tissue disorders (HCTDs) characterized by a variable degree of skin hyperextensibility, joint hypermobility and tissue fragility. The current EDS classification distinguishes 13 subtypes and 19 different causal genes mainly involved in collagen and extracellular matrix synthesis and maintenance. EDS need to be differentiated from other HCTDs with a variable clinical overlap, including Marfan syndrome and related disorders, some types of skeletal dysplasia and cutis laxa. The clinical recognition of EDS is not always straightforward, and, for a definite diagnosis, molecular testing can be of great assistance, especially in patients with an uncertain phenotype. Currently, the major challenging task in EDS is to unravel the molecular basis of the hypermobile EDS that is the most frequent form, and for which the diagnosis is only clinical in the absence of any definite laboratory test. This EDS subtype, as well as other EDS-reminiscent phenotypes, are currently investigated worldwide to unravel the primary genetic defect and related pathomechanisms. The research articles, case report, and reviews published in the Special Issue entitled "Molecular Genetics and Pathogenesis of Ehlers–Danlos Syndrome and Related Connective Tissue Disorders" focus on different clinical, genetic and molecular aspects of several EDS subtypes and some related disorders, offering novel findings and future research and nosological perspectives.

Authorship and Audience Stephen Railton,2014-07-14 Stephen Railton's study of the American Renaissance proposes a fresh way of conceiving the writer as a performing artist and the text as an enactment of the drama of its own performance. Railton focuses on how major prose works of the period are preoccupied with their readers--how they seek to negotiate the conflicted space between the authors, who brought to the act of publication their own anxieties of ambition and identity, and the contemporary American reading public, which, as a growing mass audience in a democracy, had acquired an unprecedented authority over the terms of literary performance. New readings of Emerson's orations, Poe's tales, the sketches of the Southwest Humorists, Walden, Uncle Tom's Cabin, The Scarlet Letter, and Moby-Dick relocate American writers in the dramatic context in which they suffered and thrived. The book attends closely to historicist issues, arguing that one of the most profound ways that the culture shaped these texts was also the most immediate--as the audience each writer had to address. Equally concerned with biographical themes, it appreciates each of the major works within the larger pattern of the writer's public career and private needs. Originally published in 1991. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Authorsiphanfb Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Authorsiphanfb free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Authorsiphanfb free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Authorsiphanfb free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Authorsiphanfb. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Authorsiphanfb any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Authorsiphanfb Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Authorsiphanfb is one of the best book in our library for free trial. We provide copy of Authorsiphanfb in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Authorsiphanfb. Where to download Authorsiphanfb online for free? Are you looking for Authorsiphanfb PDF? This is definitely going to save you time and cash in something you should think about.
