Energy, Governance and Security in Thailand and Myanmar (Burma) Adam Simpson, 2016-04-29 Across the world states are seeking out new and secure supplies of energy but this search is manifesting itself most visibly in Asia where rapid industrialisation in states such as China and India is fomenting a frantic scramble for energy resources. Due to entrenched societal inequities and widespread authoritarian governance, however, the pursuit of national energy security through transnational energy projects has resulted in devastating impacts on the human and environmental security of local populations. These effects are particularly evident in both Thailand and Myanmar (Burma), which, located at the crossroads of Asia, are increasingly engaged in the cross-border energy trade. Based on extensive fieldwork and theoretical analysis this ground-breaking book proposes a new critical approach to energy and environmental security and explores the important role that both local and transnational environmental movements are playing, in the absence of effective and democratic governments, in providing 'activist environmental governance' for energy projects throughout the region. By comparing the nature of this activism under two very different political regimes it delivers crucial theoretical insights with both academic and policy implications for the sustainable and equitable development of the South's natural resources.

Thailand Confidential Jerry Hopkins, 2011-05-03 Wanna stand in the face of a charging elephant, get hit by a motorcycle, eat giant water bugs, blowtorch your mouth on some of the hottest chili peppers on earth, then go watch a sex change operation? Of course you don't, but, happily, Jerry Hopkins has done all that and more—lots more—in this darkly humorous, deeply affectionate, clear-eyed but never patronizing portrait of Thailand, his adopted home. Highly recommended. —Tim Cahill, author of *Lost in My Own Backyard*, *Hold the Enlightenment* and *Jaguars Ripped My Flesh* After over a decade in the country, Hopkins knows and loves his subject dearly—that much is obvious—and his vivid portrait projects that love from every page. —Jann Wenner, editor and founder of *Rolling Stone Magazine* A loving expose of everything that's wonderful about Thailand, and much that isn't. Should be required reading for all newcomers. —Joe Cummings, author of the *Lonely Planet Thailand Guide* Writer Jerry Hopkins came to Thailand for a visit in the 1980s, and ended up a permanent resident with a temporary visa—a big, white farang haunting the bars and back alleys of Bangkok. His essays explore the mystery and mayhem of The Land of Smiles to hilarious—and sometimes disturbing—effect. Travel with him to a place where whisky is rum, water buffaloes are gay, insects are dinner, dildos are lucky charms, and your wildest adolescent fantasies can come true (for a nominal fee).

Southeast Asian Migration Khatharya Um, Sofia Gaspar, 2015-10-01 Southeast Asia has long been a crossroad of cultural influence and transnational movement, but the massive migration of Southeast Asians throughout the world in recent decades is historically unprecedented. Dispersal, compelled by economic circumstance, political turmoil, and war, engenders personal, familial, and spiritual dislocation, and provokes a questioning of identity and belonging. This volume features original works by scholars from Asia, America, and Europe that highlight these trends and perspectives on Southeast Asian migration within and beyond the Asia-Pacific region. Adopting an interdisciplinary approach -- with contributions from sociology, political science, anthropology, and history -- and anchored in empirical case studies from various Southeast Asian countries, it extends the scope of inquiry beyond the economic concerns of migration, and beyond a single country source or destination, and disciplinary focus. Analytic focus is placed on the forces and factors that shape migration trajectories and migrant incorporation experiences in Asia and Europe; the impact of migration and immigration status on individuals, families, and institutions, on questions of equity, inclusion, and identity; and the triangulated relationships between diasporic communities, the sending and receiving countries. Of particular importance is the scholarly attention to lesser known populations and issues such as Vietnamese in Poland, children and the 1.5 generation immigrants, health and mental consequences of state sponsored violence and protracted encampment, ethnic media, and the challenges of both transnational parenting and family reunification. In examining the complex and creative negotiations that immigrants engage locally and transnationally in their daily lives, it foregrounds immigrant resilience in the strategies they adopt not only to survive but thrive in displacement.

The Floating Field Scott Riley, 2021-03-02 On the island of Koh Panyee, in a village built on stilts, there is no open space. How will a group of Thai boys play soccer? After watching the World Cup on television, a group of Thai boys is inspired to form their own team. But on the island of Koh Panyee, in a village built on stilts, there is no open space. The boys can play only twice a month on a sandbar when the tide is low enough. Everything changes when the teens join together to build their very own floating soccer field. This inspiring true story by debut author Scott Riley is gorgeously illustrated by Nguyen Quang and Kim Lien. Perfect for fans of stories about sports, beating seemingly impossible odds, and places and cultures not often shown in picture books. A compelling book for football [soccer] fans and readers seeking examples of ingenuity.—starred, *Publishers Weekly*

Bangkok 8 John Burdett, 2003-06-03 A thriller with attitude to spare, Bangkok 8 is a sexy, razor-edged, often darkly hilarious novel set in one of the world's most exotic cities. Witnessed by a throng of gaping spectators, a charismatic Marine sergeant is murdered under a Bangkok bridge inside a bolted-shut Mercedes Benz. Among the witnesses are the only two cops in the city not on the take, but within moments one is murdered and his partner, Sonchai Jitpleecheep—a devout Buddhist and the son of a Thai bar girl and a long-gone Vietnam War G.I.—is hell-bent on wreaking revenge. On a vigilante mission to capture his partner's murderer, Sonchai is begrudgingly paired with a beautiful FBI agent named Jones and captures her heart in the process. In a city fueled by illicit drugs and infinite corruption, prostitution and priceless art, Sonchai's quest for vengeance takes him into a world much more sinister than he could have ever imagined.

Advanced Biology for You Gareth Williams, 2000 Designed to be motivating to the student, this book includes features that are suitable for individual learning. It covers the AS-Level and core topics of almost all A2 specifications. It provides many questions for students to develop their competence. It also includes sections on 'Key Skills in Biology', 'Practical Skills' and 'Study Skills'.

An Insider's Guide to Praying for the World Brian C. Stiller, 2016-01-12 A Country-by-Country Prayer Guide The world is getting smaller. Cutting ourselves off from Christians around the world is not an option. In many countries, the rise of persecution fuels concern over the safety and rights of believers, while other nations that used to be closed to the Gospel are seeing unprecedented numbers of conversions to Christianity. As global ambassador of the World Evangelical Alliance, what Dr. Brian Stiller experiences on the ground in these nations is

often counter to our impressions. As he listens to people's ideas and observes their innovations, he invites you to see and hear what he does. An Insider's Guide to Praying for the World includes country-specific insights calling us to a deeper understanding of the Christian church and witness. Each chapter also provides prayer challenges that come from believers in the country as well as maps and sample prayers. Nations from every continent are included. Be inspired to learn about other lands--both familiar ones, such as China and Kenya, and ones you may know very little about, like Sri Lanka and Bangladesh. But more important, take part in God's work by praying for the real needs of your brothers and sisters around the world.

Jasmine Fever Frank Visakay, 2007-10-01 When New York chef Frank Visakay moved to Thailand, he quickly attracted the attention of beautiful Thai women. Or so he thought. In *Jasmine Fever*, Visakay offers hilarious revelations about his and his friends' relationships with Thai bargirls. As we learn from one of the eponymously named stories, perhaps he is 'looking for love in all the wrong places'.

Vascular Diseases--Advances in Research and Treatment: 2013 Edition, 2013-06-21 *Vascular Diseases--Advances in Research and Treatment: 2013 Edition* is a ScholarlyEditions™ book that delivers timely, authoritative, and comprehensive information about Aneurysm. Military Review, 2007

How Developing Countries Trade Sheila Page, 1994-12-22 Over the last fifteen years there have been dramatic increases in both private and public intervention in international trade. Traditional barriers to market-based trade such as commodity cartels and tariffs have been augmented by new developments such as the rise of regional trade blocs and the growth of intra-firm trade. This book argues that the

Thailand's International Meditation Centers Brooke Schedneck, 2015-05-15 This book explores contemporary practices within the new institution of international meditation centers in Thailand. It discusses the development of the lay vipassana meditation movement in Thailand and relates Thai Buddhism to contemporary processes of commodification and globalisation. Through an examination of how meditation centers are promoted internationally, the author considers how Thai Buddhism is translated for and embodied within international tourists who participate in meditation retreats in Thailand. Shedding new light on the decontextualization of religious practices, and raising new questions concerning tourism and religion, this book focuses on the nature of cultural exchange, spiritual tourism, and religious choice in modernity. With an aim of reframing questions of religious modernity, each chapter offers a new perspective on the phenomenon of spiritual seeking in Thailand. Offering an analysis of why meditation practices appeal to non-Buddhists, this book contends that religions do not travel as whole entities but instead that partial elements resonate with different cultures, and are appropriated over time.

India's Foreign Policy and Regional Multilateralism Arndt Michael, 2013-02-07 The book provides a novel analytical perspective on regional multilateralism in South Asia and its neighbouring regions and covers the genesis, evolution and status quo of the four major regional organizations.

The Airport Economist Flies Again! Tim Harcourt, 2021-04-15 How does an economist meet Borat in London and Tony Blair in Kazakhstan? Or meet Sachin Tendulkar in the morning and Miss Universe in the afternoon in Mumbai? Or ride camels in Abu Dhabi and Alpaca in Peru? The Airport Economist Tim Harcourt has done all this and many more in his travels and discoveries on what makes the global economy tick. With a clever turn of phrase, witty observations and links to a wealth of supporting data, *The Airport Economist Flies Again!* proves that there is an export dimension to everything and that not all economics writing has to leave you high and dry! This book demystifies the global economy to make economics and international trade both accessible and entertaining to the general reader. In addition to providing some general lessons and insights on economics and international trade, it offers practical business tips for travellers doing business from Mongolia to Mexico and South Korea to Kazakhstan.

Thailand's Theory of Monarchy Patrick Jory, 2016-05-09 2016 CHOICE Outstanding Academic Title Since the 2006 coup d'état, Thailand has been riven by two opposing political visions: one which aspires to a modern democracy and the rule of law, and another which holds to the traditional conception of a kingdom ruled by an exemplary Buddhist monarch. Thailand has one of the world's largest populations of observant Buddhists and one of its last politically active monarchies. This book examines the Theravada Buddhist foundations of Thailand's longstanding institution of monarchy. Patrick Jory states that the storehouse of monarchical ideology is to be found in the popular literary genre known as the Jātakas, tales of the Buddha's past lives. The best-known of these, the Vessantara Jātaka, disseminated an ideal of an infinitely generous prince as a bodhisatta or future Buddha—an ideal which remains influential in Thailand today. Using primary and secondary source materials largely unknown in Western scholarship, Jory traces the history of the Vessantara Jātaka and its political-cultural importance from the ancient to the modern period. Although pressures from European colonial powers and Buddhist reformers led eventually to a revised political conception of the monarchy, the older Buddhist ideal of kingship has yet endured.

Thailand Charnvit Kasetsiri, 2022-04-29 "As a historian, Charnvit Kasetsiri is not satisfied simply to have found an instructive angle from which to explore the mysteries in a modern experimental monarchy. His keen sense of time has filled his narrative with insights that only a few people could have identified. To me, that is a mark of one with a fine sense of what the past can mean. I thank him for the chance to see this mature and thoughtful Charnvit at work and commend this book to everyone who wants to understand Thailand better." -- Wang Gungwu, National University of Singapore "Charnvit makes clear in the final pages of *Thailand: A Struggle for the Nation* that he is not very sanguine about the country's future. During Thailand's democratic spring in 1974, the Thai constitution was changed to allow female succession. This apparent loosening of male prerogative had no effect on the reign change in 2016 when the designated male heir, Prince Vajiralongkorn, succeeded without challenge to become the tenth Bangkok king. Communism, long gone as the spectre that once haunted Thailand's political order, has been replaced by another. The spectre now haunting Thailand is authoritarianism." -- Craig J. Reynolds, Australian National University

Thailand in the Cold War Matthew Phillips, 2015-09-16 Thailand's position during the Cold War was ambiguous: the

country's political leadership was very keen to maintain the country's independence on the world stage, yet at the same time was anxious to establish the country's credentials as staunchly anti-communist. However, as this book argues, Thailand, though never formally a client state of the United States, was very closely embedded in the Western camp through the commitment of Thailand's cosmopolitan urban communities to developing a modern, consumerist lifestyle. Considering popular culture, including film, literature, fashion, tourism and attitudes towards Buddhism, the book shows how an ideology of consumerism and integration into a free world culture centred in the United States gradually took hold and became firmly established, and how this popular culture and ideology was fundamental in determining Thailand's international political alignment.
