Jeff VanderMeer

Authority Jeff VanderMeer, 2014-05-06 John Rodriguez, the new head of a secret agency tasked to monitor Area X—a lush and remote terrain mysteriously sequestered from civilization—is faced with disturbing truths about himself and the agency he has sworn to serve when the secrets of Area X begin to reveal themselves. Original. 50,000 first printing.

**Authority** Nathan Barry, 2014-04-03 THE IDEA THAT AUTHORS CANNOT MAKE MONEY IS 100% FALSE. And no, you do not have to be famous or have a huge online following In less than one calendar year, Nathan Barry made over \$250,000 by independently publishing three books he wrote himself. Making money from book sales is wonderful but it is just the beginning. Getting a raise, landing a new job, and gaining new clients are all direct results of writing and publishing a book. In Authority, Nathan shows you: -How NOT to be a poor, starving author -How to establish a consistent writing habit -How to implement a successful marketing strategy -How to replace traditional publishing methods with methods that can earn far more, in far less time -How to position yourself as an AUTHORITY in your chosen field and enjoy benefits far beyond simply making money

The Authority and Interpretation of the Bible Jack Rogers, Donald K. McKim, 1999-02-05 This book is a detailed and comprehensive study of attitudes toward biblical authority and interpretation held from the beginnings of the Christian era to the present day. In clear and readable fashion, the authors examine the writings of early church fathers, the medieval exegetes, and the leaders of the Protestant Reformation to locate the source of, and refute, the position of inerrancy.

**Annihilation** Jeff VanderMeer, 2014-02-04 A MAJOR MOTION PICTURE FROM ALEX GARLAND, STARRING NATALIE PORTMAN AND OSCAR ISAAC The Southern Reach Trilogy begins with Annihilation, the Nebula Award-winning novel that reads as if Verne or Wellsian adventurers exploring a mysterious

island had warped through into a Kafkaesque nightmare world (Kim Stanley Robinson). Area X has been cut off from the rest of the continent for decades. Nature has reclaimed the last vestiges of human civilization. The first expedition returned with reports of a pristine, Edenic landscape; the second expedition ended in mass suicide; the third expedition in a hail of gunfire as its members turned on one another. The members of the eleventh expedition returned as shadows of their former selves, and within weeks, all had died of cancer. In *Annihilation*, the first volume of Jeff VanderMeer's Southern Reach trilogy, we join the twelfth expedition. The group is made up of four women: an anthropologist; a surveyor; a psychologist, the de facto leader; and our narrator, a biologist. Their mission is to map the terrain, record all observations of their surroundings and of one another, and, above all, avoid being contaminated by Area X itself. They arrive expecting the unexpected, and Area X delivers—they discover a massive topographic anomaly and life forms that surpass understanding—but it's the surprises that came across the border with them and the secrets the expedition members are keeping from one another that change everything.

**We Answer to Another** David T. Koyzis, 2014-03-13 The quest to escape authority has been a persistent feature of the modern world, animating liberals and Marxists, Westerners and non-Westerners alike. Yet what if it turns out that authority is intrinsic to humanity? What if authority is characteristic of everything we are and do as those created in God's image, even when we claim to be free of it? What if kings and commoners, teachers and students, employers and employees all possess authority? This book argues that authority cannot be identified with mere power, is not to be played off against freedom, and is not a mere social construction. Rather it is resident in an office given us by God himself at creation. This central office is in turn dispersed into a variety of offices relevant to our different life activities in a wide array of communal settings. Far from being a

conservative bromide, the call to respect authority is foundational to respect for humanity itself.

**Good Authority** Jonathan Raymond, 2018-05-15 Society's current narrative of work/life balance is focusing on the wrong thing. It's not about benefit packages, flexible work hours or ping pong but rather changing the experience of work itself. As a leader, your number one priority should be to create a work environment where personal and professional growth are one in the same.

The Authority Book One Warren Ellis, 2020-12-22 This is the Authority. Pay allegiance, or get your head kicked in. Whether they're up against an invasion from an alternate Earth, an international terrorist who is laying waste to major cities, or a hostile alien intelligence who calls himself God, the Authority are ready for action. Collects The Authority #1-12, Planetary/The Authority: Ruling the World, and a story from WildStorm: A Celebration of 25 Years.

*The Problem of Political Authority* Michael

Huemer, 2012-10-29 The state is often ascribed a special sort of authority, one that obliges citizens to obey its commands and entitles the state to enforce those commands through threats of violence. This book argues that this notion is a moral illusion: no one has ever possessed that sort of authority.

**The Believer's Authority** Kenneth E. Hagin, 1985-02 A few of us have barely gotten to the edge of that authority, but before Jesus comes again, there's going to be a whole company of believers who will rise up and with the authority that is theirs, ...and they will do the work that God intended they should do.

**Authority and Democracy** April Carter, 1979

**The Authority Gap: Why Women Are Still Taken Less Seriously Than Men, and What We Can Do About It** Mary Ann Sieghart, 2022-02-08 An incisive, intersectional look at the

mother of all gender biases: a resistance to women's authority and power. Every woman has a story of being underestimated, ignored, challenged, or patronized in the workplace. Maybe she tried to speak up in a meeting, only to be talked over by male colleagues. Or a client addressed her male subordinate instead of her. These stories remain true even for women at the top of their fields; in the U.S. Supreme Court, for example, female justices are interrupted four times more often than their male colleagues—and 96 percent of the time by men. Despite the progress we've made toward equality, we still fail, more often than we might realize, to take women as seriously as men. In *The Authority Gap*, journalist Mary Ann Sieghart provides a startling perspective on the gender bias at work in our everyday lives and reflected in the world around us, whether in pop culture, media, school classrooms, or politics. With precision and insight, Sieghart marshals a wealth of data from a variety of disciplines—including psychology, sociology, political science, and business—and talks to pioneering women like Booker Prize winner Bernardine Evaristo, renowned classicist Mary Beard, U.S. Secretary of the Treasury Janet Yellen, and Hillary Clinton. She speaks with women from a range of backgrounds to explore how gender bias intersects with race and class biases. Eye-opening and galvanizing, *The Authority Gap* teaches us how we as individuals, partners, parents, and coworkers can together work to narrow the gap. Sieghart exposes unconscious bias in this fresh feminist take on how to address and counteract systemic sexism in ways that benefit us all: men as well as women.

**Authority** Richard Sennett, 1993 A master of the interplay between politics and psychology, Richard Sennett here analyzes the nature, the role, and the faces of authority--authority in personal life, in the public realm, authority as an idea. Why have we become so afraid of authority? What real needs for authority do we have--for guidance, stability, images of strength? What happens when our fear of and our need for authority come into

conflict? In exploring these questions, Sennett examines traditional forms of authority (The father's in the family, the lord's in society) and the dominant contemporary styles of authority, and he shows how our needs for, no less than our resistance to, authority have been shaped by history and culture, as well as by psychological disposition.

*Authority and the God Man* Dr. Vicky Gamage, 2022-08-01

Now is Your Chance to Change Your Life Explore the powers you have for gaining wisdom aEUR for self and selfless love and forgiveness. You may not be aware of the depth of your powers, perhaps you're just beginning your journey. Travel through these pages discovering how to acquire life giving wisdom. Learn true freedom for the chains life has thrust upon you. Connect the dots between your personal faith and the AUTHORITY who's always beside you every step of the way.

*Of Kings and Prophets* Mark Rutland, 2021-10-05 FROM NEW YORK TIMES BEST-SELLING AUTHOR Power is only as strong as the authority that sustains it. This book will help you be a better leader. It will help you receive a healthy dose of accountability through applied spiritual authority. The biblical prophets did not live or prophesy in a contextual vacuum. They spoke into real-life circumstances to real-life leaders such as kings, queens, governors, and generals. Drawing on biblical accounts, Dr. Mark Rutland shows how these interactions, sometimes in the form of advice but more often as dramatic confrontations, demonstrate the tension between heaven's authority and the princes of this world. Readers will discover that: God positions His messengers to confront and advise those who lead in the natural realm. Likewise, Satan is also working to position his own servants near the world's leaders hoping to steer them away from the things and plans of God. To whom those leaders listen will determine, to

a large extent, the fate of nations. God often positions His servants at the right elbow of leaders in a wide range of disciplines, from business to education to entertainment to politics. Every believer should be open to being God's prophetic voice in someone else's life, whether that person is a child, a boss, or a town councilman. Likewise, every believer should be in constant prayer for and humbly sensitive to wise counsel sent from God as a gift of grace. God makes and unmakes kings. When they can discern and listen to His voice, He sustains their well-wielded authority with His supernatural power.

*Harsh Realities* Robbie Morrison, Dwayne Turner, 2004 High above the planet, aboard a fifty-mile-wide alien vessel, The Authority - seven awesomely powerful meta-humans - act as bouncers for the Earth. If you threaten the life and liberty of its inhabitants, they'll get nasty in the pursuit of your blood.

Authority David Martyn Lloyd-Jones, 1958

Authorubewkpvv: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph.

Authorubewkpvv : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and

self-discovery. **Authorubewkpvv** : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. **The Secret History** is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
