Agriculture Blockchain Rika Ampuh Hadiguna,Tzong-Ru Lee, Lee-Chung Chen,Nirote Sinnarong,Olalekan Israel Aiikulola,Thanakorn Sirisugandha,Lin Jun,Sharbendu Banerjee,2022-07-21 [Foreword] The challenges in agriculture are rapidly increasing with the impact of climate change, land degradation and natural disasters. This is affecting the global food production and supply chain which has been aggravated due to Covid-19 pandemic and this calls for more resilient and sustainable food systems. The Asia-Pacific region which has the largest number of small holder farmers and is trying to meet the sustainable development goals of United Nations has lot of responsibilities to mitigate the challenges. In this scenario Blockchain Technology has come as a respite to contribute as one of the ways to mitigate the challenges. The benefits of Blockchain in agriculture include easy and cheap food batch recalls in case of emergencies, availability of the complete history of the product status, increased customer trust and loyalty, fairer payments, approved vendors, and proper compliance management. The global blockchain in agriculture and food supply chain market size estimated at USD 133 million in 2020 is expected to reach USD 948 million by 2025. Factors such as the increasing need to lower operational costs in financial transactions and the reduction of the number of layers required for data sharing and risk management and the regulatory compliances that automate and conduct only authorized transactions are driving the technology adoption. The key drivers to blockchain in agriculture and food supply chain market are an increase in demand for the agricultural produce output surge, the use of smart agriculture among the growers or producers, government initiatives to support modern techniques that can

be used in agriculture, and rising concerns for food safety among the consumers driving the increase in demand for the transparency in the supply chain. Increase in the popularity of blockchain among retailers/ distributors is due to rise in the tracking and tracing of various food products. Data management and data aggregation are major challenges in the precision farming market. The lack of standardization of the communication interfaces and protocols may result in the misrepresentation of the data. The present volume is intended to collate the information on the status of blockchain in the Asian region with various case studies. APAARIRI is grateful to its member the International Association of Agricultural Sustainability for joining hands in this venture and sincerely acknowledge all the contributors for their excellent chapters on various aspects of blockchain. We also acknowledge the support of Dr KS Varaprasad in his meticulous support in editing of the chapters. We also hope that the present volume will bring more awareness on the status and challenges of blockchain technology in the region to various stakeholders and may help in increased application of the technology. --Ravi Khetarpal, Executive Secretary, APAARI [Contents] Foreword Foreword Preface Preface Chapter 1: Halal Supply Chain 4.0 with Big Data and Blockchain - Rika Ampuh Hadiguna Chapter 2: The Application of Blockchain in Food Safety, Production and Marketing: Taiwan Perspective - Tzong-Ru Lee / Lee-Chung Chen Chapter 3: The Challenges of Agricultural Blockchain: A Review of Policy Steering and Actions in Thailand - Nirote Sinnarong / Olalekan Israel Aiikulola / Thanakorn Sirisugandha Chapter 4: Using Block Chain & Internet of Things (IoT) in Agri-Food Supply Chain Traceability - Lin Jun Chapter 5: Blockchain Technology for Inclusive Development of Agrarian Rural Economy -

Gender and Power in Indonesian Islam Bianca J. Smith, Mark Woodward, 2013-09-23
The traditional Islamic boarding schools known as pesantren are crucial centres of Muslim learning and culture within Indonesia, but their cultural significance has been underexplored. This book is the first to explore understandings of gender and Islam in pesantren and Sufi orders in Indonesia. By considering these distinct but related Muslim gender cultures in Java, Lombok and Aceh, the book examines the broader function of pesantren as a force for both redefining existing modes of Muslim subjectivity and cultivating new ones. It demonstrates how, as Muslim women rise to positions of power and authority in this patriarchal domain, they challenge and negotiate normative Muslim patriarchy while establishing their own Muslim authenticity. The book goes on to question the comparison of Indonesian Islam with the Arab Middle East, challenging the adoption of expatriate and diasporic Middle Eastern Muslim feminist discourses and secular western feminist analyses in Indonesian contexts. Based on extensive fieldwork, the book explores configurations of female leadership, power, feminisms and sexuality to reveal multiple Muslim selves in pesantren and Sufi orders, not only as centres of learning, but also as social spaces in which the interplay of gender, politics, status, power and piety shape the course of life.

Buku Ampuh Membaca Karakter dan Kepribadian Melalui Tulisan Tangan dan Tanda Tangan Asti Musman, Sony Adam, 2020-01-25 Sejak tahun 1990, banyak organisasi dan perusahaan Amerika menggunakan grafologi untuk proses perekrutan motivasi, dan pengujian personel mereka. Metode ini terus mereka gunakan hingga sekarang dalam setiap perekrutan karyawan di beberapa perusahaan besar. Selain hasilnya lebih akurat daripada tes psikologi, tes grafologi juga lebih bernilai ekonomis karena tidak perlu mengeluarkan biaya besar. Buku ini setidaknya mengulas tentang bagaimana penilaian tes grafologi dilakukan. Aspek apa saja yang bisa dinilai dalam tulisan setiap orang, misalnya besar huruf, tekanan, jarak antarkata, jarak antarkalimat, dan margin. Masing-masing tipe mencerminkan karakter yang berbeda-beda yang dapat dengan mudah dijadikan standar dalam penilaian rekrutmen karyawan. Selain tulisan tangan, buku ini juga mengulas dengan detail tentang tanda tangan dan kaitannya dengan kepribadian orang. Tanda tangan sering kali dianggap sebagai cerminan karakter seseorang. Lalu bagaimana cara menilainya? Apakah kemudian kita bisa mengubah jenis tulisan tangan dan tanda tangan untuk menghasilkan kepribadian yang lebih baik? Simak selengkapnya dalam buku ini!

The Real Home Is You Albian bella, 2020-05-04 Kehidupan ini ngga ada yang tahu siapa jodoh kita, kapan maut akan menjemput dan rejeki kapan diturunkan. Tapi ada satu hal itu yang saling berhubungan, jika ingin rezeki datang, maka menikahlah. Seperti halnya di kantin kantor. Tiba-tiba di tengah obrolan makan siang yang nyaman, seorang teman memberikan ide gila. Kenapa ngga Edo sama Elsa aja ya? Semua yang duduk di meja itu seketika menatap Edo dan Elsa bergantian. Tidak ada yang tersedak. Rata-rata memandang bolak-balik, Elsa yang cantik seperti artis India. Sedangkan Edo yang tinggi

berperawakan seperti tentara. Cocok-cocok gue dukung Emang lo ngga punya pacar Do? Kalo Elsa si jelas lagi jomblo Edo menggeleng. *** Saat malam pertama. Aku minta hak aku boleh malam ini? Elsa yang masih duduk di depan meja rias untuk membersihkan make up seketika terkejut. Dan langsung menatap suaminya dari balik kaca dengan horor. Aku ca- Aku udah nahan dari tadi, jawab Edo, hal yang mengagetkan wanita berambut panjang itu-lagi. Dia ko ngga malu si bilang itu. Elsa mau jawab apa coba. Mau ya, suami kamu ini butuh banget bantuan istrinya. Elsara Pramudita dan Jatmiko Edo Bagaskoro. Akan bersatu, belajar mencintai, menghargai dan belajar untuk tetap setia.

Practical and accessible, the book does not require religious practice or philosophy; it simply shows how to forgive in order to enhance self-esteem, be happier, and break free from limitations that can hold a person back.
