How to Be Sort of Happy in Law School Kathryn M. Young, 2018-08-07 Each year, over 40,000 new students enter America's law schools. Each new crop experiences startlingly high rates of depression, anxiety, fatigue, and dissatisfaction. Kathryn M. Young was one of those disgruntled law students. After finishing law school (and a PhD), she set out to learn more about the law school experience and how to improve it for future students. Young conducted one of the most ambitious studies of law students ever undertaken, charting the experiences of over 1000 law students from over 100 different law schools, along with hundreds of alumni, dropouts, law professors, and more. How to Be Sort of Happy in Law School is smart, compelling, and highly readable. Combining her own observations and experiences with the results of her study and the latest sociological research on law schools, Young offers a very different take from previous books about law school survival. Instead of assuming her readers should all aspire to law-review-and-big-firm notions of success, Young teaches students how to approach law school on their own terms: how to tune out the drumbeat of oppressive expectations and conventional wisdom to create a new breed of law school experience altogether. Young provides readers with practical tools for finding focus, happiness, and a sense of purpose while facing the seemingly endless onslaught of problems law school presents daily. This book is an indispensable companion for today's law students, prospective law students,

and anyone who cares about making law students' lives better. Bursting with warmth, realism, and a touch of firebrand wit, *How to Be Sort of Happy in Law School* equips law students with much-needed wisdom for thriving during those three crucial years.

**The Carter Family** Frank M. Young, David Lasky, 2012-12-15 A biographical graphic novel about the original superstar American folk music group, their lives, and their successes & struggles. *The Carter Family: Don't Forget This Song* is a rich and compelling original graphic novel that tells the story of the Carter Family—the first superstar group of country music—who made hundreds of recordings and sold millions of records. Many of their hit songs, such as “Wildwood Flower” and “Will the Circle Be Unbroken,” have influenced countless musicians and remain timeless country standards. *The Carter Family: Don't Forget This Song* is not only a unique illustrated biography, but a moving account that reveals the family's rise to success, their struggles along the way, and their impact on contemporary music. Illustrated with exacting detail and written in the Southern dialect of the time, its dynamic narrative is pure Americana. It is also a story of success and failure, of poverty and wealth, of racism and tolerance, of creativity and business, and of the power of music and love. Praise for *The Carter Family* Winner of the 2013 Eisner Award for Best Reality-Based Work “[A] charming, faithful, and resonant biography of the most influential trio in the history of American roots music. . . . Frank Young and David Lasky, on the other hand, will charm

the pants off you with a book full of characters who are all too human.” –The Comics Journal

*Uncultured* Daniella Mestyanek Young, 2022-09-20 A painful and propulsive memoir delivered in the honest tones of a woman who didn't always think she'd live to tell her story. –The New York Times A BuzzFeed Best Book of September In the vein of *Educated* and *The Glass Castle*, Daniella Mestyanek Young's *Uncultured* is more than a memoir about an exceptional upbringing, but about a woman who, no matter the lack of tools given to her, is determined to overcome. Behind the tall, foreboding gates of a commune in Brazil, Daniella Mestyanek Young was raised in the religious cult The Children of God, also known as The Family, as the daughter of high-ranking members. Her great-grandmother donated land for one of The Family's first communes in Texas. Her mother, at thirteen, was forced to marry the leader and served as his secretary for many years. Beholden to The Family's strict rules, Daniella suffers physical, emotional, and sexual abuse—masked as godly discipline and divine love—and is forbidden from getting a traditional education. At fifteen years old, fed up with The Family and determined to build a better and freer life for herself, Daniella escapes to Texas. There, she bravely enrolls herself in high school and excels, later graduating as valedictorian of her college class, then electing to join the military to begin a career as an intelligence officer, where she believes she will finally belong. But she soon learns that her new world—surrounded by men on the sands of

Afghanistan—looks remarkably similar to the one she desperately tried to leave behind. Told in a beautiful, propulsive voice and with clear-eyed honesty, *Uncultured* explores the dangers unleashed when harmful group mentality goes unrecognized, and is emblematic of the many ways women have to contort themselves to survive.

Whitney M. Young, Jr., and the Struggle for Civil Rights Nancy Joan Weiss, 2014-07-14 Whitney M. Young, Jr., the charismatic executive director of the National Urban League from 1961 to 1971, bridged the worlds of race and power. The inside man of the black revolution, he served as interpreter between black America and the businessmen, foundation executives, and public officials who constituted the white power structure. In this stimulating biography, Nancy J. Weiss shows how Young accomplished what Jesse Jackson called the toughest job in the black movement: selling civil rights to the nation's most powerful whites. With race at center stage in American national politics, Young brought the National Urban League into the civil rights movement and made it a force in the major events and debates of the decade. Within the civil rights leadership, he played an important role as strategist and mediator. A black man who grew up in a middle class family in the segregated South, Young spent most of his adult life in the white world, transcending barriers of race, wealth, and social standing to advance the welfare of black Americans. His goals were to gain access for blacks to good jobs, education, housing, health care, and social services; his tactics were

reason, persuasion, and negotiation. He understood keenly the value to the movement of creative tension between moderates and militants, and he took good advantage of that understanding to promote his aims. Andrew Young said of Whitney Young that he knew the high art of how to get power from the powerful and share it with the powerless. How he managed that, and with what consequence, is the central theme of this book. Originally published in 1990. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Revenge Runs Deep Pat Young, 2019-05 Your boss is a bully. How far would you go to get revenge? Thomas Smeaton is a powerful man who makes life a living hell for his employees. When his bullying drives a woman to suicide, three of her colleagues decide it is time to take action before Smeaton destroys any more good people. Six months later, a car is found submerged in a reservoir, with a single body inside. Suicide? Or murder? Two people were there the night that car rolled into the depths of Loch Etrín. And one is still missing.

**Radiant Child** Javaka Steptoe, 2016-11-08 Winner of the Randolph Caldecott

Medal and the Coretta Scott King Illustrator Award Jean-Michel Basquiat and his unique, collage-style paintings rocketed to fame in the 1980s as a cultural phenomenon unlike anything the art world had ever seen. But before that, he was a little boy who saw art everywhere: in poetry books and museums, in games and in the words that we speak, and in the pulsing energy of New York City. Now, award-winning illustrator Javaka Steptoe's vivid text and bold artwork echoing Basquiat's own introduce young readers to the powerful message that art doesn't always have to be neat or clean--and definitely not inside the lines--to be beautiful.

**D C-T!** Joana Avillez, Molly Young, 2018-05-01 A joy-inducing illustrated book about New York City in the ingenious style of William Steig's classic CDB! Just as there are few cities as storied and replete with life as New York City, there are few illustrators or writers who have charmed as many generations as William Steig. To Molly Young and Joana Avillez, a connection between the two seemed obvious, and so D C-T! (The City!) was born. Using a playful phonetic language first invented by Steig in his now classic 1968 book CDB!--but which in today's world of text message and internet shorthand feels uncannily contemporary--Young and Avillez tell a different story on each page of this collection of illustrations stuffed to brim with humor and

cleverness: • S L-I-F! (It's alive!) A boy shouts gleefully at a pile of rubbish seething with rats • I M B-Z (I'm busy) Declares the phone-wielding businesswoman to the would-be mugger • R U I? (Are you high?) Asks the clerk at a bodega to the blissed out shopper Brought to life in Avillez's distinctively ebullient and droll style are precocious pets and pet-owners, iconic architecture, and startlingly intrepid anthropomorphic rats. At once recognizable, and imagined like never before, are the surprising, intoxicating, and not-always-entirely-welcome sights, sounds, and smells of New York City. Full of wit, romance, and sheer delight, D C-T! is both an affectionate portrait of the visual cornucopia that is New York City and a gracious love letter to the great William Steig, sure to enchant readers young and old alike just as his work has for half a century.

*I Am Young* M. Dean, 2018-10-31 This story is told in dual perspective by Miriam (a second-generation Iranian immigrant living in Edinburgh with her family) and George (a visitor from Wales). Their relationship throughout the decades mirrors the Beatles's. In the other stories in this book, thematically bound by relationship flux and the impact of culture, Dean experiments beautifully with style and storytelling devices in each piece.

**Generation M** Shelina Janmohamed, 2016-08-30 What does it mean to be young and Muslim today? There is a segment of the world's 1.6 billion Muslims that is more influential than any other, and will shape not just the future of Muslims, but also the world around them: meet 'Generation M'. From fashion

magazines to social networking, the 'Mipsterz' to the 'Haloodies', halal internet dating to Muslim boy bands, Generation M are making their mark. Shelina Janmohamed, award-winning author and leading voice on Muslim youth, investigates this growing cultural phenomenon at a time when understanding the mindset of young Muslims is critical. With their belief in an identity encompassing both faith and modernity, Generation M are not only adapting to Western consumerism, but reclaiming it as their own.

**Subduction** Kristen Millares Young, 2020-04-14 "Utterly unique . . . examines themes of love, intrusion, loss, community and trust against a backdrop of a Makah reservation in the Pacific Northwest." —Ms. Magazine Selected as a Staff Pick by The Paris Review Silver Medal winner in the Independent Publisher Book Awards in Multicultural Fiction Fleeing the shattered remains of her marriage and treachery by her sister, a Latina anthropologist named Claudia takes refuge in Neah Bay, a Native whaling village on the jagged Pacific coast. Claudia yearns to lose herself to the songs of the tribe and the secrets of a spirited hoarder named Maggie. Instead, she stumbles into Maggie's prodigal son Peter, who, spurred by his mother's failing memory, has returned seeking answers to his father's murder. Claudia helps Peter's family convey a legacy delayed for decades by that death, but her presence, echoing centuries of fraught contact with indigenous peoples, brings lasting change

and real damage. Through the ardent collision of Peter and Claudia, Subduction portrays not only their strange allegiance after grievous losses but also their shared hope of finding solace and community on the Makah Indian Reservation. An intimate tale of stunning betrayals, Subduction bears witness to the power of stories to disrupt—and to heal. “Young beautifully and vividly renders the Pacific Northwest, particularly the unique world of Neah Bay. Subduction is at once a thought-provoking meditation on the geography and geology of the natural world and a generous exploration of the natural shifts and movements that shape her characters.” –Jonathan Evison, New York Times-bestselling author of *Legends of the North Cascades*

*Oregon Trail* Frank Young, 2011-07-05 Based on their extensive research into personal accounts of the Oregon Trail, comic authors David Lasky and Frank Young have created a graphic narrative of one family's epic journey. The main character is an 11-year-old girl whose family sets course for the West to seek new opportunities and to escape the eastern city where they had been living. *Oregon Trail* reveals all of the planning, equipment, and logistics that went into traveling across an untamed continent in the 1800s. In addition to its visualization of the family's journey, the book features a series of two-page spreads detailing a visual inventory of everything the family took with them, including the parts of a covered wagon and a personally annotated map of the trail. Readers get a ground-level feel for what it was like to be part of this storied migration west—not a dry

recitation of dates and facts, but an immediately memorable living history.

**The Shack** Wm. Paul Young, 2017-09-26 After his daughter's murder, a grieving father confronts God with desperate questions -- and finds unexpected answers -- in this riveting and deeply moving #1 NYT bestseller. When Mackenzie Allen Phillips's youngest daughter Missy is abducted during a family vacation, he remains hopeful that she'll return home. But then, he discovers evidence that she may have been brutally murdered in an abandoned shack deep in the Oregon wilderness. Four years later, in this midst of his great sadness, Mack receives a suspicious note that's supposedly from God, inviting him back to that shack for a weekend. Against his better judgment, he arrives on a wintry afternoon and walks back into his darkest nightmare. What he finds there will change his life forever.

Lies We Believe About God Wm. Paul Young, 2017-03-07 From the author of the bestselling novel *The Shack* and the New York Times bestsellers *Cross Roads* and *Eve* comes a compelling, conversational exploration of twenty-eight assumptions about God—assumptions that just might be keeping us from experiencing His unconditional, all-encompassing love. In his wildly popular novels, Wm. Paul Young portrayed the Triune God in ways that challenged our thinking—sometimes upending long-held beliefs, but always centered in the

eternal, all-encompassing nature of God's love. Now, in Wm. Paul Young's first nonfiction book, he invites us to revisit our assumptions about God—this time using the Bible, theological discussion, and personal anecdotes. Paul encourages us to think through beliefs we've presumed to be true and consider whether some might actually be false. Expounding on the compassion fans felt from the "Papa" portrayed in *The Shack*—now a major film starring Sam Worthington and Octavia Spencer—Paul encourages you to think anew about important issues including sin, religion, hell, politics, identity, creation, human rights, and helping us discover God's deep and abiding love.

*Mind, Brain, and Adaptation in the Nineteenth Century* Robert Maxwell Young, 1990 The author examines ideas of the nature and localization of the functions of the brain in the light of the philosophical constraints at work in the sciences of mind and brain in the 19th century. Particular attention is paid to phrenology, sensory-motor physiology and associationist psychology.
