*Public-Key Cryptography and Computational Number Theory* Kazimierz Alster, Jerzy Urbanowicz, Hugh C. Williams, 2011-06-24 The Proceedings contain twenty selected, refereed contributions arising from the International Conference on Public-Key Cryptography and Computational Number Theory held in Warsaw, Poland, on September 11-15, 2000. The conference, attended by eightyfive mathematicians from eleven countries, was organized by the Stefan Banach International Mathematical Center. This volume contains articles from leading experts in the world on cryptography and computational number theory, providing an account of the state of research in a wide variety of topics related to the conference theme. It is dedicated to the memory of the Polish mathematicians Marian Rejewski (1905-1980), Jerzy Różycki (1909-1942) and Henryk Zygalski (1907-1978), who deciphered the military version of the famous Enigma in December 1932 January 1933. A noteworthy feature of the volume is a foreword written by Andrew Odlyzko on the progress in cryptography from Enigma time until now.

**The Incredible Power of Kingdom Authority** Adrian Rogers, 2002-09-15 The world is obsessed with power. But the Bible reveals the most awesome power of all: that of kingdom authority—the same power unleashed when God raised Jesus Christ from the grave. The good news is that this same power—the greatest power in the universe—is available to every believer today. But most Christians never experience this power. They live in darkness and defeat of the world and its weaknesses. Satan and his minions work to keep them from the inheritance that is theirs. But Adrian Rogers can show readers how to become a part of the awesome power of God's working in the world to build his kingdom.

**The Cost of Authority** Graham Shaw, 1983

*Authority* E. D. Watt, 1982

*All Authority in Heaven and on Earth* Ron Craig, 2009-10-27 Due to the many misunderstandings regarding the subject of authority in both the world and the church today, this book had to be written to dispel many of those dubious ideas about, and misuses of, authority in both realms. In place of such erroneous concepts and practices, this book offers literally hundreds of Scripture passages that address the issue with divine truth, which cannot be lightly dismissed. Thus, this book dispels the prevailing darkness surrounding that subject by turning on the gospel light. All those who are honest with themselves and God will surely read and heed!

Trends in European Tourism Planning and Organisation Carlos Costa, Emese Panyik, Dimitrios Buhalis, 2013-09-27 Written by leading international tourism researchers, this book examines the key trends in European tourism planning and organisation. It introduces a theoretical framework to tourism planning and organisation using a procedural and structural approach. It also identifies leading and emerging practices and offers a new vision for European tourism planning.

**A Closer Look at Authority: Examining Every Greek Word Authority Is Translated from** Ralph Good, 2019-03-26 A Closer Look at Authority investigates and identifies God's true purpose, responsibly and qualifying characteristics for authority in the Church. As well as Satan's abuse and misuse of God's authority by false preachers that separate people from God, enslaving people to follow false teachings, selfish ambitions and traditions of men. This study includes every Greek word authority is translated from; Seven in the KJV, twelve in the NKJV, and lists all the English words they are translated too in every verse in the Bible along with their definitions. What is most shocking! The Greek word most often translated to authority happens to be the Greek word second most often translated to power. This very same Greek word in scripture defines the power and authority of God, Jesus Christ, disciples, believers, as well as, the power of Satan, the devil, the Beast and the kingdom of darkness.

**Authority and Its Enemies** Thomas Molnar, 2017-09-20 Ideological warfare against authority, especially in the world of higher education, broke out in the 1960s, and continues into the 1990s. No source or symbol of authority escaped untouched—neither parents nor teachers nor the cop on the beat. While the hippies have gone underground or disappeared entirely, the assault on legitimate authority continues unabated. As familiar institutions crumble before our eyes, befuddled liberals and conservatives alike throw up their hands in despair. In *Authority and Its Enemies*, Thomas Molnar asserts that the Western world is reeling from an overdose of freedom without order or authority.

**Advances in Cryptology - ASIACRYPT 2000** Tatsuaki Okamoto, 2003-06-26 ASIACRYPT 2000 was the sixth annual ASIACRYPT conference. It was sponsored by the International Association for Cryptologic Research (IACR) in cooperation with the Institute of Electronics, Information, and Communication Engineers (IEICE). The first conference with the name ASIACRYPT took place in 1991, and the series of ASIACRYPT conferences were held in 1994, 1996, 1998, and 1999, in cooperation with IACR. ASIACRYPT 2000 was the first conference in the series to be sponsored by IACR. The conference received 140 submissions (1 submission was withdrawn by the authors later), and the program committee selected 45 of these for presentation. Extended abstracts of the revised versions of these papers are included in these proceedings. The program also included two invited lectures by Thomas Berson (Cryptography Everywhere: IACR Distinguished Lecture) and Hideki Imai (CRYPTREC Project – Cryptographic Evaluation Project for the Japanese Electronic Government). Abstracts of these talks are included in these proceedings. The conference program also included its traditional “rump session” of short, informal or impromptu presentations, kindly chaired by Moti Yung. Those presentations are not reflected in these proceedings. The selection of the program was a challenging task as many high quality submissions were received. The program committee worked very hard to evaluate the papers with respect to quality, originality, and relevance to cryptography. I am extremely grateful to the program committee members for their enormous investment of time and effort in the difficult and delicate process of review and selection.

**Kingdom Authority** Kynan Bridges, 2015-05-09 Even as a young boy, Kynan Bridges understood that he was not alone in this world. He sensed the presence of God, but when he rededicated his life to Jesus in 1996, he also encountered the dark side of the spiritual realm firsthand. For several months, he was tormented by nightmares, demonic attacks, and the spirit of fear. Little did he know that such demonic attacks on the mind and body were not unique to him. Many people in the church battle with the realm of darkness, yet they remain silent and therefore stuck in its throes, with no knowledge of how to achieve victory. One night, feeling suffocated in his sleep, Kynan called on the only name he knew to call upon: the name of Jesus. Instantly, he was set free from the tyrannical grip of the devil. In that moment, he realized that he had authority over the enemy because the name of Jesus is more than a word used casually in Sunday school—it is the embodiment of the sovereign power of the kingdom of God. Kingdom Authority provides deep biblical insight into the authority that you possess as a child of God. You will discover how to invoke God's Word and the name of Jesus to gain victory over the enemy and take dominion over the powers of darkness and their torments, finding

freedom from fear, depression, lust, sickness, poverty, and bondage of all types.

Use it for defence, appeal or to challenge any claim made upon you.”--Publisher’s Notes.

**Authority Abusers** George G. Bloomer,2002 God's design for authority has been misunderstood, twisted, and manipulated. Bishop George Bloomer shows you the key to breaking free from the bondage of spiritual abuse.
