Rebirth of A Woman Matthew S. Santana Jr.,2023-04-08 Are you unapologetically or apologetically you? Yes, this is my rebirth! The alteration has been so profound that I feel as if I have been reborn. Only in a safe environment can we dare to be vulnerable. We all require a secure area in which to open up - to settle into ourselves and live our truth. It is my earnest view that everyone of us must accept our unique emotional experiences during our lives on Earth. By embracing our emotions, we learn to embrace ourselves as well as acknowledge who we are. We get to see ourselves flourish as we radiate our real beauty - shamelessly - as we begin to welcome who we are, Unapologetically . Embrace your truth.

Unquiet Spirits Lee Murray,Angela Yuriko Smith,2023-02-14 From hungry ghosts, vampiric babies, and shapeshifting fox spirits to the avenging White Lady of urban legend, for generations, Asian women's roles have been shaped and defined through myth and story. In *Unquiet Spirits*, Asian writers of horror reflect on the impact of superstition, spirits, and the supernatural in this unique collection of 21 personal essays exploring themes of otherness, identity, expectation, duty, and loss, and leading, ultimately, to

understanding and empowerment.

Why Art Criticism? A Reader Julia Voss, Beate

Söntgen, 2022-04-20 How is art criticism to be understood within an expanding artistic field? A look at its history and its manifestations within globalized conditions shows the variety of the genre, of the criteria and of the styles of writing. This reader is an attempt to bring a diverse range of art-critical voices and perspectives into conversation with each other, with texts from the 18th century to the present. The editors Beate Söntgen and Julia Voss have invited colleagues from various geographical and intellectual backgrounds to present and discuss the art critics of their choice, choosing one example from their respective bodies of work to comment upon. How have these writers approached art criticism? Which styles do they employ? What makes them extraordinary? What can we learn from their writings today, and why is it important in its contemporary context? BEATE SÖNTGEN (*1963) is professor of art history at Leuphana University Lüneburg. She studied art history, philosophy, and modern German literature in Marburg and Berlin. She is director of the DFG Research Training Group Cultures of Critique: Forms, Media, Effects and co-director of the program PriMus - Doctoral Studies in Museums. JULIA

VOSS (*1974) is an honorary professor at Leuphana University Lüneburg. She studied art history, modern German literature, and philosophy in Berlin and London. She is herself an art critic and journalist and was deputy head of the arts section of the Frankfurter Allgemeine Zeitung.

The Perfect Name Jeanine Cox, 2004 Offers advice on choosing a baby name and includes origins, meanings, and trivia for more than twenty thousand names from around the world.

The Great Women Cartoonists Trina Robbins, 2001 Robbins began her cartooning career in the underground in 1966, and has become not only a major artist but the foremost pop historian of women in comics. To keep her survey to a reasonable size, she has neglected cartoons writers unless they were working with a cartoonist, and defines cartoons as two or more panels, continuity, or speech balloons inside the panel. c. My Life Next Door Huntley Fitzpatrick, 2012 When Samantha, the 17-year-old daughter of a wealthy, perfectionistic, Republican state senator, falls in love with the boy next door, whose family is large, boisterous, and just making ends meet, she discovers a

different way to live. But after her mother is involved in a hit-and-run accident, Sam must make some difficult choices.

Fairest Flesh K. P. Kulski, 2020-11-28 In 16th century Hungary, there is a story about rage and powerlessness, of beauty and death. A story that not only belongs to the Countess Erszébet Báthory but to every woman. Hoping to leave behind a lonely and abusive childhood, the witch Dorottya sets out to find a new life outside of her solitary woods. Ugliest I've ever seen. Habsburg Emperors play puppet of the Hungarian nobles while the Ottoman Sultans encroach ever closer. War and cruelty are ways of life. Women borrow power with their youth and desirability, like nobility and riches, a waning commodity that only some are lucky to have. They'll see and hate you. Everyone will hate you. Unable to escape the memory of her dead mother, Dorottya discovers a new voice that promises her everything she's ever wanted. Horrid to look upon. With the falling-sickness worsening, Lady Báthory becomes desperate for power over her own life, crashing headlong into rages and violent outlets. Pretty castle maids go missing leaving behind collections of blood-soaked linens. Make me perfect. As years pass, all of Sárvár town knows that the castle overlooking their homes is a place that swallows the lives of young

women. Even the beautiful Anna knows that, but she has a secret and a deep need to find out the truth.

Dark Breakers C. S. E. Cooney, 2022-02-15 World Fantasy Award finalist for Best Story Collection Locus Award finalist for Best Story Collection “Welcome to a Gilded Era like you’ve never before known and will never be able to forget ...If Titania herself were to commission a book, it would be this one.” —Fran Wilde, two-time Nebula Award-winning author of *Updraft* and *Riverland* Cooney’s lush follow-up to *Desdemona* and *the Deep* offers five stories linked by an intricate shared world ... Throughout, Cooney’s descriptions are extravagant and gorgeous, and the musical cadence of her prose makes it exceptionally easy to be drawn into the worlds she weaves ... Romantic fantasy readers will find a lot to love. —Publishers Weekly A young human painter and an ageless gentry queen fall in love over spilled wine—at the risk of his life and her immortality. Pulled into the Veil Between Worlds, two feuding neighbors (and a living statue) get swept up in a brutal war of succession. An investigative reporter infiltrates the Seafall City Laundries to write the exposé of a lifetime, and uncovers secrets she never believed possible. Returning to an oak grove to scatter

her husband's ashes, an elderly widow meets an otherworldly friend, who offers her a momentous choice. Two gentry queens of the Valwode plot to hijack a human rocketship and steal the moon out of the sky. Dark Breakers gathers three new and two previously uncollected tales from World Fantasy Award-winning writer C. S. E. Cooney that expand on the thrice-enfolded worlds first introduced in her Locus and World Fantasy award-nominated novella Desdemona and the Deep. In her introduction to Dark Breakers, Crawford Award-winning author Sharon Shinn advises those who pick up this book to settle in for a fantastical read full of vivid world-building, with layer upon layer of detail; prose so dense and gorgeous you can scoop up the words like handfuls of jewels; a mischievous sense of humor; and a warm and hopeful heart. “C. S. E. Cooney’s prose is like a cake baked by the fairies—beautifully layered, rich and precise, so delicious that it should be devoured with a silver fork.” —Theodora Goss, World Fantasy and Mythopoeic Award-winning author of The Extraordinary Adventures of the Athena Club series “Dark Breakers is compounded of voluptuous invention and ferocious structural loves—for new romances and old friends, for the works of hands, for mortality and its gifts, and all the possibilities of worlds bleeding, weeping,

wandering into each other's arms.” —Kathleen Jennings, World Fantasy Award-winning author of *Flyaway* “Few people create worlds as lavish and sensual as those to spring from Cooney's effervescent imagination. Her writing isn't so much inspirational, but inspiration itself: gentry-magic spun into pages and paragraphs of glittering, fizzing, jaw-dropping beauty.” —Cassandra Khaw, British Fantasy Award-nominated author of *The All-Consuming World*

MORE PRAISE FOR C. S. E. COONEY C. S. E. Cooney is one of the most moving, daring, and plainly beautiful voices to come out of recent fantasy. She's a powerhouse with a wink in her eye and a song in each pocket. —Catherynne M. Valente, *New York Times*-bestselling author of *Space Opera* C. S. E. Cooney's imagination is wild and varied, her stories bawdy, horrific, comic, and moving—frequently all at the same time. —Delia Sherman, author of *The Evil Wizard Smallbone* C. S. E. Cooney is a master piper, playing songs within songs. Her stories are wild, theatrical, full of music and murder and magic. —James Enge, author of *Blood of Ambrose* Newcomers will find Cooney's glittering narrative skills and vivid worldbuilding addictive, her diverse characters intriguing, and her message of justice and freedom stirring. —Publishers Weekly

is faced with two life-changing revelations. One: She has a half-brother she knew nothing about. Two: She's expecting a baby. Her brother is clearly the result of an affair, and she's having the baby with a man who, despite being in a relationship with Nancy for over two years, shows absolutely no signs of commitment. He's not even in the same country as her right now. Nancy's half-sister Rita is furious with their father and wants nothing to do with their new-found brother. But Nancy is intrigued... In a tumult of grief, bewilderment, fear and hope, she is eager to meet Oliver and find the answer to what really makes a family. And in a few months' time, who is going to step up and help her bring up a baby?

Grotesque: Monster Stories Lee Murray,2022-07-29 In a collection inspired by the mythologies of Europe, China, and her beloved Aotearoa-New Zealand, four-time Bram Stoker Award®-winner Lee Murray twists and subverts ancient themes, stitching new creatures from blood and bone, hiding them in soft forest

mists and dark subterranean prisons. In this volume, construction workers uncover a hidden tunnel, soldiers wander, lost after a skirmish, and a dead girl yearns for company. Featuring eleven uncanny tales of automatons, zombies, golems, and dragons, and including the Taine McKenna adventure “Into the Clouded Sky”, Murray’s *Grotesque: Monster Stories* breathes new life into the monster genre.

Three Days in the Pink Tower E. V. Knight, 2022-07 Josey Claypool begins the summer before her senior year at a carnival, where a fortune teller with milky-white eyes gives her a foreboding tarot reading. She's spooked, but nothing could prepare her for the following day when two strange men show up at her front door. Josey is kidnapped at gunpoint and brought to a pink cabin in the woods where she is held prisoner. In her darkest moment, the fortune teller appears and gives her a deck of tarot cards, which she must cast and interpret in a fight for her life. In this work of speculative autofiction, award-winning author EV Knight reclaims the narrative of her own past in an exploration of trauma, agency, and survival.

Ylesia: Star Wars Legends Walter Jon Williams, 2002-09-03 No Star Wars fan will want to miss this exciting eBook exclusive

adventure from Nebula Award-winner Walter Jon Williams, author of the Star Wars The New Jedi Order hardcover novel, *Destiny's Way*. That's Jedi Knight Kyp Durrón's opinion about the planet Ylesia, home base of the so-called Peace Brigade, a group of traitors dedicated to hindering the war efforts of the New Republic and hastening the ultimate victory of the merciless Yuuzhan Vong. Kyp's plan calls for a lightning-fast strike, backed with overwhelming force, to destroy the Brigade's offensive capabilities and teach prospective traitors that betrayal carries a heavy price. But young Jacen Solo, still bearing the scars of his imprisonment by the Yuuzhan Vong, has a better idea: a daring raid into the heart of Ylesia's capital, with the objective of capturing the Brigade's top leaders—including the newly sworn-in President, Thrackan Sal-Solo, cousin to Jacen and his twin, Jaina. But unknown to the Jedi and the New Republic forces, Supreme Overlord Shimrra of the Yuuzhan Vong has dispatched reinforcements to the Ylesia system. Instead of a swift surgical strike, Jaina, Jacen, Kyp, and their comrades are about to find themselves locked in a desperate battle for survival, with the odds stacked against them and time running out. . . . BONUS: This original novella includes an exclusive excerpt from *Star Wars: New*

Jedi Order: Force Heretic I: Remnant and an interview with the author.

Black Cranes: Tales of Unquiet Women Nadia

Bulkin, 2023-03-23 Almond-eyed celestial, the filial daughter, the perfect wife. Quiet, submissive, demure. In *Black Cranes*, Southeast Asian writers of horror both embrace and reject these traditional roles in a unique collection of stories which dissect their experiences of 'otherness,' be it in the colour of their skin, the angle of their cheekbones, the things they dare to write, or the places they have made for themselves in the world. *Black Cranes* is a dark and intimate exploration of what it is to be a perpetual outsider. Praise for *Black Cranes* A varied and fascinating collection of monsters, full of dazzling landscapes and writers to watch.-E. Lily Yu author *On Fragile Waves* As haunting and versatile as the Chinese erhu, the stories in *Black Cranes* pluck and bow the strings of the Southeast Asian experience with insightful depth and resonance. -Tori Eldridge, author of the Lily Wong series The preconceived notions of both the authors' identities and of the limitations of the horror genre itself will be smashed to pieces, to the delight of readers. -Library Journal A bloody-toothed smile hidden behind the hand of propriety and

social expectation.-Pseudopod Resonates with bold originality throughout. -Space & Time Magazine The beauty of this collection is in the diversity of the voices and the individuality and uniqueness of each story coming together in one book. -Tor Nightfire Lyrical and haunting prose... This is dark, reflective fiction at its best. -
