*Memories of Baku* Nicolas V. Iljine, 2013 *Memories of Baku* is the visual retelling of the rich history of the capital of Azerbaijan and the country's rise to power as one of the largest oil producing nations in the world. This publication showcases the unique socio-economic cultural and political situation of Baku in the late nineteenth and early twentieth centuries, presented alongside aspects of Baku culture in the forms of architecture, music, theater and the visual arts. Embellished with photographs, advertisements and postcard views of the once-opulent city, *Memories of Baku* reaches beyond the classical stereotypes of Azerbaijan as the land of fire, focusing instead on what are considered the more formative elements of Baku's community. The postcard illustrations included in this collection are derived from the personal collection of editor Nicolas V. Iljine, who has developed a passion for discovering and sharing these impressions of an antiquated city with the public.

Naturopathic Physical Medicine Leon Chaitow, 2008-05-30 *NATUROPATHIC PHYSICAL MEDICINE* provides a philosophical naturopathic perspective, as well as practical clinical applications, for manual and physical approaches to health care. A wide range of bodywork and movement approaches and modalities are evaluated in relation to their ability to be appropriately used in naturopathic treatment and rehabilitation settings. The model of care emphasised in this text recognizes that naturopathically oriented therapeutic interventions usually focus on achieving one or all of the following: enhancement of function so that the person, system or part, can better self-regulate in response to adaptive demands; modification or removal of adaptive load factors; and symptomatic relief without creation of significant additional adaptive changes.
