Unraveling Bias Christia Spears Brown,2021-11-30 NATIONAL INDIE EXCELLENCE AWARD WINNER – PARENTING & FAMILY • 2022 IPPY AWARDS GOLD MEDALIST – PARENTING “Timely, informative, thought-provoking, inspirationally motivating.” —Midwest Book Review [Brown] offers pragmatic advice for teachers on how to stand up for diversity and inclusiveness in the classroom. —San Francisco Book Review We need only scan the latest news headlines to see how bias and prejudice harm adults and children alike—every single day. Police shootings that give rise to the Black Lives Matter revolution . . . rampant sexual harassment of women and the subsequent #MeToo movement . . . extreme violence toward trans men and women. It would be easy to fix these problems if the examples stopped with a few racist or sexist individuals, but there are also biases embedded in our government policies, media, and institutions. As a developmental psychologist and international expert on stereotypes and discrimination in children, Dr. Christia Spears Brown knows that biases and prejudice don’t just develop as people become adults (or CEOs or politicians). They begin when children are young, slowly growing and exposed to prejudice in their classrooms, after-school activities, and, yes, even in their homes, no matter how enlightened their parents may consider themselves to be. The only way to have a more just and equitable world—not to mention more broad-minded, empathetic children—is for parents to closely examine biases beginning in childhood and how they infiltrate our kids’ lives. In her new book *Unraveling Bias: How Prejudice Has Shaped Children for Generations and Why It’s Time to Break the Cycle*, Dr. Brown will uncover what scientists have learned about how children are impacted by biases, and how we adults can help protect them from those biases. Part science, part history, part current events, and part call to arms, *Unraveling Bias* provides readers with the answers to vital questions: • How do biased policies, schools, and media harm our children? • Where does childhood prejudice come from, and how do these prejudices shape children’s behavior, goals, relationships, and beliefs about themselves? • What can we learn from modern-day science to help us protect our children from these biases? Few issues today are as critical as being aware of bias and prejudice all around us and making sure our kids don’t succumb to them. To change lives and advance society, it’s time to unravel our biases—starting with the future leaders of the world.

Statistical Abstract of the United States 2007 Bernan Press,2007-02 The Statistical Abstract of the United States is one of the most reliable and popular statistical references in existence. The Bernan Press Library Edition presents the complete, official content of the Statistical Abstract in an easily readable format - with 25 percent larger type than in the U.S. government edition - and with a sturdy binding designed to withstand heavy use in libraries.

The Legal Protection of Foreign Investment Wenhua Shan,2012-06-14 The law of foreign investment is at a crossroads. In the wake of an unprecedented global financial crisis and a sharp surge of investment arbitration cases, states around the world are reflecting on the pros and cons of the current liberal investment regime and exploring new ways ahead. This book brings together leading investment lawyers from more than 20 main jurisdictions of the world to tackle the challenge of producing a first comparative study of foreign investment law. Based on the General and National Reports presented at the 'Protection of Foreign Investment' Session at the 18th International Congress of the International Academy of Comparative Law (Washington DC, July 2010), the book is a unique resource for investment lawyers. Part I of the book presents a comparative overview of key aspects of foreign investment protection in the world today, including admission, investment contracts, treatment standards, tax regime and incentives, performance requirement, property and expropriation, monetary transfer and dispute settlement. Part II presents in-depth and detailed accounts of the investment laws of more than 20 jurisdictions, including Argentina, Australia, Canada, China, Croatia, Czech Republic, Ethiopia, France, Germany, Greece, Italy, Japan, South Korea, Macau, Peru, Portugal, Russia, Singapore, Slovenia, Turkey, the UK and the USA. The book will be an invaluable guide to legal and business communities with an interest in the law and practice of foreign investment in the world in general and in these jurisdictions in particular.

Think Bayes Allen B. Downey,2021-05-18 If you know how to program, you're ready to tackle Bayesian statistics. With this book, you'll learn how to solve statistical problems with Python code instead of mathematical formulas, using discrete probability distributions rather than continuous mathematics. Once you get the math out of the way, the Bayesian fundamentals will become clearer and you'll begin to apply these techniques to real-world problems. Bayesian statistical methods are becoming more common and more important, but there aren't many resources available to help beginners. Based on undergraduate classes taught by author Allen B. Downey, this book's computational approach helps you get a solid start. Use your programming skills to learn and understand Bayesian statistics Work with problems involving estimation, prediction, decision analysis, evidence, and Bayesian hypothesis testing Get started with simple examples, using coins, dice, and a bowl of cookies Learn computational methods for solving real-world problems

Toward a North American Legal System J. McHugh,2012-10-31 Toward a North American Legal System is a collection of scholarship that looks at a timely issue in public policy. Two decades after NAFTA, the team assembled by James T. McHugh works through both philosophical and practical questions related to a possibly more integrated legal system on the North American continent.

Treaties in Force 2011: A List of Treaties and Other International Agreements of the United States in Force on January 1, 2011: A List of Treaties and State Dept (U S),2011-09 Lists treaties and other international agreements of the United States on record in the Department of State on January 1, 2011 which had not expired by their terms or which had not been denounced by the parties, replaced or superseded by other agreements, or otherwise definitely terminated. Treaties in Force United States Department of State - Office of the Legal Adviser,2014-04-08 *Treaties in Force* is prepared by the Department of State for the purpose of providing information on treaties and other international agreements to which the United States has become a party and which are carried on the records of the Department of State as being in force as of its stated publication date, January 1, 2013. With respect to treaties and agreements in force as of January 1, 2013, information regarding status is up to date as of the date indicated as authoritative. The term “treaty” as a matter of U.S. constitutional law denotes international agreements made by the President with the advice and consent of the Senate in accordance with Article II, section 2 of the Constitution of the United States. In addition to such “treaties”, this publication covers international agreements in force that have been concluded by the Executive (a) pursuant to or in accordance with existing legislation or a prior treaty; (b) subject to congressional approval or implementation, and/or (c) under and in accordance with the President’s constitutional powers. *Treaties in Force* is arranged in two sections. Section 1 includes bilateral treaties and other international agreements listed by country or other international entity with subject headings under each entry. Arrangements with territorial possessions of a country appear at the end of the entry for that country. In some cases, treaties and international agreements applicable to a territory prior to its independence are included in the entry for that country on the basis of its assumption of treaty obligations upon becoming independent, as noted at the beginning of the entry for that country. For convenience, some treaties and agreements concluded with countries whose name or statehood status has changed continue to be listed under the name in use at the time the agreement was concluded, if the title of the treaty or agreement has not been formally amended. Section 2 lists multilateral treaties and other international agreements to which the United States is a party, arranged by subject. The depositary is the authoritative source for a current list of parties and information on other matters concerning the status of the agreement, and status information often changes. Information is provided on the depositary for the agreement in question, and contact information, including an Internet site is provided for the depositary where available.

Railway Reform and Charges for the Use of Infrastructure European Conference of Ministers of Transport,2005-11-16 This book explains how barriers to growth in rail freight transport across Europe can be overcome. It recommends a simple set of charges that create incentives for management and planning of train operations across national borders.

China and Taiwan Steven M. Goldstein,2015-11-12 Relations between Taiwan and the People's Republic of China have oscillated between outright hostility and wary detente ever since the Archipelago seceded from the Communist mainland over six decades ago. While the mainland has long coveted the island, Taiwan has resisted - aided by the United States which continues to play a decisive role in cross-strait relations today. In this comprehensive analysis, noted China specialist Steven Goldstein shows that although relations between Taiwan and its larger neighbor have softened, underlying tensions remain unresolved. These embers of conflict could burst into flames at any point, engulfing the whole region and potentially dragging the United States into a dangerous confrontation with the PRC Guiding readers expertly through the historical background to the complexities of this fragile peace, Goldstein discusses the shifting economic, political and security terrain, and examines the pivotal role played by the United States in providing weapons and diplomatic support to Taiwan whilst managing a complex relationship with an increasingly powerful China. Drawing on a wealth of newly declassified material, this compelling and insightful book is an invaluable guide to one of the world's riskiest, long-running conflicts.
