*Hitler's Olympics* Christopher Hilton, 2011-11-08

The Berlin Olympic Games, more than 70 years on, remain the most controversial ever held. This book creates a vivid account of the disputes, the personalities, and the events which made these Games so memorable. Ironically, the choice of Germany as the host national for the 1936 Olympics was intended to signal the return to the world community after defeat in World War I. In actuality, Hitler intended the Berlin Games to be an advertisement for Germany as he was creating it, and they became one of the largest propaganda exercises in history. Two German Jews competed in the Games while the most memorable achievement was that of black American Jesse Owens, who won four gold medals. Ultimately, however, Germany was the overall biggest medal winner. The popular success of Owens allowed the Nazis to claim that their policies had no racial element and charges of antisemitism that did arise were leveled at the Americans.

*Valleys to Mountaintops* Teresa Meinert, 2011-08-19

The author was twenty-six years old when she was diagnosed with multiple sclerosis. As Teresa Meinert worked she found she had a talent for speaking with people. At age forty she was no longer able to work in the conventional sense. Looking for new opportunities, Teresa returned to college. She graduated with a Masters from the University of Iowa. She then taught. Her own early teaching has

helped Teresa to have a positive outlook on life, which she continues. She and her assistant live and work in Iowa. In *Valleys to Mountaintops*, the phrase, Walk a mile in my shoes, takes on a new meaning. With this inspirational book, author Teresa Meinert shares the first-person stories of individuals who have experienced physical or mental health challenges and she celebrates their fortitude to survive and thrive. From autoimmune disorders to vision difficulties, *Valleys to Mountaintops* reveals peoples deepest thoughts about what it's like to live with a disability; they talk about their challenges, and their joys. Jerome discusses his battle with paranoid personality disorder, Christina talks about what it's like to live with an eating disorder, Scott Harvey communicates the sometimes devastating implications of rheumatoid arthritis. Teresa follows these personal stories with helpful information about the issues causes and symptoms and relays helpful tips and resources. *Valleys to Mountaintops* demonstrates that it's not easy to live with a health challenge. Even so, these stories serve to inspire to show the strength and determination of the human spirit.

**The Zoroastrian Flame** Sarah Stewart, Alan Williams, Almut Hintze, 2016-02-16 For many centuries, from the birth of the religion late in the second millennium BC to its influence on the Achaemenids and later adoption in the third century AD as the state religion of the Sasanian Empire, it enjoyed imperial patronage and profoundly shaped the culture of antiquity. The Magi of the New Testament most probably were Zoroastrian priests from the Iranian world, while the enigmatic figure of Zarathushtra (or Zoroaster) himself has exerted continual fascination in the West, influencing creative artists as diverse as Voltaire, Nietzsche, Mozart and Yeats. This authoritative volume brings together internationally recognised scholars to explore

Zoroastrianism in all its rich complexity. Examining key themes such as history and modernity, tradition and scripture, art and architecture and minority status and religious identity, it places the modern Zoroastrians of Iran, and the Parsis of India, in their proper contexts. The book extends and complements the coverage of its companion volume, *The Everlasting Flame*.

*A Window Opens* Ardyth Philyaw, 2001-04-24 *A Window Opens* is a story told through the journal of a young German immigrant, Meta, who, with her family fled Nazi Germany and arrived in New York City in early 1938. The rise of alternative browsers, like Firefox, means that developers who want their web applications to be viewed as intended by their customers must master XHTML/CSS compliance.
