The Boy on the Bridge Natalie Standiford, 2013-07-30 A new breathtaking novel from Natalie Standiford about love and trust during the Cold War. Laura Reid goes to Leningrad for a semester abroad as Cold War paranoia is peaking in 1982. She meets a young Russian artist named Alexei and soon, with Alexei as her guide, Laura immerses herself in the real Russia--a crazy world of wild parties, black-market books and music, and smuggled letters to dissidents. She must keep the relationship secret; associating with Americans is dangerous for Alexei, and if caught, Laura could be sent home and Alexei put under surveillance or worse. At the same time, she's been warned that Soviets often latch onto Americans in hopes of marrying them and thus escaping to the United States. But she knows Alexei loves her. Right? As June approaches--when Laura must return to the United States--Alexei asks Laura to marry him. She's only nineteen and doesn't think she's ready to settle down. But what if Alexei is the love of her life? How can she leave him behind? If she has a chance to change his life, to rescue him from misery, shouldn't she take it?

Cuisine and Culture Linda Civitello, 2011-03-29 An illuminating account of how history shapes our diets--now in a new revised and updated Third Edition Why did the ancient Romans believe cinnamon grew in swamps guarded by giant killer bats? How did African cultures imported by slavery influence cooking

in the American South? What does the 700-seat McDonald's in Beijing serve in the age of globalization? With the answers to these and many more such questions, *Cuisine and Culture, Third Edition* presents an engaging, entertaining, and informative exploration of the interactions among history, culture, and food. From prehistory and the earliest societies in the Fertile Crescent to today's celebrity chefs, *Cuisine and Culture, Third Edition* presents a multicultural and multiethnic approach to understanding how and why major historical events have affected and defined the culinary traditions in different societies. Now revised and updated, this Third Edition is more comprehensive and insightful than ever before. Covers prehistory through the present day—from the discovery of fire to the emergence of television cooking shows Explores how history, culture, politics, sociology, and religion have determined how and what people have eaten through the ages Includes a sampling of recipes and menus from different historical periods and cultures Features French and Italian pronunciation guides, a chronology of food books and cookbooks of historical importance, and an extensive bibliography Includes all-new content on technology, food marketing, celebrity chefs and cooking television shows, and Canadian cuisine. Complete with revealing historical photographs and illustrations, *Cuisine and Culture* is an essential introduction to food history for students, history buffs, and food lovers.

False Dawn Lee Penn, 2004 The interfaith movement, which began with the 1893 World's Parliament of Religions in Chicago, has grown worldwide. Although this movement has been largely unknown to the public, it now provides a spiritual face for globalization, the economic and political forces leading us all from nationalism to 'One World'. The most ambitious organization in

today's interfaith movement is the United Religions Initiative (URI), founded by William Swing, the Episcopal Bishop of California. Investigative reporter Lee Penn, a Catholic ex-Marxist, exhaustively documents the history and beliefs of the URI and its New Age and globalist allies, the vested interests that support these movements, and the direction they appear to be taking. The interfaith movement is no longer merely the province of a coterie of little-heeded religious idealists with grandiose visions. The URI's proponents have ranged from billionaire George Soros to President George W. Bush, from the far-right Rev. Sun Myung Moon to the liberal Catholic theologian Hans Küng, and from the Dalai Lama to the leaders of government-approved Protestant churches in the People's Republic of China. The interfaith movement, including the URI, is being promoted by globalist and New Age reformers who favor erosion of national sovereignty, marginalization of traditional religions, establishment of ¿global governance¿, and creation of a new, Earth-based ¿global spirituality¿; in effect, a one-world religion. Therefore, the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order: the ¿new civilization¿ now proposed by Mikhail Gorbachev, the last leader of the Soviet Union. In *The Reign of Quantity and the Signs of the Times*, French metaphysician René Guénon spoke of the ¿anti-tradition¿ (the forces of materialism and secular humanism) finally giving way to the ¿counter-tradition¿ (the satanic inversion of true spirituality), leading to the regime of Antichrist. The ¿anti-tradition¿ weakens and dissolves traditional spiritualities, after which the ¿counter-tradition¿ sets up a counterfeit in their place. Since Guénon's time, as is well known, anti-traditional forces have greatly advanced worldwide. It is less well-known that counter-traditional movements have also made great

strides, and now stand closer to the centers of global political and religious power than ever before. The ¿counter-tradition¿ is making inroads on the political and cultural Right, as much as it is doing on the Left. False Dawn painstakingly documents these trends, and speculates on their future development. In so doing, the author takes investigative reporting to the threshold of prophecy, and gives us a stunningly plausible picture of the global religious landscape of the 21st century. This extraordinary project is the literary equivalent of turning over a flat rock. There is much to be seen and learned here¿all of it unsettling, disquieting, occasionally downright scary. ¿William Murchison, Radford Distinguished Professor, Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods, something has gone horribly wrong. In False Dawn, Lee Penn has produced a comprehensive and critical history of the United Religions Initiative. This book sounds a clear warning: Anyone who makes theological truth subservient to utopianism denigrates all religions. ¿Douglas LeBlanc, Editor, GetReligion.org

The English of Tourism Georgeta Rață,2013-01-03 The English of Tourism is a collection of essays on the English specific to the Tourism Industry. Selling Street and Snack Foods Peter Fellows,Martin Hilmi,2011 The main

purpose of this booklet is to create awareness about the multitude of opportunities that street and snack foods can provide for small-scale farmers in rural, peri-urban and urban areas. Moreover street and snack foods have positive effects on other member of the supply chain as well as poor consumers in rural, peri-urban and urban communities. it is hoped that policy-makers and development personnel recognize such opportunities and provide a supporting and enabling environment for such a livelihood strategy to be pursued.--P. 9.

The Chicago Food Encyclopedia Carol Haddix, Bruce Kraig, 2017-08-16 The Chicago Food Encyclopedia is a far-ranging portrait of an American culinary paradise. Hundreds of entries deliver all of the visionary restaurateurs, Michelin superstars, beloved haunts, and food companies of today and yesterday. The Life, Science and Times of Lev Vasilevich Shubnikov L. J. Reinders, 2018-02-27 This book describes the life, times and science of the Soviet physicist Lev Vasilevich Shubnikov (1901-1937). From 1926 to 1930 Shubnikov worked in Leiden where he was the co-discoverer of the Shubnikov-De Haas effect. After his return to the Soviet Union he founded in Kharkov in Ukraine the first low-temperature laboratory in the Soviet Union, which in a very short time became the foremost physics institute in the country and

among other things led to the discovery of type-II superconductivity. In August 1937 Shubnikov, together with many of his colleagues, was arrested and shot early in November 1937. This gripping story gives deep insights into the pioneering work of Soviet physicists before the Second World War, as well as providing much previously unpublished information about their brutal treatment at the hands of the Stalinist regime.

Russia's Oil Barons and Metal Magnates S. Fortescue, 2006-10-31 *Russia's Oil Barons and Metal Magnates* contains a critical analysis of the claims made against oligarchs. In doing so, it presents a detailed analysis of the place of the oligarchs in both the metals sector and in the Russian political economy.

Language Contact in the Territory of the Former Soviet Union Diana Forker, Lenore A. Grenoble, 2021-06-15 The former Soviet Union (USSR) provides the ideal territory for studying language contact between one and the same dominant language (Russian) and a wide range of genealogically and typologically diverse languages with varying histories of language contact. This is the first book that bundles different case studies and systematically investigates the impact of Russian at all linguistic levels, from the lexicon to the domains of grammar to discourse, and with varying types of outcomes such as relatively rapid language shift, structural changes in a relatively stable contact situation, pidginization and super variability at the post-pidgin stage. The volume appeals to linguists studying language contact and contact-induced language change from a broad range of perspectives, who want to gain insight into how one of the largest languages in the world influences other smaller languages, but also experts of mostly minority languages in the sphere of the former Soviet Union.

The Chechens Amjad M. Jaimoukha, 2005 This volume provides a ready introduction and practical guide to the Chechen people, including chapters on history, religion, politics, economy, culture, literature and media.

Wild Music Maria Sonevytsky, 2019-10-02 Recipient of the 2020 Lewis Lockwood Award from the American Musicological Society What are the uses of musical exoticism? In *Wild Music*, Maria Sonevytsky tracks vernacular Ukrainian discourses of wildness as they manifested in popular music during a volatile decade of Ukrainian political history bracketed by two revolutions. From the Eurovision Song Contest to reality TV, from Indigenous radio to the revolution stage, Sonevytsky assesses how these practices exhibit and re-imagine Ukrainian tradition and culture. As the rise of global populism forces us to confront the category of state sovereignty anew, Sonevytsky proposes innovative paradigms for thinking through the creative practices that constitute sovereignty, citizenship, and nationalism.

In addition, the integration of traditional food into tourism development plans is discussed at length. As the first publication to focus on a wide scale variety of traditional foods, including their histories and unique preparatory aspects, this is an important book for any researcher looking for a single reference work covering all of the important processing information for each major traditional food category.
