Glenn L. Starks

Investigating Social Problems A. Javier Trevino, 2017-12-21 A. Javier Treviño, working with a panel of experts, thoroughly examines all aspects of social problems, providing a contemporary and authoritative introduction to the field. Each chapter is written by a specialist on that particular topic and the unique, contributed format ensures that the research and examples provided are the most current and relevant available. The text is framed around three major themes: intersectionality (the interplay of race, ethnicity, class, and gender), the global scope of many problems, and how researchers take an evidence-based approach to studying problems.

OECD Public Governance Reviews OECD Integrity Scan of Kazakhstan Preventing Corruption for a Competitive Economy OECD, 2017-06-15 This report looks at how to curb corruption and build a more competitive economy in the Republic of Kazakhstan by assessing four crucial factors: governance, prevention, detection, and prosecution and recovery.

African Americans by the Numbers Glenn L. Starks, 2017-07-14 Provides an invaluable source for students as well as academics on the current condition of African Americans, highlighting disparities throughout an array of social, economic, and political areas. African Americans comprise approximately 12 percent of the population of the United States—a sizable proportion. Yet African Americans are incarcerated at rates disproportionate to their overall population in the United States. By examining a wide range of socioeconomic topics and supplying necessary background and contextual information, this book offers a multidimensional view of African American life that covers such critical areas as education, health, immigration and migration, employment, and the economy. This statistical guide presents extensive demographics on African Americans, breaks down the hard numbers, explains what the statistics indicate about the socioeconomic condition of African American life, and places this information into historical and contemporary context. This book also provides detailed comparisons of African Americans to other races and ethnic groups. Readers will be challenged to interpret the numbers and draw logical conclusions from them; as a result, this reference serves to help students build critical thinking skills that are essential to success in the classroom and beyond.

The Jamaat Question in Bangladesh Syed Serajul Islam, Md Saidul Islam, 2023-12-01 The Jamaat Question in Bangladesh addresses the complex intersection of global politics and local dynamics in Bangladesh, particularly in relation to Bangladesh Jamaat-e-Islami (Jamaat). With multidisciplinary insights and perspectives, the contributors to this volume provide an objective socio-historical analysis of Islam, politics and society in Bangladesh. Separating fact from fiction, they attempt to uncover the truth about Jamaat, the largest Islam-based political party in the country. Suppressed and marginalized by the BAL regime, Jamaat remains active in the social landscape of Bangladesh. What makes Jamaat so resilient against all odds? Can it peacefully coexist with rival political parties in a polarised nation such as Bangladesh? This book seeks to answer these crucial questions. An essential read for those interested in Bangladeshi politics and political Islam.

Tough Stuff Parenting Paul Basden, Jim Johnson, 2019-01-08 Are You Prepared to Talk with Your Child About...? Discussing difficult topics with kids has never been easy, but in today's world, it's more difficult than ever.

Gay marriage, terrorist attacks, pornography, police shootings, and yes, sex, are just some of the complex issues children will encounter in our current culture. When your child asks questions, will you have answers? Tough Stuff Parenting will equip you to have thoughtful, age-appropriate conversations with your child. The biblically-based wisdom and practical tools you'll find inside will help you confidently engage your kid in meaningful dialogue. And when questions arise, your child will look to you first for answers instead of friends or the Internet. Make a lasting connection with your kid by learning how to effectively discuss life's most complicated topics.

Getting Respect Michèle Lamont, Graziella Moraes Silva, Jessica Welburn, Joshua Guetzkow, Nissim Mizrachi, Hanna Herzog, Elisa Reis, 2018-11-27 A comparative look at how discrimination is experienced by stigmatized groups in the United States, Brazil, and Israel Racism is a common occurrence for members of marginalized groups around the world. Getting Respect illuminates their experiences by comparing three countries with enduring group boundaries: the United States, Brazil and Israel. The authors delve into what kinds of stigmatizing or discriminatory incidents individuals encounter in each country, how they respond to these occurrences, and what they view as the best strategy—whether individually, collectively, through confrontation, or through self-improvement—for dealing with such events. This deeply collaborative and integrated study draws on more than four hundred in-depth interviews with middle- and working-class men and women residing in and around multiethnic cities—New York City, Rio de Janeiro, and Tel Aviv—to compare the discriminatory experiences of African Americans, black Brazilians, and Arab Palestinian citizens of Israel, as well as Israeli Ethiopian Jews and Mizrahi (Sephardic) Jews. Detailed analysis reveals significant differences in group behavior: Arab Palestinians frequently remain silent due to resignation and cynicism while black Brazilians see more stigmatization by class than by race, and African Americans confront situations with less hesitation than do Ethiopian Jews and Mizrahim, who tend to downplay their exclusion. The authors account for these patterns by considering the extent to which each group is actually a group, the sociohistorical context of intergroup conflict, and the national ideologies and other cultural repertoires that group members rely on. Getting Respect is a rich and daring book that opens many new perspectives into, and sets a new global agenda for, the comparative analysis of race and ethnicity.

EU Diplomacy and the Israeli-Arab Conflict, 1967-2019 Persson Anders Persson, 2020-05-28 Nearly 50 years since the European Foreign Ministers issued their first declaration on the conflict between Israel and Palestine in 1971, EU continues to have close political and economic ties with the region. Based exclusively on primary

sources, this study offers an up-to-date overview of EU's involvement in the Israeli-Arab conflict since 1967. It utilises an innovative methodology to analyse keyword frequency in a sample of more than 2300 declarations and statements published in the Bulletin of the European Communities/European Union (1967-2009) as well as council reports and press interviews (2009-2018) to uncover broad patterns for qualitative analysis. The outcomes suggest that the Israeli-Arab conflict is more important to the EU than any other conflict, having been key to shaping EU's foreign policy overall.

Unwarranted Barry Friedman, 2017-02-21 "At a time when policing in America is at a crossroads, Barry Friedman provides much-needed insight, analysis, and direction in his thoughtful new book. *Unwarranted* illuminates many of the often ignored issues surrounding how we police in America and highlights why reform is so urgently needed. This revealing book comes at a critically important time and has much to offer all who care about fair treatment and public safety." –Bryan Stevenson, founder and Executive Director of the Equal Justice Initiative and author of *Just Mercy: A Story of Justice and Redemption* In June 2013, documents leaked by Edward Snowden sparked widespread debate about secret government surveillance of Americans. Just over a year later, the shooting of Michael Brown, a black teenager in Ferguson, Missouri, set off protests and triggered concern about militarization of law enforcement and discriminatory policing. In *Unwarranted*, Barry Friedman argues that these two seemingly disparate events are connected—and that the problem is not so much the policing agencies as it is the rest of us. We allow these agencies to operate in secret and to decide how to police us, rather than calling the shots ourselves. And the courts, which we depended upon to supervise policing, have let us down entirely. *Unwarranted* tells the stories of ordinary people whose lives were torn apart by policing—by the methods of cops on the beat and those of the FBI and NSA. Driven by technology, policing has changed dramatically. Once, cops sought out bad guys; today, increasingly militarized forces conduct wide surveillance of all of us. Friedman captures the eerie new environment in which CCTV, location tracking, and predictive policing have made suspects of us all, while proliferating SWAT teams and increased use of force have put everyone's property and lives at risk. Policing falls particularly heavily on minority communities and the poor, but as *Unwarranted* makes clear, the effects of policing are much broader still. Policing is everyone's problem. Police play an indispensable role in our society. But our failure to supervise them has left us all in peril. *Unwarranted* is a critical, timely intervention into debates about policing, a call to take responsibility for governing those who govern us.

The Tragedy of Bleiburg and Viktring, 1945 Florian Rulitz, 2016-03-07 The atrocities and mass murders committed by Josip Broz Tito's Partisan units of the Yugoslav Army immediately after the Second World War had no place in the conscience of Socialist Yugoslavia. More than once, the annual Croatian commemoration of the Bleiburg victims was subject to attacks carried out by the socialist Yugoslav state. Abroad in the West, on Austrian soil, the Yugoslav secret service (UDBA) did not shy away from murdering the protagonist of the Croatian memory culture, Nicola Martinovic, as late as 1975. The official history was aligned with a firm interpretational paradigm that called for a glorification of the anti-fascist people's liberation resistance. With the breakup of Yugoslavia and

its socialist regime in 1991, the identity-establishing accounts of contemporary witnesses, which had mainly been cherished in exile circles abroad, increasingly reached public awareness in Croatia and Slovenia. In the 1990s Croatia witnessed the emergence of a memory that had been suppressed by the socialist-Yugoslav regime—namely the Bleiburg tragedy. The situation in Slovenia was similar in terms of identity and remembrance culture. Among the Slovenes, the communist crimes committed during the turmoil are known as the drama of Viktring or the Viktring tragedy, named after the largest refugee camp of the Slovenes. Reports on the communist postwar crimes and on the countless discoveries of mass gravesites have also begun circulating in the media of the German-speaking world in the last few years. Florian Rulitz's meticulously researched book, now available for the first time in English, provides a corrective to the historical memory that had been previously accepted as truth. Rulitz focuses on two essential questions. First, did the so-called final encirclement battles indeed occur in Carinthia in the Ferlach/Hollenburg/Viktring and Dravograd/Poljana/Bleiburg areas, resulting in military victories for the Yugoslav Army? Second, were the battles after the capitulation fought by the refugees with the aim of reaching the British-controlled areas in Carinthia? To answer these questions, Rulitz presents a detailed reconstruction of those days in May 1945. He furthermore considers the question of the murders on Austrian territory, which were hushed up in Partisan literature and presented as casualties of the final military operations. This groundbreaking study will interest scholars and students of modern European history.

Chinese Nuclear Proliferation Susan Turner Haynes, 2016-07 While the world's attention is focused on the nuclearization of North Korea and Iran and the nuclear brinkmanship between India and Pakistan, China is believed to have doubled the size of its nuclear arsenal, making it the forgotten nuclear power, as described in Foreign Affairs. Susan Turner Haynes analyzes China's buildup and its diversification of increasingly mobile, precise, and sophisticated nuclear weapons. Haynes provides context and clarity on this complex global issue through an analysis of extensive primary source research and lends insight into questions about why China is the only nuclear weapon state recognized under the Nuclear Nonproliferation Treaty that continues to pursue qualitative and quantitative advancements to its nuclear force. As the gap between China's nuclear force and the forces of the nuclear superpowers narrows against the expressed interest of many nuclear and nonnuclear states, Chinese Nuclear Proliferation offers policy prescriptions to curtail China's nuclear growth and to assuage fears that the American world order presents a direct threat to China's national security. Presenting technical concepts with minimal jargon in a straightforward style, this book will be of use to casual China watchers and military experts alike.

Health, United States, ... in Brief, 2014

China's Quest for Great Power Bernard D Cole, 2016-09-15 This book examines China's national security strategy by looking at the three major elements—foreign policy, energy security, and naval power—all interactive and major influences on China's future and its relations with the United States. A decade and a half into the twenty-first century, Beijing requires reliable access to energy resources, the navy to defend that access, and foreign policies to navigate safely toward its goals. Most importantly, the People's Liberation Army-Navy (PLAN) must be

able to safeguard China's regional maritime interests, especially the sovereignty disputes involving Taiwan and the Yellow, East China, and South China Seas. Many Chinese naval officers and analysts think the United States is determined to contain China and prevent it from achieving the dominant historical position to which it is entitled. This view has been strengthened by Washington's shift to Asia, transfer of naval units to the Pacific, and the March 2015 Maritime Strategy released by the U.S. Navy, Marine Corps, and Coast Guard. China's relationship with the United States is vital to both countries and to the world. The relationship is based on both common and divergent interests in economics, military operations, and political goals and methods. China's international trading economy and ambition for a world-class navy require effective foreign diplomacy and participation in global affairs. This policy trifecta in large part defines China's posture to the world. Beijing is approximately halfway toward its mid-century goal of deploying a navy capable of defending China's perceived maritime interests. China's priorities follow President Xi Jinping's definition of national security as "comprehensive, encompassing politics, the military, the economy, technology, the environment and culture." What this means for future Chinese foreign policy choices, as naval modernization and energy security concerns enable different courses of action, lies at the center of this book's conclusions.

Health, United States ,2011

Orthodox Religion and Politics in Contemporary Eastern Europe Tobias Koellner,2018-12-07 This book explores the relationship between Orthodox religion and politics in Eastern Europe, Russia and Georgia. It demonstrates how as these societies undergo substantial transformation Orthodox religion can be both a limiting and an enabling factor, how the relationship between religion and politics is complex, and how the spheres of religion and politics complement, reinforce, influence, and sometimes contradict each other. Considering a range of thematic issues, with examples from a wide range of countries with significant Orthodox religious groups, and setting the present situation in its full historical context the book provides a rich picture of a subject which has been too often oversimplified.

Drones and Responsibility Ezio Di Nucci,Filippo Santoni de Sio,2016-07-01 How does the use of military drones affect the legal, political, and moral responsibility of different actors involved in their deployment and design? This volume offers a fresh contribution to the ethics of drone warfare by providing, for the first time, a systematic interdisciplinary discussion of different responsibility issues raised by military drones. The book discusses four main sets of questions: First, from a legal point of view, we analyse the ways in which the use of drones makes the attribution of criminal responsibility to individuals for war crimes more complicated and what adjustments may be required in international criminal law and in military practices to avoid 'responsibility gaps' in warfare. From a moral and political perspective, the volume looks at the conditions under which the use of military drones by states is impermissible, permissible, or even obligatory and what the responsibilities of a state in the use of drones towards both its citizens and potential targets are. From a socio-technical perspective, what kind of new human machine interaction might (and should) drones bring and which new kinds of

shared agency and responsibility? Finally, we ask how the use of drones changes our conception of agency and responsibility. The book will be of interest to scholars and students in (military) ethics and to those in law, politics and the military involved in the design, deployment and evaluation of military drones.

Essentials of Psychiatric Mental Health Nursing - E-Book Elizabeth M. Varcarolis, 2016-07-22 Awarded third place in the 2017 AJN Book of the Year Awards in the Psychiatric and Mental Health Nursing Category. Get a full understanding of today's psychiatric nursing practice in less time! Essentials of Psychiatric Mental Health Nursing, 3rd Edition offers the perfect balance of essential nursing interventions and clinical content paired with current research and evidence-based practice to fully equip you for today's field of mental health nursing. This new edition continues to retain the reader-friendly style, emphasis on therapeutic communication, and the nursing process organization that was successful in the previous edition. It also includes additional DSM-5 disorders, illustrations of various neurobiology disorders, a new neurobiology learning tool, and new NCLEX review questions to help you pass your course and thoroughly prepare for the psychiatric nursing section of the NCLEX. REVISED! Examining the Evidence boxes explain the reasoning behind nursing interventions and how research affects everyday practice. UNIQUE! Applying the Art sections in the clinical chapters provide examples of therapeutic and nontherapeutic communication techniques as well as realistic nurse-patient interaction scenarios. Chapter review questions reinforce essential content from the chapter. Critical thinking questions introduce clinical situations in psychiatric nursing. Nursing Interventions tables familiarize readers with interventions for a disorder that they will encounter in clinical practice. Key concepts and terms clarify essential terminology. Vignettes offer succinct, real-life glimpses into clinical practice by describing patients and their psychiatric disorders. Assessment Guidelines familiarize readers with methods of assessing patients. Potential Nursing Diagnosis tables give several possible nursing diagnoses for a particular disorder along with the associated signs and symptoms. DSM-5 diagnostic criteria identifies medical diagnostic criteria for psychiatric disorders for integration into the nursing plan of care. Important contributions from psychiatric mental health nursing pioneers are featured in the opening unit pages. Cultural Considerations sections reinforce the principles of culturally competent care. Key Points to Remember outline the main concepts of each chapter in an easy to comprehend and concise bulleted list. Appendices feature the DSM-5 Classifications and a list of the latest NANDA-I diagnoses for readers' reference.

The Art of Cyberwarfare Jon DiMaggio, 2022-04-26 A practical guide to understanding and analyzing cyber attacks by advanced attackers, such as nation states. Cyber attacks are no longer the domain of petty criminals. Today, companies find themselves targeted by sophisticated nation state attackers armed with the resources to craft scarily effective campaigns. This book is a detailed guide to understanding the major players in these cyber wars, the techniques they use, and the process of analyzing their advanced attacks. Whether you're an individual researcher or part of a team within a Security Operations Center (SoC), you'll learn to approach, track, and attribute attacks to these advanced actors. The first part of the book is an overview of actual cyber attacks

conducted by nation-state actors and other advanced organizations. It explores the geopolitical context in which the attacks took place, the patterns found in the attackers' techniques, and the supporting evidence analysts used to attribute such attacks. Dive into the mechanisms of: North Korea's series of cyber attacks against financial institutions, which resulted in billions of dollars stolen The world of targeted ransomware attacks, which have leveraged nation state tactics to cripple entire corporate enterprises with ransomware Recent cyber attacks aimed at disrupting or influencing national elections globally The book's second part walks through how defenders can track and attribute future attacks. You'll be provided with the tools, methods, and analytical guidance required to dissect and research each stage of an attack campaign. Here, Jon DiMaggio demonstrates some of the real techniques he has employed to uncover crucial information about the 2021 Colonial Pipeline attacks, among many other advanced threats. He now offers his experience to train the next generation of expert analysts.

Society and Social Pathology R.C. Smith, 2017-02-21 This book offers one of the most comprehensive studies of social pathology to date, following a cross-disciplinary and methodologically innovative approach. It is written for anyone concerned with understanding current social conditions, individual health, and how we might begin to collectively conceive of a more reconciled postcapitalist world. Drawing reference from the most up-to-date studies, Smith crosses disciplinary boundaries from cognitive science and anthropology to critical theory, systems theory and psychology. Opening with an empirical account of numerous interlinked crises from mental health to the physiological effects of environmental pollution, Smith argues that mainstream sociological theories of pathology are deeply inadequate. Smith introduces an alternative critical conception of pathology that drills to the core of how and why society is deeply ailing. The book concludes with a detailed account of why a progressive and critical vision of social change requires a "holistic view" of individual and societal transformation. Such a view is grounded in the awareness that a sustainable transition to postcapitalism is ultimately a many-sided (social, individual, and structural) healing process.

Ill Winds Larry Diamond, 2019-06-11 *Shortlisted for the 2020 Arthur Ross Book Award* From America's leading scholar of democracy, a personal, passionate call to action against the rising authoritarianism that challenges our world order—and the very value of liberty Larry Diamond has made it his life's work to secure democracy's future by understanding its past and by advising dissidents fighting autocracy around the world. Deeply attuned to the cycles of democratic expansion and decay that determine the fates of nations, he watched with mounting unease as illiberal rulers rose in Hungary, Poland, Turkey, the Philippines, and beyond, while China and Russia grew increasingly bold and bullying. Then, with Trump's election at home, the global retreat from freedom spread from democracy's margins to its heart. *Ill Winds'* core argument is stark: the defense and advancement of democratic ideals relies on U.S. global leadership. If we do not reclaim our traditional place as the keystone of democracy, today's authoritarian swell could become a tsunami, providing an opening for Vladimir Putin, Xi Jinping, and their admirers to turn the twenty-first century into a dark time of despotism. We are at a hinge in history, between a new era of tyranny and an age of democratic renewal. Free governments can defend their values; free citizens can

exercise their rights. We can make the internet safe for liberal democracy, exploit the soft, kleptocratic underbelly of dictatorships, and revive America's degraded democracy. Ill Winds offers concrete, deeply informed suggestions to fight polarization, reduce the influence of money in politics, and make every vote count. In 2020, freedom's last line of defense still remains We the people.

As recognized, adventure as with ease as experience very nearly lesson, amusement, as skillfully as covenant can be gotten by just checking out a ebook **2014.htm** then it is not directly done, you could tolerate even more a propos this life, not far off from the world.

We pay for you this proper as well as simple quirk to get those all. We offer 2014.htm and numerous ebook collections from fictions to scientific research in any way. along with them is this 2014.htm that can be your partner.

2014.htm Introduction

2014.htm Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. 2014.htm Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. 2014.htm : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for 2014.htm : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks 2014.htm Offers a diverse range of free eBooks across various genres. 2014.htm Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. 2014.htm Provides a large selection of free eBooks in different genres, which are available for download in

various formats, including PDF. Finding specific 2014.htm, especially related to 2014.htm, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to 2014.htm, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some 2014.htm books or magazines might include. Look for these in online stores or libraries. Remember that while 2014.htm, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow 2014.htm eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide

excerpts or short stories for free on their websites. While this might not be the 2014.htm full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of 2014.htm eBooks, including some popular titles.

FAQs About 2014.htm Books

What is a 2014.htm PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a 2014.htm PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a 2014.htm PDF?

Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a 2014.htm PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a 2014.htm PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing

and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
