

English Aristocratic Women and the Fabric of Piety, 1450-1550 Barbara Jean Harris,2018 This study uncovers the active role played by women in the evolution of religious art and architecture. Their preferred art, Barbara J. Harris shows, reveals their responses to the religious revolution and signifies their preferred identities.

A Choice of Emblems Geoffrey Whitney,1971

Whitney’s “Choice of Emblems.” Geoffrey Whitney,Andrea Alciati,1866

Beethoven, A Life Jan Caeyers,2022-05-03 This new biography of Ludwig van Beethoven offers connoisseurs and newcomers alike an unparalleled story of the composer’s life and works, written by a renowned conductor and scholar of Beethoven’s music. With unprecedented access to the archives at the Beethoven House in Bonn, Jan Caeyers expertly weaves together a deeply human and complex picture of Beethoven-his troubled youth, his unpredictable mood swings, his desires, relationships, and conflicts with family and friends, the mysteries surrounding his affair with the ‘immortal beloved,’ and the dramatic tale of his deafness. Caeyers also offers new insights into Beethoven’s music, showing how it transformed from the work of a skilled craftsman to that of a consummate artist. Demonstrating an impressive command of the vast scholarship on this iconic composer, Caeyers brings Beethoven’s world alive with elegant prose, memorable musical descriptions, and a vivid depiction of Bonn and Vienna, where Beethoven produced and performed his works. Caeyers explores how Beethoven’s career was impacted by the historical and philosophical shifts taking place in the music world and how, in turn, his trajectory changed the music industry. Equal parts an absorbing cultural history and a lively biography, Beethoven, A Life reveals a complex portrait of the musical genius that defined a style of music and went on to become one of the great pillars of Western art music--

D.T. Farmer ,1919

Geographic Volume Union of International Associations,Union of International Associations Staff,2008-08-19 Yearbook of International Organizations is the most comprehensive reference resource and provides current details of international non-governmental (NGO) and intergovernmental organizations (IGO). Collected, documented and disseminated by the Union of International Associations (UIA), detailed and profound information on international organizations worldwide can be found here, from the United Nations, the ASEAN and the Red Cross to sporting bodies and religious orders. Besides historical and organizational information (e.g. on aims, subject orientation and locations), details on activities, events or publications as well as the most current contact details are included. Integrated are also biographies of the leading individuals of the organizations as well as the presentation of networks of organizations. The Union of International Associations (UIA) is a non-profit, apolitical, independent and non-governmental institution in the service for international associations, based in Brussels, Belgium. For 100 years, the UIA has focused on the nature and evolution of the international civil society - a topic of increasing relevance. New: UIA Bi-monthly Study Find out about current topics and the wealth of information contained in the Yearbook of International Organizations. No. 1 of UIA’s new Bi-monthly Study is now available for download. This time’s subject: Olympic Games and Sports.

History of Humboldt County, California W W Elliott & Co,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Yellow Kid” Weil J.R. Weil,2011-02-22 Bilked bankers, grifted gamblers, and swindled spinsters: welcome to the world of confidence men. You’ll marvel at the elaborate schemes developed by the Yellow Kid and cry for the marks who lost it all to his ingenuity—\$8,000,000 by some estimations. Fixed horse races, bad real-estate deals, even a money-making machine—all were tools of the trade for the Kid and his associates: the Swede, the Butterine Kid, the Harmony Kid, Fats Levine, and others. The Sting (1973), starring Paul Newman and based largely on the story of the Yellow Kid, is entertaining, but is no match for the real deal.

Of Sceptred Race,” Annah Walker Robinson Watson,1910

The Voices of Morebath Eamon Duffy,2003-08-11 In the fifty years between 1530 and 1580, England moved from being one of the most lavishly Catholic countries in Europe to being a Protestant nation, a land of whitewashed churches and antipapal preaching. What was the impact of this religious change in the countryside? And how did country people feel about the revolutionary upheavals that transformed their mental and material worlds under Henry VIII and his three children? In this book a Reformation historian takes us inside the mind and heart of Morebath, a remote and tiny sheep farming village on the southern edge of Exmoor. The bulk of Morebath’s conventional archives have long since vanished. But from 1520 to 1574, through nearly all the drama of the English Reformation, Morebath’s only priest, Sir Christopher Trychay, kept the parish accounts on behalf of the churchwardens. Opinionated, eccentric, and talkative, Sir Christopher filled these vivid scripts for parish meetings with the names and doings of his parishioners. Through his eyes we catch a rare glimpse of the life and pre-Reformation piety of a sixteenth-century English village. The book also offers a unique window into a rural world in crisis as the Reformation progressed. Sir Christopher Trychay’s accounts provide direct evidence of the motives which drove the hitherto law-abiding West-Country communities to participate in the doomed Prayer-Book Rebellion of 1549 culminating in the siege of Exeter that ended in bloody defeat and a wave of executions. Its church bells confiscated and silenced, Morebath shared in the punishment imposed on all the towns and villages of Devon and Cornwall. Sir Christopher documents the changes in the community, reluctantly Protestant and increasingly preoccupied with the secular demands of the Elizabethan state, the equipping of armies, and the payment of taxes. Morebath’s priest, garrulous to the end of his days, describes a rural world irrevocably altered and enables us to hear the voices of his villagers after four hundred years of silence.

English Aristocratic Women, 1450-1550 Barbara Jean Harris,2002 This work, based on archival research, combines a collective portrait of aristocratic women with an analysis of the particular, class-specific form of patriarchy and gender relations that flourished among the upper classes in Yorkist and early Tudor England.

Replacing Americans Dave Gibson,Laura Leighton,2010-01-08

The Collegiate Church of Wimborne Minster Patricia Helen Coulstock,1993 A case-study of the changing fortunes of an English parish church during the middle ages, from its foundation in 718.

Report of the Adjutant-General of the State of Indiana Indiana. Adjutant-General],1905

England’s Iconoclasts: Laws Against Images Margaret Aston,1988 Rejection of idolatry during the Reformation had dramatic and far-reaching effects on English society: the removal of color and ornament from churches, the alteration of divine and secular laws, and the destruction of an enormous amount of religious art. This study looks at the changes in sixteenth-century theology that brought about iconoclasm and offers new insight into a central aspect of the Reformation.

The History of Black Hawk County, Iowa Brookhaven Press,2001

Gregorius Hartmann,2023-07-18 This novel by Hartmann tells the story of Gregorius, a medieval scholar who becomes disillusioned with his life and embarks on a journey to find meaning and purpose. Along the way he encounters various challenges and trials, and ultimately discovers a new perspective on life and learning. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Pastors and Visionaries Jonathan Hughes,1988 Refers to only the administrative unit of the diocese of York, which included the North, East, and West Ridings, and the counties of Nottinghamshire and Lancashire.

Strange Vanishings Colin Wilson,1997 We don’t know which way is west. Everything is wrong...Even the ocean doesn’t look as it should. These horrifying words were among the last heard from five torpedo bombers who vanished over the Bermuda Triangle on December 5, 1945. What happened to them? Others who disappeared were luckier—they lived to tell their tales. A fascinating catalog of abductions, inexplicable lapses of time, ghost ships, and mysteriously missing persons. 176 pages, 10 b/w illus., 5 1/8 x 7 3/4.

Higher Order Logic Theorem Proving and Its Applications Luc J. M. Claesen,Michael J. C. Gordon,1993 The HOL system is a higher order logic theorem proving system implemented at Edinburgh University, Cambridge University and INRIA. Its many applications, from the verification of hardware designs at all levels to the verification of programs and communication protocols are considered in depth in this volume. Other systems based on higher order logic, namely Nuprl and Lambda are also discussed. Features given particular consideration are: novel developments in higher order logic and its implementations in HOL; formal design and verification methodologies for hardware and software; public domain availability of the HOL system. Papers addressing these issues have been divided as follows: Mathematical Logic; Induction; General Modelling and Proofs; Formalizing and Modelling of Automata; Program Verification; Hardware Description Language Semantics; Hardware Verification Methodologies; Simulation in Higher Order Logic; Extended Uses of Higher Order Logic. Academic and industrial researchers involved in formal hardware and software design and verification methods should find the publication especially interesting and it is hoped it will also provide a useful reference tool for those working at software institutes and within the electronics industries.
