Abdul Basit Ahmad

Treading the waters of history Kondlo, Kwandiwe, Saunders, Chris, 2014-12-10
This volume is an anthology of thought-pieces about the ANC, contributed by a variety of scholars and thinkers. It gives voice to a variety of perspectives on the subject. The fact that some authors disagree with each other is all part of what will, we hope, be an on-going debate. The book originated from a series of public dialogues that began before the centenary year and continued afterwards, being held at the University of Free State. The first section covers reflections on how knowledge of the history of the ANC has advanced and the position of that history in the general history of the liberation struggle. This section aids a critical appraisal of the state of primary sources used in writing the history of the ANC. Chapters in the second half of the book, consider some of the various contexts in which the ANC has operated, and continues to operate. These include the evolution of the ANC's economic policy and how it has changed over time; the kind of leadership the organisation provided in redefining gender relations and most importantly the ANC and international relations, especially seen from the vantage point of 'progressive internationalism'. The last section examines the evolution of Pan-Africanism in the ANC's ideological development.

Abu Bakr As Siddiq - The First Caliph of Islam Abdul Basit Ahmad, 2001 Most people have a best friend who they favor amongs all of the people. The best friend of Prophet Muhammad was Abu Bakr As-Siddiq. He was the only person, other than the Prophet's own wife, who accepted Islam immediately and believed in Muhammad from the first movement that he announced his Prophethood. Abu Bakr always remained at the Prophet's side and he had no reservations about spending his wealth for the sake of Islam and the Muslims. The Prophet's companions all recognized his superiority, yet he always remained humble and sincere towards all. This is the story of Abu Bakr and his rise to leadership of the Muslim Ummah.--Page 4 of cover.

From Adam to Hazrat Mohammad Abdul Waheed , There are stories about all the prophets or messengers who came from Adam to Mohammed, that is, from Hazrat Adam Alaihissalam to Muhammad Rasoolullah, those stories are mentioned in the Holy Quran and the Bible and are also mentioned under some other names in many religions of the world. This small book contains a brief sequential description about him. My effort has been to collect as much information as

possible about these Ambiya, but I have given as much information as I can. If you have any more information than that, please let me know. I will try to share your information, thank you. Abdul Waheed, Barabanki, Uttar Pradesh, India

Islamic Political Movements and Authority in the Arab World The Rise and Fall Prof. Jamal Sanad Al-Suwaidi, *Islamic Political Movements and Power in the Arab World: The Rise and Fall* represents a comprehensive study of contemporary Islamic political movements and their prospects. Undertaken by the Emirates Center for Strategic Studies and Research and employing a scholarly, methodological approach, it addresses the prominent transformations that have occurred within certain Islamic political organizations as a result of what the media have dubbed the “Arab Spring”—namely those Islamic parties and movements which came to power in Egypt, Tunisia and Morocco. In addition, new Islamic parties and organizations have emerged, thus re-shaping the political environments of several Arab countries. This volume provides an examination of the political rise of Islamists in the wake of the so-called “Arab Spring” and deconstructs the experience of Islamic political parties and movements in government. It discusses the negative effects and implications of Islamists’ efforts to inject religion into the practice of politics and to politicize religion, which have led to increased religious and political polarization in a number of Arab countries and undermined efforts to build the national consensus

needed to achieve peace, economic development, social justice and democratic transformation. The authors of the papers presented herein raise pertinent questions concerning the future of Islamic political movements in the Arab World, particularly in light of certain movements' negative experiences of governance, the internal developments being witnessed in various Arab countries, and the regional and international transformations affecting the Arab world as a whole.

The Important lessons for the Muslim Ummah Abdul Azizi Bin Abdullah Bin Baz,

STORIES IN MY LIFE Professor Abdul Salam Idrisi,2014-12-29 Hard work and dedication will definitely bring you greatness in life. Professor Abdul Salam Idrisi has reveled in the fruits of his life's work. He has worked sixteen different jobs in his life, and he has faced several difficulties that aided him to build up his lifelong wisdom that he aspires to impart to others. From

having to witness three different wars which include the World War II, the Iran-Iraq War, the invasion of Kuwait by Iraq as well as the liberation of Kuwait by the Allied Forces, Prof. Idrisi has a deep background of the Muslim community. With more than 150 stories, Prof. Idrisi shares his life's stories relating to his family and other Muslim families, political and social situations in Iraq and other Arab countries, his education and the educational system in general, his religion, tradition, and the Muslim culture. *Stories in My Life* is not only informative but also a great book to read for entertainment.

God and Dreams John Pratt Bingham, 2010-01-01 At one time when an individual wanted a direct, personal experience of God that person turned to his or her dreams. The early third century Christian defender of the faith, Tertullian, observed, Is it not known to all people that the dream is the most usual way that God reveals himself to man? Yet by the eleventh century, King William II of England states, They are not good Christians that regard dreams. Why did this reversal of opinion occur, not only in Christian thinking, but in Jewish and Islamic attitudes also? *God and Dreams: Is There a Connection?* traces the historic connection between God and dreams and examines why this shift happened. While particular attention is given to Jewish, Christian, and Islamic thought, several secular disciplines are discussed also. After investigating the different points of view, an argument is made that the connection between God and dreams still exists.

Iraq in Crisis Anthony H. Cordesman, Sam Khazai, 2014-06-04 Iraq is a nation in crisis bordering on civil war. The country now faces growing violence, a steady rise in Sunni Islamist extremism, an increasingly authoritarian leader that favors Iraq's Sunnis, and growing ethnic tension between Arabs and Kurds. The recent Iraqi election offers little promise that it can correct the corruption, the weaknesses in its security forces, and the critical failures in governance, economic development, and leadership. The problems Iraq faces in 2014 are a legacy of mistakes made during and after the U.S.-led invasion in 2003, but increasingly the nation is dealing with the self-inflicted wounds of its leaders who abuse human rights, repress opposing factions, and misuse the Iraqi police and security forces to their own end.

The Mysterious story of Al kahf (ar raqim) Abdul Waheed , In this book there is a discussion of a mysterious cave called Alkahaf Ar Raqim. Whose mention is in the Holy Quran and it is historical, because the government and other scientists have discovered this which has been found to be true, this incident is strange because this incident is mentioned in the Holy Quran that they were some young men who Had gone to the cave and slept for 309 years, a very surprising incident. Read this and let me know if you want to add any other topic, Thanks, also available in paperback version. Yours - Abdul Waheed, Barabanki, UP, India.

Dynami of Arab Foreign Policy-Making in the Twenty-First Century Hassan Hamdan al-Alkim, 2012-04-16 The Arab world's strategic location and its

considerable material and human potential should allow it to play a major role in world affairs. However, in addition to sharing language, culture and history, Arab states also face common challenges: authoritarian regimes, ethnic and social cleavages, economic underdevelopment, and the need for security from the West. Hassan Hamdan al-Alkim examines the dynamism of Arab foreign policy-making in the twenty-first century, taking account of the current political developments in the Arab world since January 2011. Through an insightful analysis of pivotal issues such as the Middle East Peace Process, the food and water crisis and Saudi Arabia's foreign policy, Alkim brings us closer to a nuanced understanding of contemporary Arab politics and its role in world affairs. This balanced and discerning study is essential reading for policy-makers, academics and students of Middle Eastern politics. 'This is an authentic critique by a committed Arab intellectual not only of the weakness of Arab states in the regional and international realms but also of the authoritarian regimes that dominate most of the Arab world.' -- Gregory Gause III, Professor of Political Science, University of Vermont 'Hassan al-Alkim has written a wide-ranging and thought-provoking account of the challenging issues facing foreign policy-makers in the Arab world.' -- Peter Woodward, Professor Emeritus, University of Reading
