Jennifer Karson

All I Could Never Be Anzia Yeziarska,2010-12-01 Anzia Yeziarska (c.1880-1970) was born in Poland, emigrating to the United States in 1890. All I Could Ever Be is a semi-autobiographical account of a young Polish woman emigrating to the United States and becoming a successful writer.

Wiyaxayxt / Wiyaakaa'awn / As Days Go By Jennifer Karson,2015-01-01 This book represents a new vista, looking past the days when there were two distinct groups-those who were studied and those who studied them. This history of the Umatilla, Cayuse, and Walla Walla people had its beginnings in October 2000, when elders sat side by side with native students and native and non-native scholars to compare notes on tribal history and culture. Through this collaborative process, tribal members of the Confederated Tribes of the Umatilla Indian Reservation have taken on their own historical retellings, drawing on the scholarship of non-Indians as a useful tool and external resource. Primary to this history are native voices telling their own story. Beginning with ancient teachings and traditions, moving to the period of first contact with Euro-Americans, the Treaty council, war, and the reservation period, and then to today's modern tribal governance and the era of self-determination, the tribal perspective takes center stage. Throughout, readers will see continuity in the culture and in ways of life that have been present from the earliest times, all on the same landscape. Wiyaxayxt (Columbia River Sahaptin) and Wiyaakaa'awn (Nez Perce) can be interpreted to mean as the days go by, day by day, or daily living. They represent the meaning of the English term history in two of the common languages still spoken on the Umatilla Indian Reservation.

All That She Carried Tiya Miles,2021-06-08 NATIONAL BOOK AWARD WINNER • NEW YORK TIMES BESTSELLER • A renowned historian traces the life of a single object handed down through three generations of Black women to craft a “deeply layered and insightful” (The Washington Post) testament to people who are left out of the archives. WINNER: Frederick Douglass Book Prize, Harriet Tubman Prize, PEN/John Kenneth Galbraith Award, Anisfield-Wolf Book Award, Ralph Waldo Emerson Prize, Lawrence W. Levine Award, Darlene Clark Hine Award, Cundill History Prize, Joan Kelly Memorial Prize, Massachusetts Book Award ONE OF THE TEN BEST BOOKS OF THE YEAR: The Washington Post, Slate, Vulture, Publishers Weekly “A history told with brilliance and tenderness and fearlessness.”—Jill Lepore, author of *These Truths: A History of the United States* In 1850s South Carolina, an enslaved woman named Rose faced a crisis: the imminent sale of her daughter Ashley. Thinking quickly, she packed a cotton bag for her with a few items, and, soon after, the nine-year-old girl was separated from her mother and sold. Decades later, Ashley’s granddaughter Ruth embroidered this family history on the sack in spare, haunting language. Historian Tiya Miles carefully traces these women’s faint presence in archival records, and, where archives fall short, she turns to objects, art, and the environment to write a singular history of the experience of slavery, and the uncertain freedom afterward, in the United States. All That She Carried is a poignant story of resilience and love passed down against steep odds. It honors the creativity and resourcefulness of people who preserved family ties when official systems refused to do so, and it serves as a visionary illustration of how to reconstruct and recount their stories today FINALIST: MAAH Stone Book Award, Kirkus Prize, Mark Lynton History Prize, Chataqua Prize ONE OF THE BEST BOOKS OF THE YEAR: The New York Times, NPR, Time, The Boston Globe, The Atlantic, The Atlanta Journal-Constitution, Smithsonian Magazine, St. Louis Post-Dispatch, Ms. magazine, Book Riot, Library Journal, Kirkus Reviews, Booklist

Law of mine Cuba,2000

From Sextant to Sonar Anita Ganeri,1998 Investigating maps and atlases - weather, aeronautical, military, sea charts - as well as maps of sun and stars, this text covers great journeys, explorers and navigators. It is part of a series which explores the development of systems of recording and measuring, from the first forms of writing and the earliest calendars, to the latest in calculators and quartz clocks. Innovators, inventions and facts are highlighted in text boxes, and there are suggestions for related activities.
