Rosacea 101 Brady Barrows,2007-10-11 Rosacea can be a frustrating and debilitating skin condition that is confusing and mysterious. What works for one rosacean as a regimen to control it may not work for another rosacean. Hence a rosacea sufferer presents the need for a basic understanding of rosacea in this book. Rosacea 101 will help you get control of this horrible rosacea beast. As a rosacea sufferer for many years I discovered in 1999 how to help control rosacea with diet. Over the years I have discovered what treatments rosacea sufferers have discussed works for them and noticed how frustrated rosacea can be. I founded the Rosacea Research & Development Institute in 2004 that is a 501 (c) (3) non-profit organization for rosaceans for finding the cure.

Gendered Career Trajectories in Academia in Cross-national Perspective Renata Siemieńska,Annette Zimmer,2007 What are the academic career options for women in various European countries? What has changed? Does the glass ceiling still exist? In a comparative perspective, contributors from different countries provide answers to these questions. By investigating the interrelationship between strategy and structure, the articles in this study focus on the interconnectedness between the institutional environment of systems of higher education and the strategic behavior, aspirations, hopes, and desires of female academics. The book examines how such systems impact those women looking back on their career path, those just starting to think about a career in academia, or those on their way to applying for a leadership position at a university.

Spirituality in Modern Literature Swami Satyaswarupananda,Swami Madhurananda, Fictional literature, when enkindled with spiritual ideas, creates an appeal that transcends time and place. This has been the case with many literary works produced in India and other parts of the world, and this is so even in our modern times characterized by consumerist culture that hardly sees below the surface of things. A compilation from 'Prabuddha Bharata', this book presents to the readers, through a series of articles, a systematic record of some of those writers who added the spiritual dimension to their fictional works in India and the Americas. Crime in Business. Grey market products and EU-legislation Marta Agnieszka Marciniak,2003-08-05 Seminar paper from the year 2002 in the subject Business economics - Law, grade: Good, Vienna University of Economics and Business (Institute for Business English), language: English, abstract: In the following I will give a short and general overview of the existing gray markets (definition and conditions). Furthermore, I will focus on the pharmaceutical industry which I consider the most interesting, even if dangerous. After a short description of possible gray market activities in this industry within the European Union I will enumerate some of the most important measures and regulations that are being taken against this serious problem. Finally, I will mention the negative as well as possible positive effects of gray markets, on both the producer and the consumer. "Gray markets are significant as they now exceed \$10 billion per year in North America and affect almost every major-trademarked product (Grenier, 1998). Gray markets are growing at more than 22 per cent annually (Lowe and McCrohan, 1988) and expect further growth as export operations increase (Myers, 1999)." When reading these lines one can presume that gray market activities are an inevitable result of the export of trade marked goods. Since exports are increasing steadily there are several attempts to restrain these semi-illegal activities.

Censorship in Polish Art After 1989 Jakub Dabrowski,Anna Demenko,2019-10-21 Censorship in Polish Art After 1989 is a pioneering work on censorship in Polish art after the fall of the USSR available in English for the first time with a skilled translation by Lukasz Mojsak. Polish Art Historian Jakub Dabrowski, with contributions from Anna Demenko, offers the first comprehensive study to analyze the problems of restricting the freedom of artistic expression in the Third Polish Republic. The book includes two complementary approaches - legal and historical (including political and social aspects of the phenomenon). Based on the collected factographic material, Dabrowski captures the characteristic qualitative and quantitative characteristics of the phenomenon studied in time. He enters his considerations in a wider social, political, artistic and media context, at the same time pointing to symbolic breakthroughs, precedents, sequences or correlations of events.

Common Culture and the Ideology of Difference in Medieval and Contemporary Poland Teresa Pac,2022-02-10 This

study examines shared culture in medieval and contemporary Poland. The author argues that shared culture produced by ethnically, religiously, and linguistically diverse societies—rather than elitist values or institutional, ethnic, and religious differences—was foundational to societal survival in medieval Polish cities.

Exploring Space Andrzej Ciuk, Katarzyna Molek-Kozakowska, 2013-02-14 *Exploring space: Spatial notions in cultural, literary and language studies* falls into two volumes and is the result of the 18th PASE (Polish Association for the Study of English) Conference organized by the English Department of Opole University and held at Kamień Śląski in April 2009. The first volume embraces cultural and literary studies and offers papers on narrative fiction, poetry, theatre and drama, and post-colonial studies. The texts and contexts explored are either British, American or Commonwealth. The second volume refers to English language studies and covers papers on lexicography, general linguistics and rhetoric, discourse studies and translation, second language acquisition/foreign language learning, and the methodology of foreign language teaching. The book aims to offer a comprehensive insight into how the category of space can inform original philological research; thus, it may be of interest to those in search of novel applications of space-related concepts, and to those who wish to acquire an update on current developments in English Studies across Poland (from the Preface).

Pain, Pride, and Politics Amarnath Amarasingam, 2015 *Pain, Pride, and Politics* is an examination of diasporic politics based on a case study of Sri Lankan Tamils in Canada. Amarnath Amarasingam analyzes the reactions of diasporic Tamils in Canada at a time when the Tamil Tigers, a separatist Tamil militant movement, was being crushed by the Sri Lankan armed forces and revises currently accepted analytical frameworks relating to diasporic communities. This book adds to our understanding of a particular diasporic group, while contributing to the theoretical literature in the area. Throughout, Amarasingam argues that transnational diasporic mobilization is at times determined and driven as much by internal organizational and communal developments as by events in their countries of origin, a phenomenon that has received relatively little attention in the scholarly literature. His work provides an in-depth examination of the ways in which a separatist sociopolitical movement beginning in Sri Lanka is carried forward, altered, and adapted by the diaspora and the struggles that are involved in this process. Amarasingam's impressive, clearly written study provides, at once, a fascinating account of the complex politics of the Sri Lankan Tamil community in Canada and a significant reappraisal of diaspora theory. —Mark P. Whitaker, author of *Learning Politics from Sivaram: The Life and Death of a Revolutionary Tamil Journalist in Sri Lanka* Written from the perspective of a critical insider, this engaging book helps us to make sense of the fractious complexity of Tamil diaspora politics since the defeat of the Liberation Tigers of Tamil Eelam in 2009. Its innovative angle on diaspora as a social movement points to ways of understanding how and why diasporas have become such important players on the global scene. —Nicholas Van Hear, Centre on Migration, Policy and Society at the University of Oxford AMARNATH AMARASINGAM is a Social Science and Humanities Research Council of Canada (SSHRC) Post-Doctoral Fellow in the Resilience Research Centre at Dalhousie University and the coeditor of *Sri Lanka: The Struggle for Peace in the Aftermath of War*.
