**Transforming REDD+** Angelsen, A., Martius, C., de Sy, V., Duchelle, A.E., Larson, A.M., Pham, T.T., 2018-12-12  
Constructive critique. This book provides a critical, evidence-based analysis of REDD+ implementation so far, without losing sight of the urgent need to reduce forest-based emissions to prevent catastrophic climate change. REDD+ as envisioned

**Companion Animals in Everyday Life** Michał Piotr Pręgowski, 2016-09-14 This book is an interdisciplinary collection shedding light on human-animal relationships and interactions around the world. The book offers a predominantly empirical look at social and cultural practices related to companion animals in Mexico, Poland, the Netherlands, Japan, China and Taiwan, Vietnam, USA, and Turkey among others. It focuses on how dogs, cats, rabbits and members of other species are perceived and treated in various cultures, highlighting commonalities and differences between them.

*Hacker, Hoaxer, Whistleblower, Spy* Gabriella Coleman, 2015-10-06 The ultimate book on the worldwide movement of hackers, pranksters, and activists collectively known as Anonymous—by the writer the Huffington Post says “knows all of Anonymous’ deepest, darkest secrets” “A work of anthropology that sometimes echoes a John le Carré novel.” —Wired Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside–outside status as Anon confidante, interpreter, and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, Hacker, Hoaxer, Whistleblower, Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”

*Notes for a Decolonial Political Theology* Silvana Rabinovich, 2024-01-23 At the crossroads of ethics, poetics and politics, this innovative book outlines a series of notes to decolonize political theology. The author proposes counter-hegemonic forms of reading, which deconstruct domination by embracing fragility. The book opens with a diapason of prejudicelessness as a decolonial key, focusing on prejudices that hinder critical attention to a colonial political theology that perpetuates hatred. The first set of notes aims to ‘de-orientalize the Semite’ by reading midrashic and biblical texts in the present context, the second seeks to decolonize language by exploring the power of translation, and the third ponders decolonial theo-logics to outline a justice of the other. Connecting a number of fields, authors, and epistemologies, the book addresses the Israeli-Palestinian conflict

and brings together Jewish thought, continental philosophy, and Latin American perspectives. It engages with a range of thinkers, including Benjamin and Arendt, and features an interview with Enrique Dussel. This is an important methodological proposal for interdisciplinary and intercultural political theology and a valuable contribution towards rethinking the paradigm of political theology beyond its Eurocentric and colonialist premises.

**Modern Neutrals** Amy Ellis, 2013-05-07 Best-selling author Amy Ellis has outdone herself with this amazing collection of new blocks and quilts. With her spot-on design sense, she shows how to use neutrals--including large-scale prints, solids, and tonal fabrics--in stunning quilts. Choose from 15 extraordinary quilt patterns that range from simple to intricate Discover Amy's secrets for using graphic quilt designs stitched in neutral tones to add sophistication and texture to living spaces Find an assortment of great gift ideas, even for guys

The Shaky Game Arthur Fine, 2009-02-25 In this new edition, Arthur Fine looks at Einstein's philosophy of science and develops his own views on realism. A new Afterword discusses the reaction to Fine's own theory. What really led Einstein . . . to renounce the new quantum order? For those interested in this question, this book is compulsory reading.--Harvey R. Brown, American Journal of Physics Fine has successfully combined a historical account of Einstein's philosophical views on quantum mechanics and a discussion of some of the philosophical problems associated with the interpretation of quantum theory with a discussion of some of the contemporary questions concerning realism and antirealism. . . . Clear, thoughtful, [and] well-written.--Allan Franklin, Annals of Science Attempts, from Einstein's published works and unpublished correspondence, to piece together a coherent picture of 'Einstein realism.' Especially illuminating are the letters between Einstein and fellow realist Schrödinger, as the latter was composing his famous 'Schrödinger-Cat' paper.--Nick Herbert, New Scientist Beautifully clear. . . . Fine's analysis is penetrating, his own results original and important. . . . The book is a splendid combination of new ways to think about quantum mechanics, about realism, and about Einstein's views of both.--Nancy Cartwright, Isis

**Keeping Faith with the Constitution** Goodwin Liu, Pamela S. Karlan, Christopher H. Schroeder, 2010-08-05 Chief Justice John Marshall argued that a constitution requires that only its great outlines should be marked [and] its important objects designated. Ours is intended to endure for ages to come, and consequently, to be adapted to the various crises of human affairs. In recent years, Marshall's great truths have been challenged by proponents of originalism and strict construction. Such legal thinkers as Supreme Court Justice Antonin Scalia argue that the Constitution must be construed and applied as it was when the Framers wrote it. In Keeping Faith with the Constitution, three legal authorities make the case for Marshall's vision. They describe their approach as constitutional fidelity--not to how the Framers would have applied the Constitution, but to the text and principles of the Constitution itself. The original understanding of the text is one source of interpretation, but not the only one; to preserve the meaning and authority of the document, to keep it vital, applications of the Constitution must be shaped by precedent, historical experience, practical consequence, and societal change. The

authors range across the history of constitutional interpretation to show how this approach has been the source of our greatest advances, from Brown v. Board of Education to the New Deal, from the Miranda decision to the expansion of women's rights. They delve into the complexities of voting rights, the malapportionment of legislative districts, speech freedoms, civil liberties and the War on Terror, and the evolution of checks and balances. The Constitution's framers could never have imagined DNA, global warming, or even women's equality. Yet these and many more realities shape our lives and outlook. Our Constitution will remain vital into our changing future, the authors write, if judges remain true to this rich tradition of adaptation and fidelity.

**Restrictive Language Policy in Practice** Amy J. Heineke, 2016-11-01 As the most restrictive language policy context in the United States, Arizona's monolingual and prescriptive approach to teaching English learners continues to capture international attention. More than five school years after initial implementation, this study uses qualitative data from the individuals doing the policy work to provide a holistic picture of the complexities and intricacies of Arizona's language policy in practice. Drawing on the varied perspectives of teachers, leaders, administrators, teacher-educators, lawmakers and community activists, the book examines the lived experiences of those involved in Arizona's language policy on a daily basis, highlighting the importance of local perspectives and experiences as well as the need to prepare and professionalize teachers of English learners.

**Understanding Media** Marshall McLuhan, 2016-09-04 When first published, Marshall McLuhan's Understanding Media made history with its radical view of the effects of electronic communications upon man and life in the twentieth century.

**Confirmation Hearing on Federal Appointments** United States. Congress. Senate. Committee on the Judiciary, 2003

**Those Damned Immigrants** Ediberto Román, Michael A. Olivas, 2013-07-31 This data-driven and massively documented study replaces rhetoric with analysis, myth with fact, and apocalyptic predictions with sane and realizable proposals. —Stanley Fish, Florida International University The election of Barack Obama prompted people around the world to herald the dawning of a new, postracial era in America. Yet a scant one month after Obama's election, Jose Oswaldo Sucuzhanay, a 31-year old Ecuadorian immigrant, was ambushed by a group of white men as he walked with his brother. Yelling anti-Latino slurs, the men beat Sucuzhanay into a coma. He died 5 days later. The incident is one of countless attacks that Latino/a immigrants have confronted for generations in America. And these attacks are accepted by a substantial number of American citizens and elected officials. Quick to cast all Latino/a immigrants as illegal, opponents have placed undocumented workers at the center of their anti-immigrant movement, targeting them as being responsible for increasing crime rates, a plummeting economy, and an erosion of traditional American values and culture. In Those Damned Immigrants, Ediberto Román takes on critics of Latina/o immigration, using government statistics, economic data, historical records, and social science research to provide a counter-narrative to what he argues is a largely one-sided public discourse on Latino/a immigration. Ediberto Román is Professor of Law and Director of Citizenship and Immigration Initiatives at Florida International University. Michael A. Olivas is the William B. Bates Distinguished Chair in Law at the University

of Houston Law Center and Director of the Institute for Higher Education Law and Governance at UH. In the Citizenship and Migration in the Americas series

**Acorn Cottage** Brenda Riddle,2020-03-02 Stitch the charms of a country cottage into every quilt you create! Designer Brenda Riddle, known for her use of fresh florals and sweet pastels, gathers her all-time favorite patterns to share with you in this beautifully photographed volume. A pretty, airy palette of pale pinks, pearly whites, and soft blues, greens, and grays provides a restful backdrop for 13 classic patchwork quilts, several embellished with wisps of enchanting appliqué. Projects are displayed in beautiful cottage-style settings that will inspire quilters to breathe a little romance into any space, greeting you with a welcome home.

**Los Angeles Magazine** ,2004-07 Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

**Byproducts from Agriculture and Fisheries** Benjamin K. Simpson,Alberta N. Aryee,Fidel Toldrá,2019-11-04 Ranging from biofuels to building materials, and from cosmetics to pharmaceuticals, the list of products that may be manufactured using discards from farming and fishery operations is extensive. Byproducts from Agriculture and Fisheries examines the procedures and technologies involved in this process of reconstitution, taking an environmentally aware approach as it explores the developing role of value-added byproducts in the spheres of food security, waste management, and climate control. An international group of authors contributes engaging and insightful chapters on a wide selection of animal and plant byproducts, discussing the practical business of byproduct recovery within the vital contexts of shifting socio-economic concerns and the emergence of green chemistry. This important text: Covers recent developments, current research, and emerging technologies in the fields of byproduct recovery and utilization Explores potential opportunities for future research and the prospective socioeconomic benefits of green waste management Includes detailed descriptions of procedures for the transformation of the wastes into of value-added food and non-food products With its combination of practical instruction and broader commentary, Byproducts from Agriculture and Fisheries offers essential insight and expertise to all students and professionals working in agriculture, environmental science, food science, and any other field concerned with sustainable resources.

*Queer Alliances* Erin Mayo-Adam,2020-07-14 A unique investigation into how alliances form in highly polarized times among LGBTQ, immigrant, and labor rights activists, revealing the impacts within each rights movement. Queer Alliances investigates coalition formation among LGBTQ, immigrant, and labor rights activists in the United States, revealing how these new alliances impact political movement formation. In the early 2000s, the LGBTQ and immigrant rights movements operated separately from and, sometimes, in a hostile manner towards each other. Since

2008, by contrast, major alliances have formed at the national and state level across these communities. Yet, this new coalition formation came at a cost. Today, coalitions across these communities have been largely reluctant to address issues of police brutality, mass incarceration, economic inequality, and the ruthless immigrant regulatory complex. *Queer Alliances* examines the extent to which grassroots groups bridged historic divisions based on race, gender, class, and immigration status through the development of coalitions, looking specifically at coalition building around expanding LGBTQ rights in Washington State and immigrant and migrant rights in Arizona. Erin Mayo-Adam traces the evolution of political movement formation in each state, and shows that while the movements expanded, they simultaneously ossified around goals that matter to the most advantaged segments of their respective communities. Through a detailed, multi-method study that involves archival research and in-depth interviews with organization leaders and advocates, *Queer Alliances* centers local, coalition-based mobilization across and within multiple movements rather than national campaigns and court cases that often occur at the end of movement formation. Mayo-Adam argues that the construction of common political movement narratives and a shared core of opponents can help to explain the paradoxical effects of coalition formation. On the one hand, the development of shared political movement narratives and common opponents can expand movements in some contexts. On the other hand, the episodic nature of rights-based campaigns can simultaneously contain and undermine movement expansion, reinforcing movement divisions. Mayo-Adam reveals the extent to which inter- and intra-movement coalitions, formed to win rights or thwart rights losses, represent and serve intersectionally marginalized communities—who are often absent from contemporary accounts of social movement formation.

**African American–Latino Relations in the 21st Century** Karen Juanita Carrillo, 2017-05-24 This provocative look at the connections—and conflicts—between Latinos and African Americans in the United States assesses the challenges facing both groups as they strive to achieve the American dream. Latino and African American communities in the United States share neighborhoods, similar family values, and many of the same challenges faced by minorities, yet are often at odds about their distinctive cultures and position in society. This book looks at the social and political history of both groups, pointing out their differences and similarities, and exploring their perceived role in America's social strata. Author Karen Juanita Carrillo delves into the often-controversial issues that have undermined Afro-Latino race relations in this country, including how the war on poverty led to competition and animosity, how the legacy of slavery bears on their relationship, and how prejudices among new immigrants inflame existing tensions. The book features a multitude of views and perspectives on what it means to be American for Latino and African American populations. Its extensive discussion of immigrant groups includes those arriving from Mexico, Puerto Rico, Cuba, El Salvador, Dominican Republic, Guatemala, Colombia, Honduras, Ecuador and Peru.

*Music and Youth Culture in Latin America* Pablo Vila, 2014 The book examines the ways in which music is used to advance identity claims in several Latin American countries and among Latinos in the U.S. Individual chapters address the ways in which music provides people with both enjoyment and the tools they use to understand who they are in terms of nationality, region, race, ethnicity, class, gender, and migration status.

**Attitudes Aren't Free** James E. Parco, 2010-09 Attitudes Aren't Free: Thinking Deeply about Diversity in the US Armed Forces emerged from a vision to collect essays from the brightest voices of experts across the range of contentious social issues to catalyze productive discussions between military members of all ranks and services. Forty-nine experts contributed to the following 29 chapters writing on the primary themes of religious expression, homosexuality, gender, race, and ethics. Chapters appearing in this volume passed the scrutiny of a double-blind peer-review by one or more referees from the board of reviewers. The chapters are largely written in a colloquial, intellectual op-ed fashion and capture a snapshot of the current discussions regarding a particular topic of interest to uniformed personnel, policy makers, and senior leaders. Each section seeks to frame the spectrum of perspectives captured within the current debates and lines of argument. Authors were specifically asked not to address all sides of the issue, but rather to produce a well-reasoned argument explaining why they believe their well-known position on an issue is in the best interests of the military members and make specific recommendations about how best to address the policy issues from their perspective. The volume is arranged in four primary sections by theme: Religious Expression, Homosexuality, Race and Gender, and Social Policy Perspectives. Within each section, readers will find multiple chapters-each embracing a different perspective surrounding the section's theme. Thus, because of the unbalanced nature of many of the individual chapters, it is critically important that readers focus on the entire spectrum of perspectives presented within a section to ensure they have the context necessary to frame any single perspective. Diversity of opinion has been the hallmark of the United States since its dramatic birth in 1776 and has continued unfettered through today where we now have developed the most innovative and effective military the world has ever known. Thus, it is imperative that we continue to reflect upon the diversity of ideas about how best to formulate the right social policy to ensure our service members can most effectively execute their missions.

Anna Julia Cooper, Visionary Black Feminist Vivian M. May, 2012-08-21 Vivian M. May explores the theoretical and political contributions of Anna Julia Cooper, a renowned Black feminist scholar, educator and activist whose ideas deserve far more attention than they have received. Drawing on Africana and feminist theory, May places Cooper's theorizing in its historical contexts and offers new ways to interpret the evolution of Cooper's visionary politics, subversive methodology, and defiant philosophical outlook. Rejecting notions that Cooper was an elitist duped by dominant ideologies, May contends that Cooper's ambiguity, code-switching, and irony should be understood as strategies of a radical methodology of dissent. May shows how across six decades of work, Cooper traced history's silences and delineated the workings of power and inequality in an array of contexts, from science to literature, economics to popular culture, religion to the law, education to social work, and from the political to the personal. May emphasizes that Cooper eschewed all forms of mastery and called for critical consciousness and collective action on the part of marginalized people at home and abroad. She concludes that in using a border-crossing, intersectional approach, Cooper successfully argues for theorizing from experience, develops inclusive methods of liberation, and crafts a vision of a fundamentally egalitarian social imaginary.

**The Grilled Cheese Madonna and 99 Other of the Weirdest, Wackiest, Most Famous eBay Auctions Ever** Christopher Cihlar, 2006-05-09 For sale: The state of West Virginia Britney Spears's Pregnancy Test A Spare Kidney Bob Dylan's Childhood Home The World's Longest French Fry Black Betsy The Meaning of Life There is only one place you can get all of these under one roof. In addition to being one of the world's largest retailers, eBay is also home of some of the most notorious, creative, and just plain weird items to ever hit the virtual auction block. This comic celebration of the spirit of free enterprise brings together the full stories of one hundred of the most hilarious eBay auctions ever. From the "Ghost in a Jar" auction that recorded more than a million page views, to the woman who auctioned off her virginity before eBay shut her page down, to the saintly grilled cheese sandwich said to portray the face of the Virgin Mary and contain special powers, to the man who modeled his ex-wife's wedding dress, sold it for more than three times its original purchase price, and received several marriage proposals to boot, this book chronicles the listings that have made the site such an integral—and entertaining—part of our culture. The Grilled Cheese Madonna is a salute to capitalism in its most ridiculous form.
