California Style Manual Bernard Ernest Witkin, 1977

Pentagon 9/11 Alfred Goldberg, 2007-09-05 The most comprehensive account to date of the 9/11 attack on the Pentagon and aftermath, this volume includes unprecedented details on the impact on the Pentagon building and personnel and the scope of the rescue, recovery, and caregiving effort. It features 32 pages of photographs and more than a dozen diagrams and illustrations not previously available.

Teaching Indigenous Students Jon Reyhner, 2015-04-29 Indigenous students learn and retain more when teachers value the language and culture of the students' community and incorporate them into the curriculum. This is a principle enshrined in the UN Declaration on the Rights of Indigenous Peoples (2007) and borne out both by the successes of Indigenous-language immersion schools and by the failures of past assimilationist practices and the recent English-only policies of the No Child Left Behind Act in the United States. *Teaching Indigenous Students* puts culturally based education squarely into practice. The volume, edited and with an introduction by leading American Indian education scholar Jon Reyhner, brings together new and dynamic research from established and emerging voices in the field of American Indian and Indigenous education. All of the contributions show how the quality of education for Indigenous students can be improved through the promotion of culturally and linguistically appropriate schooling. Grounded in place, community, and culture, the approaches set out in this volume reflect the firsthand experiences of teachers and students in interacting not just with texts and one another, but also with the local community and environment. The authors address the specifics of teaching the full range of subjects—from learning literacy using culturally meaningful texts to inquiry-based science curricula, and from math instruction that incorporates real-world experience to social studies that blend oral history and local culture with national and world history. *Teaching Indigenous Students* also emphasizes the importance of art, music, and physical education, both traditional and modern, in producing well-rounded human beings and helping students establish their identity as twenty-first-century Indigenous peoples. Surveying the work of Indigenous-language immersion schools around the world, this volume also holds out hope for the revitalization of Indigenous languages and traditional cultural values.

Cuban Identity and the Angolan Experience C. Peters, 2012-09-17 Exploring the cultural politics of Cuba's epic military engagement in the Angolan civil war, this book narrates the transformation of Cuban national identity from Latin African to Caribbean through the experience of internationalism in Angola.

No Man's Land Louis Raphael Nardini, 1961

Inside Terrorism Bruce Hoffman, 2017-09-05 Bruce Hoffman's *Inside Terrorism* has remained the seminal work for understanding the historical evolution of terrorism and the terrorist mind-set. In this revised third edition of his classic text, Hoffman analyzes the latest developments in global terrorism, offering insight into new adversaries, motivations, strategies, and tactics. He focuses on the rise of ISIS and the resilience of al-Qaeda; terrorist exploitation of the Internet and embrace of social media; radicalization of foreign fighters; and potential future trends, including the repercussions of a post-caliphate ISIS. Hoffman examines the demographics of contemporary terrorist leaders and recruits; the continued use of suicide bombers; and the likelihood of a chemical, biological, radiological, or nuclear terrorist strike. He also considers the resurgence of violent antigovernment militants, including white supremacists and opponents of abortion. He argues that the war on terrorism did not end with Osama bin Laden's death and that ongoing instability and strife in Syria, Iraq, Afghanistan, Libya, and Yemen, among other places, will both sustain terrorist movements and have broad implications for domestic and international security around the globe.

The Dawes Commission and the Allotment of the Five Civilized Tribes, 1893-1914 Kent Carter, 1999 Given by Eugene Edge III.

Slavery in America Dorothy Schneider, Carl J. Schneider, 2014-05-14 Presents the history of slavery in America from colonial times through the U.S. Civil War.

Sam Houston James L. Haley, 2015-04-10 In the decades preceding the Civil War, few figures in the United States were as influential or as controversial as Sam Houston. In *Sam Houston*, James L. Haley explores Houston's momentous career and the complex man behind it. Haley's fifteen years of research and writing have produced possibly the most complete, most personal, and most readable Sam Houston biography ever written. Drawn from personal papers never before available as well as the papers of others in Houston's circle, this biography will delight anyone intrigued by Sam Houston, Texas history, Civil War history, or America's tradition of rugged individualism.

Popular Injustice Angelina Snodgrass Godoy, 2006 *Popular Injustice* focuses on the spread of highly punitive forms of social control (known locally as *mano dura*) in contemporary Latin America, with a particular focus on lynchings in postwar Guatemala.

Long Island Life ,1915

Manufacturing Celebrity Vanessa Díaz,2020-08-14 In Manufacturing Celebrity Vanessa Díaz traces the complex power dynamics of the reporting and paparazzi work that fuel contemporary Hollywood and American celebrity culture. Drawing on ethnographic fieldwork, her experience reporting for People magazine, and dozens of interviews with photographers, journalists, publicists, magazine editors, and celebrities, Díaz examines the racialized and gendered labor involved in manufacturing and selling relatable celebrity personas. Celebrity reporters, most of whom are white women, are expected to leverage their sexuality to generate coverage, which makes them vulnerable to sexual exploitation and assault. Meanwhile, the predominantly male Latino paparazzi can face life-threatening situations and endure vilification that echoes anti-immigrant rhetoric. In pointing out the precarity of those who hustle to make a living by generating the bulk of celebrity media, Díaz highlights the profound inequities of the systems that provide consumers with 24/7 coverage of their favorite stars.
