Common Core Reading Lessons Stacey O'Reilly, Angie Stooksbury, 2013-12-04 The Common Core is placing a heavier emphasis on nonfiction, but that doesn't mean you have to give up your literature lessons! In this book, English teachers Stacey O'Reilly and Angie Stooksbury describe how you can combine nonfiction with fiction to meet the standards and give students a deeper understanding of what they are reading. This practical book provides a variety of nonfiction reading strategies as well as ready-to-implement lesson plans and text pairing suggestions. You will get... A variety of useful strategies to help students analyze nonfiction Sample units with step-by-step agendas and lesson plans Ready-to-use classroom handouts and rubrics for assessment Suggested text pairings across genres and time periods

The World of Angela Carter Dani Cavallaro, 2011-05-19 Angela Carter, a prolific author who worked in numerous genres, remains one of the most important British writers of the last century. She was particularly renowned for her investigation of cultural mythologies, which shape our lives but which we often leave unexamined. This text explores a selection of Carter's novels and short stories, supplemented with her perspectives on politics, society and aesthetics, and her attempts to redefine popular genres such as the fairy tale. This critical work is a strong addition to the scholarship on this important but often overlooked writer.

Avoiding War with China Amitai Etzioni, 2017-05-02 Are the United States and China on a collision course? In response to remarks made by Donald Trump's secretary of state, China's state-run newspaper Global Times asserted, Unless Washington plans to wage a large-scale war in the South China Sea, any other approaches to prevent Chinese access to the [disputed] islands will be foolish. Some experts contend that conflict is inevitable when an established power does not make sufficient room for a rising power. In this timely new work, renowned professor of international relations Amitai Etzioni explains why this would be disastrous and points to the ways the two nations can avoid war. The United States is already preparing for a war with China, Etzioni reveals. However, major differences of opinion exist among experts on the extent of military commitment required, and no plan has been formally reviewed by either Congress or the White House, nor has any been subjected to a public debate. Etzioni seeks here to provide a context for this long overdue discussion and to explore the most urgent questions: How aggressive is China? How powerful is it? Does it seek merely regional influence, or regional dominance, or to replace the United States as the global superpower? The most effective means of avoiding war, several experts argue, requires integrating China into the prevailing rule-based, liberal, international order. Etzioni spells out how this might be achieved and considers what can be done to improve the odds such an integration will take place. Others call for containing or balancing China, and Etzioni examines the risk posed by our alliances with various countries in the region, particularly India and Pakistan. With insight and clarity Etzioni presents our best strategy to reduce tension between the two powers, mapping out how the United States can accommodate China's regional rise without undermining its core interests, its allies, and the international order.

Dear Angela Michele Byers, David Lavery, 2007 Dear Angela includes fourteen critical essays that examine the brief-lived but landmark television series, My So-Called Life (1994-1995). Tackling a broad range of topics—from identity politics, to music, to infidelity, and death—each essay builds upon a belief that My So-Called Life is a particularly rich text worth studying for the clues it offers about a particular moment in cultural and television history.

Angela Merkel Alan Crawford, Tony Czuczka, 2013-06-12 Shortlisted for International Affairs Book of the Year in the Paddy Power Political Book Awards 2014 Angela Merkel was already unique when she became German chancellor: the first female leader of Europe's biggest economy, the first from former communist East Germany and the first born after World War II. Since 2010, the debt crisis that spread from Greece to the euro region and the world economy has propelled her to center-stage, making Merkel the dominant politician in the struggle to preserve Europe's economic model and its single currency. Yet the Protestant pastor's daughter is often viewed as enigmatic and hard-to-predict, a misreading that took hold as she resisted global pressure for grand gestures to counter the crisis. Having turned the fall of the Berlin Wall to her advantage, Merkel is trying to get history on her side again after reaching the fundamental decision to save the euro, the crowning achievement of post-war European unity. Merkel has brought Europe to a crossroads. Germany's economic might gives her unprecedented power to set the direction for the European Union's 500 million people. What's at stake is whether she will persuade them to follow the German lead. *Angela Merkel: A Chancellorship Forged in Crisis* is the definitive new biography of the world's most powerful woman. Delving into Merkel's past, the authors explain the motives behind her drive to remake Europe for the age of globalization, her economic role models and the experiences under communism that color her decisions. For the first time in English, Merkel is fully placed in her European context. Through exclusive interviews with leading policy makers and Merkel confidants, the book reveals the behind-the-scenes drama of the crisis that came to dominate her chancellorship, her prickly relationship with the U.S. and admiration for Eastern Europe. Written by two long-standing Merkel watchers, the book documents how her decisions and vision – both works in progress – are shaping a pivotal moment in European history.

Gender, Conflict, Peace, and UNSC Resolution 1325 Seema Shekhawat, 2018-01-15 This book examines the position of women in formal peace making in the context of UNSC Resolution 1325. It asks if the resolution, passed seventeen years ago, has been consigned to the domain of rhetoric, or

whether it still has practical significance.

Angela Merkel Tonya Cupp,2014-08-01 Angela Merkel is Germany's first woman chancellor. Find out about her life before and after her entry into politics, from her childhood in communist East Germany all the way through her efforts to reverse the Eurozone Crisis.

Unlivable Lives Laurel Westbrook,2020-11-10 Anti-violence movements rooted in identity politics are commonplace, including those to stop violence against people of color, women, and LGBT people. *Unlivable Lives* reveals the unintended consequences of this approach within the transgender rights movement in the United States. It illustrates how this form of activism obscures the causes of and lasting solutions to violence and exacerbates fear among members of the identity group, running counter to the goal of making lives more livable. Analyzing over a thousand documents produced by thirteen national organizations, Westbrook charts both a history of the movement and a path forward that relies less on identity-based tactics and more on intersectionality and coalition building. Provocative and galvanizing, this book envisions new strategies for anti-violence and social justice movements and will revolutionize the way we think about this form of activism.

100 Most Popular African American Authors Bernard A. Drew,2006-11-30 Here's a one stop resource, containing 100 profiles of your favorite contemporary African American writers, along with complete lists of their works. Focusing on writers who have made their mark in the past 25 years, this guide stresses African American writers of popular and genre literature—from Rochelle Alers and Octavia Butler, and Samuel Delaney to Walter Mosley, and Omar Tyree, with a few classic literary giants also included. Short profiles provide an overview of the author's life and summarize his or her writing accomplishments. Many are accompanied by black-and-white photos of the author. The biographies are followed by a complete list of the author's published works. Where can you find information about popular, contemporary African American authors? Web sites can be difficult to locate and unreliable, particularly for some of the newer authors, and their contents are inconsistent and often inaccurate. Although there are a number of reference works on African American writers, the emphasis tends to be on historical and literary authors. Here's a single volume containing 100 profiles of your favorite contemporary African American writers, along with lists of their works. Short profiles provide an overview of the author's life and summarize his or her writing accomplishments. Many are accompanied by black-and-white photos of the author. The biographies are followed by a complete list of the author's published works. Focusing on writers who have made their mark in the past 25 years, this guide covers African American writers of popular and genre literature—from Rochelle Alers, Octavia Butler, and Samuel Delaney to Walter Mosley, Omar Tyree, and Zane. A few classic literary giants who are popular with today's readers are also included—e.g., Maya Angelou, Toni Morrison, and Richard Wright. Readers who want to know more about their favorite African American authors or find other books written by those authors, students researching AA authors for reports and papers, and educators seeking background information for classes in African American literature will find this guide invaluable. (High school and up.)

An Encyclopedia of South Carolina Jazz & Blues Musicians Benjamin Franklin,2016-05-30 This comprehensive A-to-Z reference is “an impressive contribution to jazz history and surprisingly good reading” (Michael Ullman, author of *Jazz Lives*). This informative book documents the careers of South Carolina jazz and blues musicians from the nineteenth century to the present. The musicians range from the renowned (James Brown, Dizzy Gillespie), to the notable (Freddie Green, Josh White), the largely forgotten (Fud Livingston, Josie Miles), the obscure (Lottie Frost Hightower, Horace “Spoons” Williams), and the unknown (Vince Arnold, Johnny Wilson). Though the term “jazz” is commonly understood, if difficult to define, “blues” has evolved over time to include R&B, doo-wop, and soul. Performers in these genres are also represented, as are members of the Jenkins Orphanage bands of Charleston. Also covered are nineteenth-century musicians who performed what might be called proto-jazz or proto-blues in string bands, medicine shows, vaudeville, and the like. Organized alphabetically, from Johnny Acey to Webster Young, the entries include basic biographical information, South Carolina residences, career details, compositions, recordings as leaders and as band members, films, awards, websites, and lists of resources for additional reading. Former host of *Jazz in Retrospect* on NPR Benjamin Franklin V has ensured biographical accuracy to the greatest degree possible by consulting numerous public documents, and information in these records permitted him to dispel myths and correct misinformation that have surrounded South Carolina's musical history for generations. “Elucidates South Carolina as a profoundly crucial puzzle piece alongside New Orleans, Chicago, Kansas City and New York.” —Harry Skoler, professor, Berklee College of Music Includes photos

God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families Terry M. Turner,2017-12-18 “God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families is an insightful study that will be welcomed by thoughtful practitioners and all who ponder the African American family's complexity. Readers familiar with the deep, rich reservoir of African American family literature will recognize many of the black scholars referenced in this work. Readers unfamiliar with these sources will be grateful to discover them and the effective use of disparate literature. “This work will become a different kind of guide for studying American history through the lens of the African American family. Underneath all the research is the search for answers to the compelling questions: Is there a correlation between slave owners' denial to slaves, God's design for the family, and the familial chaos that has plagued African American families for more than a hundred fifty years? And if there is connection, what is it? “The author has brought something new to a familiar topic of discussion—the Bible. The unique moral compass that steered this study is

solidly anchored in the bedrock of holy scripture. In this work, the history and sociology of African American marriages are examined in light of the questions asked by Holy Scripture. In so doing, Dr. Turner skillfully attempts to help readers make sense of the story of black families in America. May this book mark the beginning to a new reality for African American families” (Dr. Willie Peterson, senior executive advisor, adjunct professor of Pastoral Ministries, Dallas Theological Seminary).

The Book of Angel Angela Bowen,2022-03-30 Angel's life didn't start out easy. The daughter of a Dutch prostitute and a Vietnam Vet in the 70s, her life quickly spiraled into abuse, homelessness, abandonment, and finally foster care. As a child, she learned to escape the trauma surrounding her by hiding in the recesses of her mind...her rabbit holes. But soon, she hears a Voice. It is one of hope and resilience that urges her to keep going even through the trials of her teenage years and empowers her with love and self-worth. Inspired by true events, Angie Bowen has woven a story that defies stereotypes and statistics to reveal a young woman driven to succeed against the odds. It is a story of renewal and a testament that the love of found family can be even more powerful than blood.

Racism, Misogyny, and the Othello Myth Celia R. Daileader,2005-08-25 A discussion of inter-racial sexual relations in Anglo-American literature from the English Renaissance to today.

Contextualizing Angela Davis Joy James,2023-12-28 Angela Davis is iconic as an international figure but few recognize the educational, political and ideological contexts that formed the public persona. Excavating layers of networks, activists, academics, polemicists, and funders across the ideological spectrum, Joy James studies the paradigms and platforms that leveraged Angela Davis into recognition as an activist and radical intellectual. Beginning in Alabama in 1944 with Davis's birthplace and ending in California in 1970 with a surrogate political family, James investigates context in order to better understand the agency and identity of Davis. Her chronology marks key events relevant to Davis, Black communities, and the US: AntiBlack repression under Jim Crow, Black bourgeois southern families, revolutionaries, elite education, communist parties, international travels, undergrad and graduate schooling-all interconnect and play a part in Davis's rise in stature from persecution as a UC graduate student to the UC Presidential chair some three decades later. Set against the backdrop of 21st-century US democracy and the rise of neofascists, James highlights of the centrality of those considered ancillary to US liberation movements. She unpacks the contradictions of iconography and revolutionary agency and shows how a triumphal figure from a symbolic era of struggle became the icon of the rare peoples' victory.

Reading the Comments Joseph M. Reagle, Jr.,2015-05-01 What we can learn about human nature from the informative, manipulative, confusing, and amusing messages at the bottom of the web. Online comment can be informative or misleading, entertaining or maddening. Haters and manipulators often seem to monopolize the conversation. Some comments are off-topic, or even topic-less. In this book, Joseph Reagle urges us to read the comments. Conversations “on the bottom half of the Internet,” he argues, can tell us much about human nature and social behavior. Reagle visits communities of Amazon reviewers, fan fiction authors, online learners, scammers, freethinkers, and mean kids. He shows how comment can inform us (through reviews), improve us (through feedback), manipulate us (through fakery), alienate us (through hate), shape us (through social comparison), and perplex us. He finds pre-Internet historical antecedents of online comment in Michelin stars, professional criticism, and the wisdom of crowds. He discusses the techniques of online fakery (distinguishing makers, fakers, and takers), describes the emotional work of receiving and giving feedback, and examines the culture of trolls and haters, bullying, and misogyny. He considers the way comment—a nonstop stream of social quantification and ranking—affects our self-esteem and well-being. And he examines how comment is puzzling—short and asynchronous, these messages can be slapdash, confusing, amusing, revealing, and weird, shedding context in their passage through the Internet, prompting readers to comment in turn, “WTF?!?”
