It then dives headfirst into the major laws, examining their history, scope, and requirements with a chapter devoted to each. The 23rd edition of this well-known Handbook has been thoroughly updated, covering major changes to the law and enforcement in the areas of Clean Air, Clean Water, Climate Change, Oil Pollution, and Pollution Prevention. Colonialism, Maasina Rule, and the Origins of Malaitan Kastom David W. Akin, 2013-10-31 This book is a political history of the island of Malaita in the British Solomon Islands Protectorate from 1927, when the last violent resistance to colonial rule was crushed, to 1953 and the inauguration of the island's first representative political body, the Malaita Council. At the book's heart is a political movement known as Maasina Rule, which dominated political affairs in the southeastern Solomons for many years after World War II. The movement's ideology, kastom, was grounded in the determination that only Malaitans themselves could properly chart their future through application of Malaitan sensibilities and methods, free from British interference. Kastom promoted a radical transformation of Malaitan lives by sweeping social engineering projects and alternative governing and legal structures. When the government tried to suppress Maasina Rule through force, its followers brought colonial administration on the island to a halt for several years through a labor strike and massive civil resistance actions that overflowed government prison camps. David Akin draws on extensive archival and field research to present a practice-based analysis of colonial officers' interactions with Malaitans in the years leading up to and during Maasina Rule. A primary focus is the place of knowledge in the colonial administration. Many scholars have explored how various regimes deployed "colonial knowledge" of subject populations in Asia and Africa to reorder and rule them. The British imported to the Solomons models for "native administration" based on such an approach, particularly schemes of indirect rule developed in Africa. The concept of "custom" was basic to these schemes and to European understandings of Melanesians, and it was made the lynchpin of government policies that granted limited political roles to local ideas and practices. Officers knew very little about Malaitan cultures, however, and Malaitans seized the opportunity to transform custom into kastom, as the foundation for a new society. The book's overarching topic is the dangerous road that colonial ignorance paved for policy makers, from young cadets in the field to high officials in distant Fiji and London. Today kastom remains a powerful concept on Malaita, but continued confusion regarding its origins, history, and meanings hampers understandings of contemporary Malaitan politics and of Malaitan people's ongoing, problematic relations with the state.

Ethics of Contemporary Art Theo Reeves-Evison, 2020-11-26 What happens when the shock of artistic transgression wears off, when scandal dissipates, when outrage becomes a tired routine? In this original new book, Theo Reeves-Evison argues that transgressive art no longer succeeds on

its own terms in societies where language, prohibition and morality have become increasingly malleable. This compels us to rethink the relationship between contemporary art and ethics, and focus our attention on the potential of artworks to propose new values rather than simply challenge pre-existing moral codes. Assembling a novel theoretical framework from the writings of Félix Guattari, Jacques Lacan and others, *Ethics of Contemporary Art* narrates a journey away from transgression towards a new critical paradigm for the relationship between ethics and aesthetics that places questions of subjectivity centre stage. Along the way artworks by Kader Attia, Artur Zmijewski, Dora Garcia and others serve as springboards launching discussions of the varied pathways along which a renewed ethics of contemporary art might develop.

New Adventures of Mary-Kate & Ashley #33: The Case of the Hollywood Who-Done-It Melinda Metz, 2002-12-31 Detectives Mary-Kate and Ashley score an invitation to the movie awards in Hollywood only to find out that one of the statues has been stolen, and they must find the thief before the show is cancelled.

The Witness of the Stars Ethelbert William Bullinger, 1928 Some years ago it was my privilege to enjoy the acquaintance of Miss Frances Rolleston, of Keswick, and to carry on a correspondence with her with respect to her work, *Mazzaroth: or, the Constellations*. She was the first to create an interest in this important subject. Since then Dr. Seiss, of Philadelphia, has endeavoured to popularize her work on the other side of the Atlantic; and brief references have been made to the subject in such books as *Moses and Geology*, by Dr. Kinns, and in *Primeval Man*; but it was felt, for many reasons, that it was desirable to make another effort to set forth, in a more complete form, the witness of the stars to prophetic truth, so necessary in these last days. To the late Miss Rolleston, however, belongs the honour of collecting a mass of information bearing on this subject; but, published as it was, chiefly in the form of notes, unarranged and unindexed, it was suited only for, but was most valuable to, the student. She it was who performed the drudgery of collecting the facts presented by Albumazar, the Arab astronomer to the Caliphs of Grenada, 850 a.d.; and the Tables drawn up by Ulugh Beigh, the Tartar prince and astronomer, about 1650 a.d., who gives the Arabian Astronomy as it had come down from the earliest times. Modern astronomers have preserved, and still have in common use, the ancient names of over a hundred of the principal stars which have been handed down; but now these names are used merely as a convenience, and without any reference to their significance. This work is an attempt to popularize this ancient information, and to use it in the interests of truth. For the ancient astronomical facts and the names, with their signification, I am, from the very nature of the case, indebted, of course, to all who have preserved, collected, and handed them down; but for their interpretation I am alone responsible. It is for the readers to judge how far my conclusions are borne out by the evidence; and how far the foundation of our hopes of coming glory are strengthened by the prophecies which have been written in the stars of heaven, as well as in the Scriptures of truth.

Reading the Irish Woman Gerardine Meaney, Mary O'Dowd, Bernadette Whelan, 2013 Examining an impressive length of Irish cultural history, from 1700–1960, *Reading the Irishwoman* explores the dynamisms of cultural encounter and exchange in Irish women's lives. Analyzing the popular and consumer cultures of a variety of eras, it traces how the circulation of ideas, fantasies, and aspirations shaped women's lives both in actuality and in imagination. The authors uncover a huge array of different representations that Irish women have been able to identify with, including heroine, patriot, philanthropist, actress, singer, model, and missionary. By studying this diversity of viable roles in the Irish woman's cultural world, the authors point to evidence of women's agency and aspiration that reached far beyond the domestic sphere.

Secondo le mie forze e il mio giudizio. Chi decide sul fine vita. Morire nel mondo contemporaneo Chiara Lalli, 2014-06-26 Siamo liberi di scegliere se e come curarci. Non esiste soluzione migliore di questa. Come potrebbe qualcun altro conoscere i nostri desideri, sapere qual è il nostro bene, decidere al posto nostro? Cosa succede quando, per motivi di salute, non siamo più in condizione di avere o esprimere un parere? Il perfezionamento delle tecnologie per la sopravvivenza solleva ogni giorno interrogativi morali e dilemmi clinici. Nell'approccio a simili questioni spesso è prevalso un solido paternalismo: credere di essere nel giusto e sentirsi autorizzati a imporre le proprie convinzioni e decisioni a chi non è più in grado di opporsi. Per esempio, di fronte a malati privi di coscienza che, talvolta in modo irreversibile, necessitano di essere nutriti artificialmente mediante un sondino nasogastrico. O di cui sia stata dichiarata la morte cerebrale, in seguito alla completa devastazione del sistema nervoso centrale. O affetti da dolore cronico che richiedano una qualche forma di sedazione. In tutti questi casi, il paradosso è sempre dietro l'angolo: strumenti nati per salvare o migliorare la nostra salute rischiano di ingabbiarci in vite che non avremmo voluto vivere, e un diritto fondamentale dell'uomo diviene così un dovere. L'unico rimedio alla trappola di un'esistenza imposta è l'esercizio della nostra libera e consapevole scelta. È qui che intervengono le DAT, le direttive anticipate di trattamento, che prolungano quell'esercizio e fanno valere la nostra volontà anche in un futuro in cui potremmo non essere in grado di manifestarla. La riflessione di Chiara Lalli s'inserisce nel dibattito aperto in Italia e all'estero sulle decisioni di fine vita e sul cosiddetto living will, in passato già al centro di conflitti e oggetto di pessimi disegni di legge, soprattutto per l'impatto emotivo dei casi di Eluana Englaro, Piergiorgio Welby, Terri Schiavo. Lalli ricostruisce le premesse morali, giuridiche e deontologiche di uno strumento che dovrebbe essere il più leggero possibile e garante della nostra autodeterminazione. Il rischio che si torni a discuterne in Parlamento, ripercorrendo ancora la vecchia strada, oppressiva e ingiustificabile, è concreto. Nel territorio liminale tra coscienza e in coscienza, tra eutanasia attiva e passiva, bisogna salvare l'unica vera «volontà del vivente», perché il rispetto delle nostre scelte di oggi sia assicurato anche domani.

Looking for The Gulf Motel Richard Blanco, 2012-02-12 Family continues to be a wellspring of inspiration and learning for Blanco. His third book of poetry, *Looking for The Gulf Motel*, is a genealogy of the heart, exploring how his family's emotion legacy has shaped—and continues shaping—his perspectives. The collection is presented in three movements, each one chronicling his understanding of a particular facet of life from childhood into adulthood. As a child born into the milieu of his Cuban exiled familia, the first movement delves into early questions of cultural identity and their evolution into his unrelenting sense of displacement and quest for the elusive meaning of home. The second, begins with poems peering back into family again, examining the blurred lines of gender, the frailty of his father-son relationship, and the intersection of his cultural and sexual identities as a Cuban-American gay man living in rural Maine. In the last movement, poems focused on his mother's life shaped by exile, his father's death, and the passing of a generation of relatives, all provide lessons about his own impermanence in the world and the permanence of loss. *Looking for the Gulf Motel* is looking for the beauty of that which we cannot hold onto, be it country, family, or love.
