Persecuted Paul Marshall,Lela Gilbert,Nina Shea,2013-03-11 Christians are the world's most widely persecuted religious group, according to studies by the Pew Research Center, Newsweek, and the Economist, among others. A woman is caught with a Bible and publicly shot to death. An elderly priest is abducted and never seen again. Three buses full of students and teachers are struck by roadside bombs. These are not casualties of a war. These are Christian believers being persecuted for their faith in the twenty-first century. Many Americans do not understand that Christians today are victims in many parts of the world. Even many Western Christians, who worship and pray without fear of violent repercussions, are unaware that so many followers of Christ live under governments and among people who are often openly hostile to their faith. They think martyrdom became a rarity long ago. Persecuted soundly refutes these assumptions. This book offers a glimpse at the modern-day life of Christians worldwide, recounting the ongoing attacks that rarely make international headlines. As Western Christians pray for the future of Christ's church, it is vital that they understand a large part of the world's Christian believers live in danger. Persecuted gives documented accounts of the persecution of Christians in Africa, Asia, the Middle East, and former Soviet nations. It contains vivid stories of men and women who suffer abuse because of their faith in Jesus Christ, and tells of their perseverance and courage.. Persecuted is far more than a thorough and moving study of this global pattern of violence—it is a cry for freedom and a call to action.

Better Babies and Their Care (Classic Reprint) Anna Steese Richardson,2018-01-31 Excerpt from Better Babies and Their Care It was in January, 1913, that the Woman's Home Companion sent Anna Steese Richardson to Denver, Colorado, to report a Baby Health Contest held in connection with the National Western Live Stock Exposition. There she found babies being examined for physical and mental development, and scored for points by standards of weights and measurements very much as live stock is scored at agricultural fairs. Mrs. Richardson's journalistic instinct told her that here was a big constructive work, at its very beginning, and that its spectacular possibilities would make attractive copy for a magazine. But before she left Denver for New York She had begun to think of something much bigger and more important than what the babies could do for the magazine, and that was what the maga zine could do for the cause of better babies. Baby in Sync Miranda Thorpe,2022-09-30 Miranda Thorpe, an experienced psychotherapist and grandmother, offers us a unique book about a valuable parenting skill that is rapidly being lost around the world. The simple technique of early and gentle toilet training (Elimination Communication) is a traditional method of using observation, timing, sounds, and intuition with minimal use of nappies (diapers). This ‘dance’ between the caregiver and baby results in a stronger ‘in sync’ bond that then helps the baby to become more in tune with their own body and feelings. Miranda reveals how this early toilet training practice is an invaluable key to deeper and healthier relationships. In this important book she integrates the physical, emotional, environmental, and psychological facets of this fascinating topic.

Who Wants To be A Baby... Again (vol 1) Ben Pathen,2020-11-24 It is arguably the most common theme in ABDL fiction – becoming a baby again, perhaps forever and perhaps completely so. For many Adult Babies, the idea of being able to give into our wishes and desires completely and without restriction is a wonderful concept and one that grabs our attention. For the vast majority of adult babies, the expression of our inner infant is complicated by endless compromises and limits on what we can actually do. Our partners limit us. Our finances limit us. Social acceptance - and the lack thereof – limits us. Friends, employment, family and other issues limit us. But fiction can overcome all of these. In fiction, we can bend the rules of probability, break the bounds of social norms and erase the limits that otherwise keep us from expressing our inner infancy the way we wish. In these three books, you will read of adults that become complete babies once more. If they are not originally completely willing to become babies again, they quickly discover the joys, the peace and comfort of diapers, baby clothes, bottle feeds and baby toys. Infancy is entrancing to almost everyone, but for those special people – adult babies – infancy is only a diaper-change away and stories of grownups reverting to babyhood is less fiction than an innate desire that we express on the pages of a book. Enjoy your stay in the world of refreshing infancy. NOTE: These are the 'Diaper Versions' of the original 'nappy' books.
