Brandwashed Martin Lindstrom,2012-01-03 Marketing visionary Martin Lindstrom has been on the front line of the branding for over twenty years. In Brandwashed, he turns the spotlight on his own industry, drawing on all he has witnessed behind closed doors, exposing for the first time the full extent of the psychological tricks and traps that companies devise to win our hard-earned money. Lindstrom reveals eye opening details such as how advertisers and marketers target children at an alarmingly young age (starting when they are still in the womb), what heterosexual men really think about when they see sexually provocative advertising, how marketers and retailers stoke the flames of public panic and capitalize on paranoia over diseases, extreme weather events, and food contamination scares. It also presents the first ever evidence to prove how addicted we are to our smartphones, and how certain companies (like the maker of a very popular lip balm), purposely adjust their formulas in order to make their products chemically addictive, and much, much more. Brandwashed is a shocking insider's look at how today's global giants conspire to obscure the truth and manipulate our minds, all in service of persuading us to buy.

Weathering the Storm Tracy W. Mehr-Muska,2019-04-17 Resilience enables us not only to survive adversity, but to be transformed by it. This book offers simple and proven strategies to develop resilience that will be of enormous benefit to anyone who is yearning to feel more peaceful and prepared. Coast Guard veteran, interfaith chaplain, and pastor Tracy Mehr-Muska shares the stories of her own struggles with self-esteem, sexual assault, and miscarriage that inspired her to research resilience and to enthusiastically reach this conclusion: resilience is not something that is inborn, but instead is a set of characteristics we can cultivate. Mehr-Muska brings these characteristics to life using inspirational secular and multifith stories, as well as compelling scientific evidence. She ties each chapter together with an uplifting story of a personal friend that bravely and gracefully overcame obstacles and embodies each of these essential characteristics. Weathering the Storm also poses insightful questions for reflection and offers concrete strategies for implementation that can be used individually or in group contexts such as faith communities, families, and therapeutic relationships. Just as we practice fire drills before a fire happens, this book will help us be better equipped for the eventual storms of life so we can live with greater peace and preparedness.
