Internet Searches for Vetting, Investigations, and Open-Source Intelligence Edward J. Appel,2017-05-31 In the information age, it is critical that we understand the implications and exposure of the activities and data documented on the Internet. Improved efficiencies and the added capabilities of instant communication, high-speed connectivity to browsers, search engines, websites, databases, indexing, searching and analytical applications have made

Xu Bing Sarah E. Fraser,Yu-Chieh Li,2020-07-20 This volume offers a path-breaking reassessment of Xu Bing's oeuvre by analyzing the diverse cultural environments in which his work has developed since the Book from the Sky. It contains three lecture transcripts and eight art historical essays; these explore themes such as Xu's animal works, audience participation, new ink, prints, realism, socialist spectacle, and word play. A critical question addressed in this volume is what carries art to a global level beyond regional histories and cultural symbols. Absorbing critical essays on contemporary Chinese aesthetics addressing the social context and philosophical concerns that underlie Xu Bing's key works. The authors analyze Xu's art, shedding light on the tangled history of socialism and neoliberalism in the Post-Mao period. --Prof. Dr. Lothar Ledderose, Senior Professor, Institute of East Asian Art, Universität Heidelberg

Delinquency in Society Robert Regoli, John Hewitt, Matt DeLisi, 2010 *Delinquency in Society*, Eighth Edition provides a systematic introduction to the study of juvenile delinquency, criminal behavior, and status offending youths. This text examines the theories of juvenile crimes and the social context of delinquency including the relevance of families, schools, and peer groups. Reorganized and thoroughly updated to reflect the most current trends and developments in juvenile delinquency, the Eighth Edition includes discussions of the history, institutional context, and societal reactions to delinquent behavior. Delinquency prevention programs and basic coverage of delinquency as it relates to the criminal justice system are also included to add context and support student comprehension.

[Facebook Nation](#) Newton Lee, 2022-02-02 This book explores total information awareness empowered by social media. At the FBI Citizens Academy in February 2021, I asked the FBI about the January 6 Capitol riot organized on social media that led to the unprecedented ban of a sitting U.S. President by all major social networks. In March 2021, Facebook CEO Mark Zuckerberg, Google CEO Sundar Pichai, and Twitter CEO Jack Dorsey appeared before Congress to face criticism about their handling of misinformation and online extremism that culminated in the storming of Capitol Hill. With more than three billion monthly active users, Facebook family of apps is by far the world's largest social network. Facebook as a nation is bigger than the top three most populous countries in the world: China, India, and the United States. Social media has enabled its users to inform and misinform the public, to appease and disrupt Wall Street, to mitigate and exacerbate the COVID-19 pandemic, and to unite and divide a country. Mark Zuckerberg once said, We exist at the intersection of technology and social issues. He should have heeded his own words. In October 2021, former Facebook manager-turned-whistleblower Frances Haugen testified at the U.S. Senate that Facebook's products harm children, stoke division, and weaken our democracy. This book offers discourse and practical advice on information and misinformation, cybersecurity and privacy issues, cryptocurrency and business intelligence, social media marketing and caveats, e-government and e-activism, as well as the pros and cons of total information awareness including the Edward Snowden leaks. Highly recommended. - T. D. Richardson, Choice Magazine A great book for social media experts. - Will M., AdWeek Parents in particular would be well advised to make this book compulsory reading for their teenage children... - David B. Henderson, ACM Computing Reviews

Directory of Web Sites Graham Bennett, 1999 Overloaded with the mass of information on the Internet? Frustrated by how difficult it is to find what you really want? Now you don't need to spend hours browsing around the Internet or grappling with the huge number of hits from an Internet search engine: the *Directory of Web Sites* will take you straight to the best educational sites on the Internet. From archaeology to zoology, from dance to technology, the *Directory* provides information more than 5,500 carefully selected Web sites that represent the best of what the Internet has to offer. The sites are grouped by subject; each one features a full description; and the text is complemented throughout by screenshots and fact boxes. As well, sites have been selected purely on educational merit: all sites with overtly commercial content and influence from Internet providers have been excluded.

[Christian Women and Modern China](#) Li Ma, 2021-01-28 *Christian Women and Modern China* presents a social history of women pioneers in Chinese Protestantism from the 1880s to the 2010s. The author interrupts a hegemonic framework of historical narratives by exploring formal institutions and rules as well as social networks and social norms that shape the lived experiences of women. This book achieves a more nuanced understanding about the interplays of Christianity, gender, power and modern Chinese history. It reintroduces Chinese Christian women pioneers not only to women's history and the history of Chinese Christianity, but also to the history of global Christian mission and the global history of many modern professions,

such as medicine, education, literature, music, charity, journalism, and literature.

Going My Way Ruth Prigozy,Walter Raubicheck,2007 A study of the singer/actor's art and of his centrality to the history of twentieth-century music, film, and the entertainment industry. It uses a range of perspectives to explore Crosby's achievements. It also includes tributes and reminiscences and explores his accomplishments as an actor, businessman, and radio and television performer.

Hit Songs, 1900-1955 Don Tyler,2007-04-02 This is a chronology of the most famous songs from the years before rock 'n' roll. The top hits for each year are described, including vital information such as song origin, artist(s), and chart information. For many songs, the author includes any web or library holdings of sheet music covers, musical scores, and free audio files. An extensive collection of biographical sketches follows, providing performing credits, relevant professional awards, and brief biographies for hundreds of the era's most popular performers, lyricists, and composers. Includes an alphabetical song index and bibliography.

Tiger Girls Minglu Chen,2012-03-29 The existing scholarship on women in China suggests that gender inequality still exists against the background of the country's reform and opening in recent years. However, the situation of women in enterprise ownership and leadership seems to indicate that despite such notions of disadvantage amongst women, some of them are playing a more active and significant role in China's economic development. Based on a series of interviews with female enterprise owners, wives of enterprise owners and women managers conducted in diverse locations in three difference provinces of China, Tiger Girls examines the deeper realities of women entrepreneurs in China, and by extension the role of leading women in the workforce. By analyzing information on these women's personal experiences, careers and families, this book investigates their status at work and at home, as well as their connections with local politics. The research results suggest that although traces of gender inequality can still be found in these women's lives, they appear to be actively engaged in the business establishment and operation and gradually casting off the leash of domestic responsibilities. This book will be of interest to students and scholars of Chinese Studies, Chinese Business, Chinese Economics and Asian Studies. Minglu Chen is ARC Postdoctoral Fellow in the Department of Government and International Relations at Sydney University, Australia.

Music, Movies, Meanings, and Markets Morris Holbrook, 2012-01-25 Music, Movies, Meanings, and Markets focuses on macromarketing-related aspects of film music in general and on the cinemusical role of ambi-diegetic jazz in particular. The book examines other work on music in motion pictures which has dealt primarily with the traditional distinction between nondiegetic film music (background music that comes from off-screen and is not audible to the film's characters, to further the dramatic development of plot, character, or other themes) and diegetic music (source music produced on-screen and/or that is audible to the film's characters, adding to the realism of the mise-en-scène without contributing much to other dramatic meanings). This book defines, describes, and illustrates another hitherto-neglected type of film music -ambi-diegetic film music, which appears on-screen but which contributes to the dramatic development of plot, character, and other themes. Consistent with an interest in macromarketing, such ambi-diegetic film music serves as a kind of product placement (suitable for commercialization via the cross-promotion of soundtrack albums, for example) and plays a role in product design. It also provides one type of symbolic consumer behavior that indicates choices made by film characters when playing-singing-listening-or-dancing in ways that reveal their personalities or convey other cinemusical meanings. Morris Holbrook argues that ambi-diegetic film music sheds light on various social issues -such as the age-old tension between art and entertainment as it applies to the contrast between creative integrity and commercialization. Music, Movies, Meanings, and Markets explores the ways in which ambi-diegetic jazz contributes to the development of dramatic meanings in various films, many of which address the art-versus-commerce theme as a central concern.

Xu Bing and Contemporary Chinese Art Hsingyuan Tsao, Roger T. Ames, 2011-09-01 How Chinese is contemporary Chinese art? Treasured by collectors, critics, and art world cognoscenti, this art developed within an avant-garde that looked West to find a language to strike out against government control. Traditionally, Chinese artistic expression has been related to the structure and function of the Chinese language and the assumptions of Chinese natural cosmology. Is contemporary Chinese art rooted in these traditions or is it an example of cultural self-colonization? Contributors to this volume address this question, going beyond the more obvious political and social commentaries on contemporary Chinese art to find resonances between contemporary artistic ideas and the indigenous sources of Chinese cultural self-understanding. Focusing in particular on the acclaimed artist Xu Bing, this book looks at how he and his peers have navigated between two different cultural sites to establish a third place, a place from which to appropriate Western ideas and use them to address centuries-old Chinese cultural issues within a Chinese cultural discourse.

Religion, Thesis Dr. Everett C Borders Jr., 2017-07-11 A forward truth, real truth, is never offensive except for the blinders of personal perspectives of latent benign ambiguities of realities and historical perceptions. Without positive cognitive change, something sleeps inside us all and seldom awakens. This sleeper began to awaken in the mid 1950s and has stayed awake ever since as many and all have eyes but cannot fully or truly see, as an eye for an eye will always leave you blind.
