*We've Got Blog* Editors Of Perseus Publishing,2009-04-29 Instantaneous and raw, unedited and uncensored, Weblogs are self-publishing at its best and its worst-- occasionally brilliant but often pretentious, sometimes shocking but always fascinating. *We've Got Blog* is the first book to explore this phenomenon, which has been quickly rising from obscure Webpages to national attention in the Wall Street Journal and USA Today. Weblogs are free, searchable journals of opinions and links updated daily by an individual or a group and they have become some of the hottest Websites. *We've Got Blog* has pulled together some of the best writing explaining their history, the mavericks who created them, and how they are changing the way we use the Internet.

*The Blog That Became a Book* Edward Trice,2013-10-31 This book began as a series of posts on my blog/website edwardsjournal.com in April 2008. Spirited by the need to vent my frustrations with daily life, the posts expanded in choice of subjects. The elections and events of that year, economic collapse,disturbing lies with a horrific war all provided ample fuel to blog. The posting dates provided a running factual history of occurrences as I saw them then. The events from the beginning to the present has been a treasure chest to look back on and a reference for what is truly problematic to all of us. Reaching every concern of my life, especially democratic issues, sports, my journal became more personally therapeutic with each and every post. These blogs reflect my humble understanding of our world and it's events. With as much gratitude and appreciation to my readers that can be imagined for finding the time to read and consider it's content , I offer my book from my blog

How Public Like a Frog Olivia Diamond,2017-08-22 Blogging in the past few decades has evolved into a distinct genre. Taking a cue from Emily Dickinson's poem, the author jumps into the vast ocean of bloggers today, offering her original take on books, films, culture, and the craft of writing fiction and poetry. Some posts are commentaries on her own novels and poetry books. From her remote mountain retreat she sends these mini-essays into the blogosphere. Collected in this anthology are posts from her blog site How Public like a Frog during the period May 2011 to May 2017. For some individuals, a blog can be an online journal, a ranting platform, or an informational forum for a personal interest or hobby. In the classical sense, Olivia Diamond's blogs aim to delight and to instruct while producing a lively exchange of ideas on a wide range of topics. Compact nuggets, they can be read and enjoyed in a spare moment like a piece of rich, dark chocolate.
