Handbook of Research on Sustainable Career Ecosystems for University Students and Graduates Donald, William E.,2023-06-01 In today's modern world, students must understand the current business landscape when graduating and applying for jobs. Understanding how to market themselves and what companies look for when hiring is crucial, and they must be prepared for this evolving landscape. Due to this, it is critical to establish a sustainable career ecosystem. The Handbook of Research on Sustainable Career Ecosystems for University Students and Graduates draws together the fragmented fields of vocational behavior and human resource management in the context of early-career talent, captures the current state of the landscape and makes suggestions for what opportunities and challenges may lie ahead, and provides a consolidated view of establishing and maintaining sustainable career ecosystems. Covering key topics such as diversity, employability, and career shocks, this premier reference source is ideal for educational professionals, administrators, curriculum developers, business owners, managers, policymakers, researchers, academicians, scholars, practitioners, instructors, and students.

Married to Christ Milton J Fletcher,2012-09 Examine the foundation of union with Christ's death and resurrection as a source of salvation. Explain the idea that as ordinary death alters legal relationships, death in Christ alters the believer's legal obligations. The penalty that the law exacts is death, but those who have died through union with Christ have already suffered this penalty; the law has no authority to condemn them further. Discuss the law of marriage- when one partner dies, the law governing the relationship ceases to apply, and remarriage is not sin. Convey that believers rose to new life through union with Christ in the resurrection, and are free to belong to Christ for the purpose of bearing fruit to God. Illustrate that the old Adamic marriage to the law ceased to exist; believers are no longer under law, but are released from it. Describe the new marriage, an entry in to a new life dominated by the Holy Spirit, who gives new power to fulfill the holy laws of God.

Communities of Memory William James Booth,2018-07-05 Memory has fueled merciless, violent strife, and it has been at the core of reconciliation and reconstruction. It has been used to justify great crimes, and yet it is central to the pursuit of justice. In these and more everyday ways, we live surrounded by memory, individual and social: in our habits, our names, the places where we live, street names, libraries, archives, and our citizenship, institutions, and laws. Still, we wonder what to make of memory and its gifts, though sometimes we are hardly even certain that they are gifts. Of the many chambers in this vast palace, I mean to ask particularly after the place of memory in politics, in the identity of political communities, and in their practices of doing justice.—from the Preface W. James Booth seeks to understand the place of memory in the identity, ethics, and practices of justice of political communities. Identity is, he believes, a particular kind of continuity across time, one central to the possibility of agency and responsibility, and memory plays a central role in grounding that continuity. Memory-identity takes two forms: a habitlike form, the deep presence of the past that is part of a life-led-in-common; and a more fragile, vulnerable form in which memory struggles to preserve identity through time—notably in bearing witness—a form of memory work deeply bound up with the identity of political communities. Booth argues that memory holds a defining place in determining how justice is administered. Memory is tied to the very possibility of an ethical community, one responsible for its own past, able to make commitments for the future, and driven to seek justice. Underneath (and motivating) the politics of memory, understood as contests over the writing of history, over memorials, museums, and canons, he writes, there lies an intertwining of memory, identity, and justice. Communities of Memory both argues for and maps out that intertwining.

Mañana Means Heaven Tim Z. Hernandez,2016-09-27 In this love story of impossible odds, award-winning writer Tim Z. Hernandez weaves a rich and visionary portrait of Bea Franco, the real woman behind famed American author Jack Kerouac’s “The Mexican Girl.” Set against an ominous backdrop of California in the 1940s, deep in the agricultural heartland of the Great Central Valley, Mañana Means Heaven reveals the desperate circumstances that lead a married woman to an illicit affair with an aspiring young writer traveling across the United States. When they meet, Franco is a migrant farmworker with two children and a failing marriage, living with poverty, violence, and the looming threat of deportation, while the “college boy” yearns to one day make a name for himself in the writing world. The significance of their romance poses vastly different possibilities and consequences. Mañana Means Heaven deftly combines fact and fiction to pull back the veil on one of literature’s most mysterious and evocative characters. Inspired by Franco’s love letters to Kerouac and Hernandez’s interviews with Franco, now in her nineties and living in relative obscurity, the novel brings this lost gem of a story out of the shadows and into the spotlight.
