*The Gullah People and Their African Heritage* William S. Pollitzer, 2005-11-01 The Gullah people are one of our most distinctive cultural groups. Isolated off the South Carolina-Georgia coast for nearly three centuries, the native black population of the Sea Islands has developed a vibrant way of life that remains, in many ways, as African as it is American. This landmark volume tells a multifaceted story of this venerable society, emphasizing its roots in Africa, its unique imprint on America, and current threats to its survival. With a keen sense of the limits to establishing origins and tracing adaptations, William S. Pollitzer discusses such aspects of Gullah history and culture as language, religion, family and social relationships, music, folklore, trades and skills, and arts and crafts. Readers will learn of the indigo- and rice-growing skills that slaves taught to their masters, the echoes of an African past that are woven into baskets and stitched into quilts, the forms and phrasings that identify Gullah speech, and much more. Pollitzer also presents a wealth of data on blood composition, bone structure, disease, and other biological factors. This research not only underscores ongoing health challenges to the Gullah people but also helps to highlight their complex ties to various African peoples. Drawing on fields from archaeology and anthropology to linguistics and medicine, *The Gullah People and Their African Heritage* celebrates a remarkable people and calls on us to help protect their irreplaceable culture.

**Classic Restaurants of Indianapolis** Jeffrey S. Kamm, 2016-11-14 Indianapolis boasts a few restaurants more than one hundred years old. Eateries like the legendary Hollyhock Hill and St. Elmo's Steakhouse are classic staples in the capital city. But for every legendary local restaurant that exists today, several more are mere memories. Diners can no longer feast on heaping piles of coconut shrimp at the Key West Shrimp House or sip on a Brandy Alexander at Fireside after a well-cooked steak, but their legacies still live on. Author Jeff Kamm explores the

historic restaurants and most-missed locales that continue to define Indianapolis's culinary heritage.

The Politics of Horror Damien K. Picariello, 2020-06-26 The Politics of Horror features contributions from scholars in a variety of fields—political science, English, communication studies, and others—that explore the connections between horror and politics. How might resources drawn from the study of politics inform our readings of, and conversations about, horror? In what ways might horror provide a useful lens through which to consider enduring questions in politics and political thought? And what insights might be drawn from horror as we consider contemporary political issues? In turning to horror, the contributors to this volume offer fresh provocations to inform a broad range of discussions of politics.

**Animation and Advertising** Malcolm Cook, Kirsten Moana Thompson, 2019-12-17 Throughout its history, animation has been fundamentally shaped by its application to promotion and marketing, with animation playing a vital role in advertising history. In individual case study chapters this book addresses, among others, the role of promotion and advertising for anime, Disney, MTV, Lotte Reiniger, Pixar and George Pal, and highlights American, Indian, Japanese, and European examples. This collection reviews the history of famous animation studios and artists, and rediscovers overlooked ones. It situates animated advertising within the context of a diverse intermedial and multi-platform media environment, influenced by print, radio and digital practices, and expanding beyond cinema and television screens into the workplace, theme park, trade expo and urban environment. It reveals the part that animation has played in shaping our consumption of particular brands and commodities, and assesses the ways in which animated advertising has both changed and been changed by the technologies and media that supported it, including digital production and distribution in the present day. Challenging the traditional privileging of art or entertainment over commercial animation, Animation and Advertising establishes a new and rich field of research, and raises many new questions concerning particular animation and media histories, and our methods for researching them.

*Atlantic Beach* Sherry A. Suttles, 2009 Atlantic Beach, once a mecca for African American vacationers in Myrtle Beach and other East Coast communities during segregation, remains one of a few African American-owned and governed oceanfront resorts in North America. In 1934, George W. Tyson and his wife, Roxie Ballen Tyson, began purchasing and developing land in the area. The Atlantic Beach Company, which was comprised of doctors from North Carolina and South Carolina, continued this process from 1943 until 1956, and the tiny safe haven fondly became known as the Black Pearl of the Grand Strand. Visitors came by the busload for the fishing, swimming, R&B beach music, and popular dancing among African Americans that later became known as the shag. Thousands of tourists continue to flock to the area on their motorcycles each year for the popular Memorial Day weekend BikeFest.

The Trans-Appalachian Wars, 1790-1818 John Eric Vining,2010 Much is known about the American Revolutionary and Civil Wars. Relatively little is known about the wars to conquer the Trans-Appalachian West; the area between the Appalachian Mountains and the Mississippi River. Yet, in terms of political ramifications and intrigue, military strategies and tactics, and interactions between different entities and individuals, these campaigns rank high on the scale of complexity and interest. Just as other wars highlighted great generals; Washington, Lee, and Grant, and memorable battles; Spotsylvania, The Bulge, and The Persian Gulf Flank Run, the Trans-Appalachian Wars had impressive features as well. These wars encompassed the five action phases: - The Indian (or Woodland) Wars, 1790-1795, - The War of 1812 in the Old Northwest, 1811-1813, - The Creek War, 1813-1814, - The War of 1812 in the Old Southwest, 1814-1815, and - The Stabilization of the Gulf Coast, 1811-1818. They brought to the fore three great generals; Mad Anthony Wayne, William Henry Harrison, and Andrew Jackson, who fought and won five great battles: - The Battle of Fallen Timbers, August 20, 1794; - The Battle of Tippecanoe, November 7, 1811; - The Battle of the Thames, October 8, 1813; - The Battle of Horseshoe Bend, March 27, 1814; and - The Battle of New Orleans, January 8, 1815.
