Start with Why Simon Sinek,2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

Women and Crime Judith Ann Warner,2012-07-19 Drawing on government data and interdisciplinary expertise, this timely book seeks to explain why the changing economic and legal status of women has not reduced the gender gap in criminal offending. *Women and Crime: A Reference Handbook* examines how women's patterns of offending have changed over time in America, from the Colonial period to the present. The book sets the stage with a historical overview of women's criminal activity. Subsequent chapters cover such topics as changes in women's status and patterns of offending; the impact of childhood abuse on the development of criminality; and how changes in law, the War on Drugs, and other crime policy have, in fact, increased the frequency of women's imprisonment and arrests. International issues, such as legalization of prostitution, sex trafficking, and women's involvement in organized crime, including drug cartels, are also explored. Each chapter examines theory, research, law, policy, and key players in the evolving response to women's crime patterns. Throughout the work, the author links women's status, victimization, and offending patterns, and suggests how crime control policy, far from saving women, is increasingly making it impossible for female offenders to live on the outside.

Start-up Nation Dan Senor,Saul Singer,2011-09-07 What the world can learn from Israel's meteoric economic success. *Start-Up Nation* addresses the trillion dollar question: How is it that Israel -- a country of 7.1 million, only 60 years old, surrounded by enemies, in a constant state of war since its founding, with no natural resources-- produces more start-up companies than large, peaceful, and stable nations like Japan, China, India, Korea, Canada and the UK? With the savvy of foreign policy insiders, Senor and Singer examine the lessons of the country's adversity-driven culture, which flattens hierarchy and elevates informality-- all backed up by government policies focused on innovation. In a world where economies as diverse as Ireland, Singapore and Dubai have tried to re-create the Israel effect, there are entrepreneurial lessons well worth noting. As America reboots its own economy and can-do spirit, there's never been a better time to look at this remarkable and resilient nation for some impressive, surprising clues.
