Shirley Price, Len Price

Cancún, Cozumel and Yucatán - Frommer's Travel Guides David Baird, Lynne B. Perez, Lynne Bairstow, 1998 The most authoritative, easy-to-use guide a traveller can buy.

The Power of Urban Ethnic Places Jan Lin, 2010-10-18 The Power of Ethnic Places discusses the growing visibility of ethnic heritage places in U.S. society. The book examines a spectrum of case studies of Chinese, Latino and African American communities in the U.S., disagreeing with any perceptions that the rise of ethnic enclaves and heritage places are harbingers of separatism or balkanization. Instead, the text argues that by better understanding the power and dynamics of ethnic enclaves and heritage places in our society, we as a society will be better prepared to harness the economic and cultural changes related to globalization rather than be hurt or divided by these same forces of economic and cultural restructuring.

The Worldwide List of Alternative Theories and Critics Jean de Climont, 2020-11-01 This Worldwide List of Alternative Theories and Critics (only available in English language) includes scientists involved in scientific fields. The 2023 issue of this directory includes the scientists found in the Internet. The scientists of the directory are only those involved in physics (natural philosophy). The list includes 9700 names of scientists (doctors or diploma engineers for more than 70%). Their position is shortly presented together with their proposed alternative theory when applicable. There are nearly 3500 authors of such theories, all amazingly very different from one another. The main categories of theories are presented in an other book of Jean de Climont THE ALTERNATIVE THEORIES

Redrawing The Nation H. L'Hoeste, J. Poblete, 2009-10-26 This volume discusses the role of comics in the formation of a modern sense of nationhood in Latin America and the rise of a collective Latino identity in the USA. It is one of the first attempts - in English and from a cultural studies perspective - to cover Latin/o American comics with a fully continental scope. Specific cases include cultural powerhouses like Argentina, Brazil, and Mexico, as well as the production of lesser-known industries, like Chile, Cuba, and Peru.

The Generation of '72 Brantley Nicholson, Sophia A. McClennen, 2014-03-21 Caught between the well-worn grooves the Boom and the Gen-X have left on the Latin American literary canon, the writing intellectuals that comprise what the Generation of '72 have not enjoyed the same editorial acclaim or philological framing as the literary cohorts that bookend them. In sociopolitical terms, they neither fed into the Cold War-inflected literary prizes that sustained the Boom nor the surge in cultural capital in Latin American cities from which the writers associated with the Crack and McOndo have tended to write. This book seeks to approach the Generation of '72 from the perspective of cosmopolitanism and global citizenship, a theoretical framework that lends a fresh and critical architecture to the unique experiences and formal responses of a group of intellectuals that wrote alongside globalization's first wave.

Paper Arrows Daniel Aaron Graham, 2002

San Cristóbal de la Habana Joseph Hergesheimer, 2020-03-16 San Cristóbal de la Habana by Joseph Hergesheimer. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Entre el Renacimiento y el Barroco José Julio Martín Romero, 2007

Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library. Research Libraries, 1979

Too Much to Dream Peter Bebergal, 2011-10-01 Growing up in the suburbs of Boston and raised on secular Judaism, Cocoa Puffs, and Gilligan's Island, Peter Bebergal was barely in his teens when the ancient desire to finding higher spiritual meaning in the universe struck. Already schooled in mysticism by way of comic books, Dungeons & Dragons, and Carlos Castaneda, he turned to hallucinogens, convinced they would provide a path to illumination. Was this profound desire for God—a god he believed that could only be apprehended by an extreme state of altered consciousness—simply a side effect of the drugs? Or was it a deeper human longing that was manifesting itself, even on a country club golf course at the edge of a strip mall? *Too Much to Dream* places Bebergal's story within the cultural history of hallucinogens, American fascination with mysticism, and the complex relationship between drug addiction, popular culture, rock 'n' roll, occultism, and psychology. With a captivating foreword by Peter Coyote, and interviews with writers, artists, and psychologists such as Dennis McKenna, James Fadima, Arik Roper, Jim Woodring, and Mark Tulin, Bebergal offers a groundbreaking exploration of drugs, religion, and the craving for spirituality entrenched in America's youth.

Space Nomads: Set a Course for Mars Camomile Hixon, 2021-06-22 Open Your Mind. Expand Your Universe. Reach for Mars. Imagine a better tomorrow with interstellar art and essays-drawing on the aspirational futurism that fuels *Star Trek*, *The Martian*, and *2001: A Space Odyssey*, renowned contemporary artist Camomile Hixon reminds us that by reaching for the stars, we can transform ourselves and life on Earth--

The Galapagos Henry Nicholls, 2014-04-08 The natural and human history of the Galapagos Islands—beloved vacation spot, fiery volcanic chain, and one of the critical sites in the history of science The Galapagos were once known to the sailors and pirates who encountered them as *Las Encantadas*: the enchanted islands, home to exotic creatures and dramatic volcanic scenery. In *The Galapagos*, science writer Henry Nicholls offers a lively natural and human history of the archipelago, charting its evolution from deserted wilderness to scientific resource (made famous by Charles Darwin) and global ecotourism hot spot. He describes the island chain's fiery geological origins as well as the long history of human interaction with it, and draws vivid portraits of the Galapagos' diverse life forms, capturing its awe-inspiring landscapes, its understated flora, its stunning wildlife and, crucially, the origin of new species. Finally, he considers the immense challenges facing the islands and what lies ahead. Nicholls shows that what happens in the Galapagos is not merely an isolated concern, but reflects the future of our species' relationship with nature—and the fate of our planet.

Human Rights Education and Peacebuilding Tracey Holland, J. Paul Martin, 2014-04-24 This book assesses the role of human rights education (HRE) in the peacebuilding field. Today, most governments, international organisations and non-governmental organisations recognise the importance of human rights in peace- and democracy-building activities in post-conflict regions. However, compared with other components of peacebuilding, little attention and funding have been given to the cultivation of human rights knowledge and skills within these populations. Almost nothing has been committed to understanding how HRE is best accomplished in such difficult circumstances. *Human Rights Education and Peacebuilding* demonstrates the promise of HRE programs to help bring about peace within challenging post-conflict contexts. Each chapter of this book (a) identifies the short and medium term impacts of seven different HRE programs on their respective target groups, and (b) provides an analysis of the peculiar local contextual factors that influenced each program's rationale for human rights education. More specifically, each chapter addresses these critical questions: - How are communities around the world using HRE to help rebuild their lives in the aftermath of an armed conflict? - How does HRE respond local problems and needs? How similar are the human rights impacts in the different projects? - How can we understand the promise and challenges associated with HRE as a component of community peace-building? This book will be of much interest to students of peacebuilding, conflict resolution, human rights, education studies and IR in general.

Aromatherapy for Health Professionals E-Book Shirley Price, Len Price, 2011-11-11 *Aromatherapy for Health Professionals* covers the full

spectrum of theory and practice from essential oil science and the foundations of practice to the application of aromatherapy for specific conditions. The fourth edition of this highly successful book provides a clear and authoritative introduction to aromatherapy as practiced in modern health care settings. It gives valuable information for any health professional wishing to develop their understanding of the subject, providing the in-depth knowledge needed to use essential oils in the practice environment. NEW FOR THIS EDITION * Two new chapters – Wound Care and Bereavement – provide valuable additions to the text * The chapter ‘Aromas, Mind and Body’ has been enhanced * Several new essential oils – giving properties, indications and cautions – have been added * New case histories illustrate the practical application of theory and techniques described * References have been updated and new research added The book is supported by a CD-ROM of ancillary tables covering essential oils for general use in health-care settings including indications for safe, therapeutic uses of essential oils; those to be used with caution; and essential oil definitions.

Puerto Rico: a Quick Overview of the Island and its People ,

Heinrich Schenker Benjamin Ayotte,2020-08-11 This book consists of over 1,500 citations to both primary sources and the burgeoning secondary literature of Heinrich Schenker, annotated and subdivided by category. The citations are supplemented with indices cross-referencing entries according to individual works and analytical topic.

Discovering the Amazing Jaredites George Potter,2023-07-10 “There shall be none greater than the nation which I will raise up unto me of thy seed, upon all the face of the earth.” —Ether 1:43 The brief account of the Jaredite history is recorded in the book of Ether. It is a history of over two thousand years yet was abridged into only a few pages. Where would one even begin to unlock their historical footprints? Now, after more than fifteen years of research, the esteemed Book of Mormon explorer George Potter answers this question and many others in his remarkable new book Discovering the Amazing Jaredites. Using full-color photos, maps, and illustrations, Potter retraces the Jaredites’ lonely journey from the Tower of Babel to the promised land. Discovering the Amazing Jaredites is the result of the author’s tireless exploration of the dusty trails of Arabia’s outback. It is the stunning account of a mighty people who, in faith, braved the harsh wilderness and crossed the vast ocean for the right to worship their God in peace. Their story will inspire and awe you—the account of a truly amazing people!

Claves y retos de una justicia del siglo XXI: derechos, garantías y procedimientos. , La justicia del siglo actual en el que nos encontramos no es una justicia que deba olvidarse de unos procedimientos adaptados a la evolución social, además de salvaguardar los derechos que se han denominado derechos humanos de cuarta generación, que se relacionan con las tecnologías, el desarrollo científico, la inteligencia artificial y la futura digitalización de la sociedad, en la que se han elaborado textos como es la Carta de Derechos Digitales, como un marco de referencia para garantizar los derechos en un escenario de ciudadanía marcado por la era digital, y con la finalidad precisamente de que dicho escenario no suponga una infracción de los derechos fundamentales de los sujetos...

Subcommander Marcos Nick Henck,2007-07-09 Subcommander Marcos made his debut on the world stage on January 1, 1994, the day the North American Free Trade Agreement took effect. At dawn, from a town-hall balcony he announced that the Zapatista Army of National Liberation had seized several towns in the Mexican state of Chiapas in rebellion against the government; by sunset Marcos was on his way to becoming the most famous guerrilla leader since Che Guevara. Subsequently, through a succession of interviews, communiqués, and public spectacles, the Subcommander emerged as a charismatic spokesperson for the indigenous Zapatista uprising and a rallying figure in the international anti-globalization movement. In this, the first English-language biography of Subcommander Marcos, Nick Henck describes the thought, leadership, and personality of this charismatic rebel spokesperson. He traces Marcos’s development from his provincial middle-class upbringing, through his academic career and immersion in the clandestine world of armed guerrillas, to his emergence as the iconic Subcommander. Henck reflects on what

motivated an urbane university professor to reject a life of comfort in Mexico City in favor of one of hardship as a guerrilla in the mountainous jungles of Chiapas, and he examines how Marcos became a conduit through which impoverished indigenous Mexicans could communicate with the world. Henck fully explores both the rebel leader's renowned media savvy and his equally important flexibility of mind. He shows how Marcos's speeches and extensive writings demonstrate not only the Subcommander's erudition but also his rejection of Marxist dogmatism. Finally, Henck contextualizes Marcos, locating him firmly within the Latin American guerrilla tradition.

Cultura y cambio social en América Latina Mabel Moraña, 2008 Compilación de análisis sobre cultura contemporánea que parte del cambio social como elemento primordial para pensar la cultura en un momento de conflicto marcado por la transición desde la modernidad al capitalismo tardío

Unveiling the Energy of Verbal Art: An Emotional Sojourn through **Cristobaln1.htm**

In a global inundated with screens and the cacophony of instant conversation, the profound power and mental resonance of verbal art usually diminish into obscurity, eclipsed by the constant barrage of noise and distractions. Yet, set within the musical pages of **Cristobaln1.htm**, a captivating work of literary brilliance that impulses with natural thoughts, lies an memorable journey waiting to be embarked upon. Penned with a virtuoso wordsmith, this exciting opus guides visitors on a mental odyssey, delicately exposing the latent possible and profound impact stuck within the delicate internet of language. Within the heart-wrenching expanse with this evocative evaluation, we can embark upon an introspective exploration of the book is central subjects, dissect their interesting publishing style, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
