Crystal Prescriptions Judy Hall, 2017-07-28 This practical sixth book in the Crystal Prescriptions series covers crystals for karmic clearing, soul integration and healing the family tree. In addition to our own karma, we are hampered by ancestral memories, attitudes and beliefs that are not necessarily ours. Fortunately, some extraordinary new crystals have appeared which help us to quickly and easily break lineages and clear our 'junk DNA', without having to relive the trauma of karmic history. With the assistance of these crystals, and some old favourites, it is possible to heal far back into the genealogical line and our own karmic past. The healing is then projected forward into the future so that generations to come can have the benefit of

garnered soul and ancestral wisdom, but without the baggage.

This comprehensive sourcebook of 100 essential crystals for spiritual healing and all-round protection is packed with practical advice and fascinating information. Not only will you find out about the crystal's attributes, legendary power, and holistic benefits, but also about each crystal's specific energy to enhance, heal, or protect you. Crystals are the most natural, empowering force we can work with to promote spiritual balance and protect us from exposure to physical or psychic negativity. For thousands of years, crystals have been used for their powerful healing energy and to protect the wearer from negative forces. The ancient Taoists believed sacred stones vibrated with 'chi' or universal energy; the Greeks and Romans believed they embodied the gods and the planets; indigenous peoples believed they were alive with spirit. Black stones like obsidian have been used for centuries to protect from evil, and amethyst is still considered the power stone of spirituality,

creating a protective shield around the body and promoting deeper levels of awareness. Crystals for Energy Healing includes introductory chapters on what crystals are, both their scientific legacy and their magical one; caring for and choosing crystals; and the importance of chakras and color in spiritual healing. There is also a practical chapter about working with these stones specifically chosen for protection and spiritual healing. The alphabetical sourcebook section that follows provides information about the uses and benefits of each crystal listed.

Crystal Gifts Michael Gienger, 2015-09-15 Silent and yet still able to communicate, stones deliver their messages wordlessly, reaching out to us, touching our hearts to be understood by our whole being. When presented as gifts, they are a beautiful way of expressing good wishes, of offering greetings or congratulations--and they can help those wishes come true. Crystal gifts and greetings are messages of a very special kind: crystals bring strength and joy; they help us to recuperate from illness, are a source of protection and power, and promote trust and bring comfort. Crystals express affection in their own way, preserving the memory of special moments and events through their very existence. Stones are more than mere words. We can see, touch and feel them, we can carry them or hold them in our hands; they make good companions in both good and bad times. They are enduring gifts, patient, always there for us, ready when we need them. It is time to give them--and us--the chance to speak...
