English as We Speak it in Ireland Patrick Weston Joyce, 1910

Beside the Fire Douglas Hyde, 1890

Matthew's Bible John Rogers, 2009 The Matthew's Bible brings together the work of two giants of sixteenth century English Bible translation. William Tyndale and Myles Coverdale shared a vision of making the scriptures available to ordinary believers concerned that their authority might be undermined in a time when kings and clerics alike opposed translating them into English. William Tyndale's New Testament (1526) was the first English translation made from the original language, and it made the most of the emerging English tongue. Knowing neither Hebrew nor Greek, Myles Coverdale consulted Latin, English and German sources to guide his work. The vocabulary of Tyndale, John Wycliff, and other appears in the Coverdale Bible (1535), which was the first complete Bible in English. John Rogers combined Tyndale's and Coverdale's texts -- supplying some translation work of his own -- to create the Matthew's Bible. It was attributed to a fictitious Thomas Matthew, concealing the inclusion of Tyndale's text so King Henry VIII would license the volume's publication. So popular became the Matthew's Bible that bishops were encouraged to order copies for their parishes. This book is a facsimile of one of the finest existing copies of the Matthew's Bible. It features clear, legible type and faithfully reproduced, color pages with a new introduction by Dr. Joseph W. Johnson. -- Back cover

Evangelical Christians and Popular Culture [3 volumes] Robert H. Woods Jr., 2013-01-09 This three-volume collection demonstrates the depth and breadth of evangelical Christians' consumption, critique, and creation of popular culture, and how evangelical Christians are both influenced by—and influence—mainstream popular culture, covering

comic books to movies to social media. *Evangelical Christians and Popular Culture: Pop Goes the Gospel* addresses the full spectrum of evangelical media and popular culture offerings, even delving into lesser-known forms of evangelical popular culture such as comic books, video games, and theme parks. The chapters in this 3-volume work are written by over 50 authors who specialize in fields as diverse as history, theology, music, psychology, journalism, film and television studies, advertising, and public relations. Volume 1 examines film, radio and television, and the Internet; Volume 2 covers literature, music, popular art, and merchandise; and Volume 3 discusses public figures, popular press, places, and events. The work is intended for a scholarly audience but presents material in a student-friendly, accessible manner. Evangelical insiders will receive a fresh look at the wide variety of evangelical popular culture offerings, many of which will be unknown, while non-evangelical readers will benefit from a comprehensive introduction to the subject matter.

Kripal explores the life and teachings of Ramakrishna Paramahansa, a 19th-century Bengali saint who played a major role in the creation of modern Hinduism. The work is now marked by both critical acclaim and cross-cultural controversy. In a substantial new Preface to this second edition, Kripal answers his critics and addresses the controversy.

Blackhood Against the Police Power Tryon P. Woods, 2019-06-01 Both significant and timely, *Blackhood Against the Police Power* addresses the punishment of “race” and the disavowal of sexual violence central to the contemporary “post-racial” culture of politics. Here the author asserts that the post-racial presents an antiblack animus that should be read as desiring the end of blackness and the black liberation movement’s singular ethical claims. The book redefines policing as a sociohistorical process of implementing antiblackness and, in so doing, redefines racism as an act of sexual violence that produces the punishment of race. It smartly critiques the way leading antiracist discourse is frequently complicit with antiblackness and recalls the original 1960s conception of black studies as a corrective to the deficiencies in today’s critical discourse on race

and sex. The book explores these lines of inquiry to pinpoint how the history of racial slavery wraps itself in a new discourse of disavowal. In this way, *Blackhood Against the Police Power* responds to a range of texts, policies, practices, and representations complicit with the police power—from the Fourth Amendment and the movements to curtail stop-and-frisk policing and mass incarceration to popular culture treatments of blackness to the leading academic discourses on race and sex politics.

GREAT RE-THINK COLIN. TUDGE, 2021

The Hardy Boyz Matt Hardy, Jeff Hardy, Michael Krugman, 2003

An electrifying memoir from the WWE's favorite Bad Boys -- feauting their days as the best tag team in WWE, and their recent individual achievemets in the RAW and Smackdown shows. professional wrestling, follow Matt and Jeff Hardy on their journey from Cameron, North Carolina, to World Wrestling Entertainment. The journey began in 1997, when Matt made his debut in the WWE singles competition. He showed courage while facing strong opposition, but after limited success, Matt -- making a decision that would change the face of the WWE -- enlisted the aid of his brother, Jeff, to form a tag team. numerous occasions) quickly defeated the inexperienced tandem, throwing them out of the ring and on to the cold arena floor. Battered but not beaten, the Hardyz spent valuable time at the Federation's training camp, honing their skills in preparation for the spotlight. And the spotlight they got. After beating the Edge & Christian in a best-of-five tournament -- The Terri Invitational Tournament -- their position in the WWE firmament was secured. Now having gone their separate ways to concentrate on the singles division, this sibling rivalry has added extra spice to an already sizzling atmosphere.

Cross Rhodes Dustin Rhodes, 2010-12-14 He first burst onto the scene in the nineties, covered in gold face paint and exhibiting a one-of-a-kind flamboyant style that bewildered his foes and thrilled his fans. Inside the ring, Goldust is as tough as they come, known for using outrageous mind games and taking down his opponents with unparalleled ruthlessness. It's no surprise, then, that wrestling is in his blood; Goldust is the son of Dusty Rhodes, "The American Dream." What is it like to be the son of a wrestling icon and follow him into the same profession? In this no-holds-barred account, Dustin Rhodes speaks frankly and openly about his journey. He talks about being a young boy who desperately missed his dad. A young man who only wanted to follow in his father's footsteps and threw aside a football scholarship to eke out a meager existence in regional wrestling. A green wrestler struggling to prove to his peers that his work, not his name, had gotten him to where he was. Rhodes describes how, in the midst of a painful five-year estrangement with his father, he finally made a name for himself as Goldust and then let it all go, tumbling into a descent of self-medication that led him away from a red-hot career as a WWE Superstar and nearly cost him his life. When he finally hit bottom, Rhodes knew where to look for help from the family he always had: his father and World Wrestling Entertainment. When he got clean and sober and was offered the chance to wrestle for WWE, he snapped up the offer. The everyday existence of life on the road, working with and watching the new Superstars—like his brother Cody Rhodes—has reminded Rhodes of why he loves being a wrestler. *Cross Rhodes* is an intimate portrait of one man's road to redemption and a unique glimpse into one of the most famous families in WWE.

Transhumanism and Posthumanism in Twenty-First Century

Narrative Sonia Baelo-Allué, Mónica Calvo-Pascual, 2021-05-05

Transhumanism and Posthumanism in Twenty-First Century

Narrative brings together fifteen scholars from five different countries to explore the different ways in which the posthuman has been addressed in contemporary culture and more specifically in key narratives, written in the second decade of the 21st century, by Dave Eggers, William Gibson, John Shirley, Tom McCarthy, Jeff Vandermeer, Don DeLillo, Margaret Atwood, Cixin Liu and Helen Marshall. Some of these works engage in the premises and perils of transhumanism, while others explore the qualities of the (post)human in a variety of dystopian futures marked by the planetary influence of human action. From a critical posthumanist perspective that questions anthropocentrism, human exceptionalism and the centrality of the 'human' subject in the era of the Anthropocene, the scholars in this collection analyse the aesthetic choices these authors make to depict the posthuman and its aftereffects.

John Steuart Curry Patricia A. Junker, 1998 John Steuart Curry: *Inventing the Middle West* is the first comprehensive study in more than fifty years of this member of the great triumvirate of American Regionalists: Thomas Hart Benton, Curry, and Grant Wood. It revives the reputation of one of the most important and controversial artists of the first half of the twentieth century, whose paintings of farm life in his native Kansas (including baptisms and tornados), of the circus, of American history, and of the American scene in general were dramatically eclipsed by the ascendancy of abstract art and the New York School at midcentury. 68 colour & 114 b/w illustrations

Among Grizzlies Timothy Treadwell, Jewel Palovak, 1999-02-02
Living with Wild Bears in Alaska A heart-stopping eco-adventure, a testimony to both the grizzlies and their courageous protector. --
People The grizzly bear is one of a very few animals remaining on earth that can kill a human in physical combat. It can decapitate with a single swipe or grotesquely disfigure a person in rapid order. Within the last wilderness areas where they dwell, they are the undisputed king of all beasts. I know this very well. My name is Timothy Treadwell, and I live with the wild grizzly. . . . After Timothy Treadwell nearly died from a heroin overdose, he sought healing far from the trappings of civilization--among wild grizzlies on the remote Alaskan coast. Without gun, two-way radio, or experience living in the wild, armed only with the love and respect he felt for these majestic animals, Treadwell set up camp surrounded by one of nature's most terrifying and fascinating forces of nature. Here is the story of his astonishing adventures with grizzlies: soothing aggressive

adolescents, facing down thousand-pound males, swimming with mothers and cubs, surviving countless brushes with death, earning their trust and acceptance. In these incredible pages, Treadwell lives a life no human has ever attempted, and ultimately saves his own. To share his experience is awesome, harrowing, and unforgettable. LIKE AFRICA NATURALIST JANE GOODALL, TREADWELL GIVES PERSONAL NAMES TO HIS SUBJECTS. . . . Bears have distinct personalities, Treadwell shows, and as a group, individual roles become clearly defined by gender, size, and age. --The Seattle Times
