**Introduction to Sociology 2e** Nathan J. Keirns, Heather Griffiths, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff D. Bry, Faye Jones, 2015-04-24 Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface.--Website of text.

**Grandparenting Children with Disabilities** Madonna Harrington Meyer, Ynesse Abdul-Malak, 2020-08-29 Childhood disabilities, particularly cognitive disabilities, are on the rise yet social programs and services to help US families respond to disabilities are not. Many families turn to grandparents for assistance juggling work, family responsibilities, and specialized therapies. This book is based on in-depth interviews with grandparents who are providing at least some care to grandchildren with disabilities. The analyses will help to better understand (1) under what conditions grandparents provide care and support, (2) what types and intensities of care and support grandparents provide, and (3) the impact of that care and support on grandparents' social, emotional, physical, and financial wellbeing. In this fascinating and provocative book, Madonna Harrington Meyer and Ynesse Abdul-Malak take readers on a deep dive into the complex lives of grandparents who care for their disabled grandchildren. In *Grandparenting Children with Disabilities*, their interviews reveal the joy, meaning, and purpose grandparents find in caregiving, the challenges and frustrations they encounter, and the many ways they compromise their own health and well-being for the sake of their grandchildren. Drawing from theories of cumulative inequality and from their deep knowledge of the US policy context, the authors lay bare the systemic failures that leave families of children with disabilities without adequate support and that place the most vulnerable among them at grave physical, emotional, and financial risk... Jane McLeod, Provost Professor, Indiana University Grandparents in the U.S. already take on far more parenting responsibilities as

compared to their peers in other countries. Grandparenting Children with Disabilities demonstrates that the intensity of these responsibilities is compounded for those whose grandchildren have disabilities given limited policy supports and a society still largely unaccommodating to those with disabilities. This book beautifully navigates the tension between the love these grandparents have for their grandchildren and the challenges they face caring for them. Pamela Herd, Professor, Georgetown University Grandparenting Children with Disabilities offers important insights about the lived experience of older adults who care for and care about their grandchildren...The authors skillfully integrate the stories they tell with consideration of macro social structural influences and life course perspectives... I recommend it highly! Eva Kahana, Distinguished University Professor, Case Western Reserve

**The Secret Lives of Dresses** Erin McKean, 2011-02-10 When her grandmother has a stroke, Dora returns to the small town where she grew up to take over her family's vintage clothing store -- and meets a handsome contractor. Is he interested in Dora? Or is he working from a different blueprint? Dora has always taken the path of least resistance. She went to the college that offered her a scholarship, majoring in vagueness studies, and wears whatever shows the least dirt. She falls into a job at the college coffee shop and has a crush on her flirty boss, Gary. But just when she's about to test Gary's feelings, Mimi, the grandmother who raised her, suffers a stroke. Dora rushes back to Forsyth, NC, and finds herself running her grandmother's vintage clothing store while her grandmother recovers -- and meets Mimi's adorable contractor, Conrad. The store has always been a fixture in Dora's life; though she grew up more of a jeans-and-sweatshirt kind of girl, before she even knew how to write, Mimi taught her that a vintage 1920s dress could lift a woman's spirit. But why has Mimi started writing down -- and giving away -- stories of the dresses in her shop? Amidst personal and professional turmoil, can Dora trade her boring clothes for vintage glamour and her boring life for one she actually wants?

**Pragmatics** Donna H. Tatsuki, 2010 Language teachers have long been aware of the devastating effect of learners' grammatically correct, yet situationally inappropriate spoken or written communication. This volume addresses how to raise learner awareness of pragmatic gaffes through research-based, field-tested activities, such as composing

email requests, giving advice, making workplace requests, expressing opinions, providing constructive peer-to-peer critical feedback, negotiating refusals, and collaborating through activities enabled by an online tool called Talkpoint. Teachers are given vital support in these activities through extensive worksheets, audio files, transcripts, and answer keys. The chapters in this volume provide information and activities primarily related to the realization of speech acts and the effect of different contexts on their form. The subsequent volume, *Pragmatics: Teaching Natural Conversation*, focuses on the role of formulas in performing speech acts and on the characteristics of longer sequences. \*\*This title also includes a companion website with online resources.\*\*

**Sociology** Robert J. Brym, Lance W. Roberts, Lisa Strohschein, 2018-01-22 A compelling design, research focus, and an engaging narrative defines *Sociology: Compass for a New Social World*. The renowned author team shows students how thinking sociologically can help them draw connections between themselves and the social world. Sociological concepts are clearly connected to students' interests and experiences by taking universal and popular elements of contemporary culture and rendering them sociologically relevant. This text devotes more space than others do to drawing connections between objectivity and subjectivity in research, presenting a more realistic, and therefore more exciting, account of how sociologists practise their craft. Tables and graphs are not simply referred to, they are analyzed. Some theories are rejected, while others are endorsed. The author team brings depth to issues of diversity and globalization using personal and research experiences.

*The Cavalry Maiden* Nadezhda Durova, Nadezhda Andreevna Durova, 1989 In December 1807, Alexander I granted a commission to Nadezhda Durova who, in male guise, served nearly ten years in the Russian light cavalry during the Napoleonic wars. The cavalry maiden, a selection of the edited journals of her military service, first published in 1836 with Pushkin's encouragement, is a lively narrative of Russian life on and off the battlefield in the Alexandrine era. Durova's story appeals in our own time as a unique and gripping contribution to the literature of female experience--
