To the Edge Kirk Johnson,2009-11-11 This extreme sports saga, part Plimptonesque narrative, part spiritual journey, explores the limits of personal endurance as a determined journalist takes on a 135-mile Death Valley marathon. Journalist Kirk Johnson knows pain—mind-numbing, bodywracking pain. When his beloved older brother commits suicide, Kirk starts running— running to escape, running to understand, running straight into the hell of Badwater, the ultimate test of endurance equal to five consecutive marathons. From the inferno of Death Valley to the freezing summit of Mt. Whitney, alongside a group of dreamers, fanatics, and virtual running machines, Kirk will stare down his limitations and his fears on a journey inward—a journey that just might offer the redemption of his deepest and most personal loss.

The Revival of Islam in the Balkans Olivier Roy,Arolda Elbasani,2015-07-28 This book shifts analytical focus from macro-politicization and securitization of Islam to Muslims' choices, practices and public expressions of faith. An empirically rich analysis, the book provides rich cross-country evidence on the emergence of autonomous faith communities as well as the evolution of Islam in the broader European context.

A Prose English Translation of Harivamsha Manmatha Dutt,2020-06 Harivamsha or the family of Hari (Sri Krishna) is a sequel to the great Epic Mahabharata. The work opens with a request made by Sounaka to Souti for an account of the two great clans namely, Vrishnis and Andhakas. He says:--O son of Lomaharshana, while describing the birth and history of the Kurus you forgot to narrate the history of Vrishnis and Andhakas. It becomes you to relate their history. The events in Krishna's life described in this book are mostly similar to those described in the Srimad Bhagavatam, but there are some interesting differences. The author does a literal translation of the book, adding and removing nothing, and it is clear that he believes that the story describes historical events. If you want to read the Harivamsha in English this is the best translation available. This book may be had for free in e-book form here: <https://www.gutenberg.org/ebooks/61937>

Massacre at Mountain Meadows Ronald W. Walker,Richard E. Turley,Glen M. Leonard,2011-02-09 On September 11, 1857, a band of Mormon militia, under a flag of truce, lured unarmed members of a party of emigrants from their fortified encampment and, with their Paiute allies, killed them. More than 120 men, women, and children perished in the slaughter. Massacre at Mountain Meadows offers the most thoroughly researched account of the massacre ever written. Drawn from documents previously not available to scholars and a careful re-reading of traditional sources, this gripping narrative offers fascinating new insight into why Mormons settlers in isolated southern Utah deceived the emigrant party with a promise of safety and then killed the adults and all but seventeen of the youngest children. The book sheds light on factors contributing to the tragic event, including the war hysteria that overcame the Mormons after President James Buchanan dispatched federal troops to Utah Territory to put down a supposed rebellion, the suspicion and conflicts that polarized the perpetrators and victims, and the reminders of attacks on Mormons in earlier settlements in Missouri and Illinois. It also analyzes the influence of Brigham Young's rhetoric and military strategy during the infamous Utah War and the role of local Mormon militia leaders in enticing Paiute Indians to join in the attack. Throughout the book, the authors paint finely drawn portraits of the key players in the drama, their backgrounds, personalities, and roles in the unfolding story of misunderstanding, misinformation, indecision, and personal vendettas. The Mountain Meadows Massacre stands as one of the darkest events in Mormon history. Neither a whitewash nor an exposé, Massacre at Mountain Meadows provides the clearest and most accurate account of a key event in American religious history.

Beyond the Bottom Line Andrew Spicer,Anthony McKenna,Christopher Meir,2014-07-31 This is the first collection of original critical essays devoted to exploring the misunderstood, neglected and frequently caricatured role played by the film producer. The editors' introduction provides a conceptual and methodological overview, arguing that the producer's complex and multifaceted role is crucial to a film's success or failure. The collection is divided into three sections where detailed individual essays explore a broad range of contrasting producers working in different historical, geographical, generic and industrial contexts. Rather than suggest there is a single type of producer, the collection analyses the rich variety of roles producers play, providing fascinating and informative insights into how the film industry actually works. This groundbreaking collection challenges several of the conventional orthodoxies of film studies, providing a new approach that will become required reading for scholars and students.

The Mountain Meadows Massacre Juanita Brooks,2012-09-06 In the Fall of 1857, some 120 California-bound emigrants were killed in lonely Mountain Meadows in southern Utah; only eighteen young children were spared. The men on the ground after the bloody deed took an oath that they would never mention the event again, either in public or in private. The leaders of the Mormon church also counseled silence. The first report, soon after the massacre, described it as an Indian onslaught at which a few white men were present, only one of whom, John D. Lee, was actually named. With admirable scholarship, Mrs. Brooks has traced the background of conflict, analyzed the emotional climate at the time, pointed up the social and military organization in Utah, and revealed the forces which culminated in the great tragedy at Mountain Meadows. The result is a near-classic treatment which neither smears nor clears the participants as individuals. It portrays an atmosphere of war hysteria, whipped up by recitals of past persecutions and the vision of an approaching army coming to drive the Mormons from their homes.

The 1838 Mormon War in Missouri Stephen C. LeSueur,1987 In the summer and fall of 1838, animosity between Mormons and their neighbors in western Missouri erupted into an armed conflict known as the Mormon War. The conflict continued until early November, when the outnumbered Mormons surrendered and agreed to leave the state. In this major new interpretation of those events, LeSueur argues that while a number of prejudices and fears stimulated the opposition of Missourians to their Mormon neighbors, Mormon militancy contributed greatly to the animosity between them. Prejudice and poor judgment characterized leaders on both sides of the struggle. In addition, LeSueur views the conflict as an expression of attitudes and beliefs that have fostered a vigilante tradition in the United States. The willingness of both Missourians and Mormons to adopt extralegal measures to protect and enforce community values led to the breakdown of civil control and to open warfare in northwestern Missouri.

Trespassing Uzma Aslam Khan,2005-11-12 A dazzling first novel of two lovers' struggle for freedom and passion in a city riven by turmoil Back in Karachi for his father's funeral, Daanish, a Pakistani student changed by his years at an American university, is entranced by the gazelle-eyed girl in the traditional dupatta who appears one day at the house of mourning. But the dupatta is deceptive: Dia is the modern daughter of a mother who, as the owner of a silk farm and factory, has achieved a degree of freedom rare among Pakistani women. It will take a handful of silkworms, fattened on mulberry leaves, to bring Daanish and Dia together. But their union will forever rupture the peace of two households and three families, destroying a stable present built on the repression of a bloody past. In this sweeping novel of modern Pakistan, Uzma Aslam Khan takes us deep into a world of radical contrasts, from the stifling demands of tradition and family to the daily oppression of routine political violence, from the gorgeous sensual vistas of the silk farms to the teeming streets of Karachi-stinking, crumbling, and corrupt. At once delicate and passionate, *Trespassing* introduces a new and powerful voice from a land we know too little about.

Authentic Blackness/"real" Blackness Martin Japtok,Rafiki Jenkins,2011 Authentic Blackness - «Real» Blackness explores and explains the idea of authenticity, of «keeping it real, » as it relates to the multi-faceted meanings of blackness in the United States and the world. Including reflections on hip-hop, comedy, literature, intellectual history, and autobiography, the collection gives both a broad overview of and intervenes in the debates concerning blackness. A comprehensive introductory essay outlines the history of the idea of «authentic blackness, » while other chapters examine the contours of blackness in Canada and Jamaica; the relationship between middle-class status and «real» blackness; the link between «blackness» and hip-hop culture; Dave Chappelle's comedy; and the work of James Baldwin, Countee Cullen, Clarence Major, and John Edgar Wideman as it comments on authenticity in relation to race.
