Encyclopedia of the Divine Feminine Tamara Von Forslun,2021-05-26 No matter what land, culture, country or faith, the Goddess is alive and well and attracting not only women to Her many paths and Her Mysteries but also men who have realised and awakened the feminine within and without as needed in this time of great uncertainty. It is time not to suppress the feminine, but Empower Her, so the world can see the true beauty in everything that She stands for and represents. She is not separate from the world, She is the world, and everything has a little light of the Goddess within them if they only take off their blinkers and let Her shine forth. Let us all now honour the Great Mother and in this great hour of need for a Mother, let us honour all Mothers throughout women's forgotten past and listen to Her-story not his-story. It is the Patriarchal religions of the world that have created a world of uncertainty, imbalance, and fear. Let us NOW through the Divine Feminine remove the imbalance of the patriarchal warring world and assist our own community in EMPOWERING women and men to awaken to a world of harmony, peace and equilibrium, The Golden Age of Harmony and Equilibrium is NOW!. Let us as a sisterhood, daughters, nieces, sisters, mothers, grandmothers and all women and men under the Light of the Goddess in all Her cultures, names, and differences awaken Her to our world, and through us let Her shine. In honouring the Great Mother we shall spread Her love and honour all Mothers, all women of every faith, culture, and path. "May The Goddess hold you gently in the palms of Her hands, And always close to Her heart!" Lady Tamara Von Forslun Elder High Priestess of the Clan of Boskednan – Tribe of the Crow

Hindu Goddesses David Kinsley,1998 Hindu Goddesses is a valuable sourcebook and reference work for students and scholars of Hindu goddesses and of Hinduism in general. Each goddess is dealt with as an independent deity with a coherent mythology, theology and, in some cases, cult of her own. Within the complex, diverse, and rich goddess traditions of Hinduism, one can find suggestions of nearly every important theme in the Hindu religion. In many ways, this

book is as much a study of the Hindu tradition itself as it is a study of one aspect of that tradition. No other living religious tradition has displayed such an ancient, continuous, and diverse history of goddess worship.

The Goddess Nut Lesley Jackson,2021-06-24 Nut is the all-encompassing Great Mother but a very different one to those of most other cultures. Normally the Great Mother is seen as the natural regenerative force of the individual womb and the womb of earth. Nut however is the Great Round who encloses the universe. Hers is the womb of the generative nun. She is a creative space in which life is constantly regenerated. By providing the attributes of contained space and water Nut can be viewed as life itself. Nut is the source of everything. The cosmos is her body and she births and nourishes all living things taking them back into her body at death. Unlike virtually all the other Mother Goddesses Nut isn't remotely chthonic, despite being associated with the tomb and coffin. - Lesley Jackson The Goddess Nut and the Wisdom of the Sky is a fascinating scholarly study of the Ancient Egyptian goddess Nut, in her aspects as both Sky and Tree Goddess, and all that she encompasses. Through scrupulous research, including the latest theories and information from top Egyptologists, we learn not only of the celestial goddess herself but also everything that is currently known about how the Ancient Egyptians related to the visible cosmos and how it informed their belief in the unseen realm and the afterlife. In incredible detail, learn how time was marked by the movement of the stars, the significance of stellar alignment and the decan stars in dividing the year, the importance of the Lunar cycles, and all the associated gods and goddesses. The fluid inter-relationship of the Egyptian deities and their symbolism is investigated, and where there are no clear answers, thought-provoking questions are asked. Lesley Jackson also shares her extensive knowledge of archaeology in an in-depth study of the representation of the constellations and deities on ceilings and lids of sarcophagi. Nut's depictions, epithets, sacred animals, family connections, and the essential role she has in the creation story of the cosmos are also explored. If you have a love of myth, of the rich magic of Ancient Egypt, or if you have ever looked into the divine eyes of heaven and wondered... you will find the answers and wisdom you seek within these pages.

Drawn from a variety of cultural and historical settings, the goddesses described here include Inanna of ancient Sumer; Mazu, a goddess still worshipped in southern China; Oshun of Nigeria; and Cihuacoatl of pre-historical America.
