The Strange Death of Liberal America Ralph Brauer, 2006-05-30 Ralph Brauer defines Liberal America as a place where government exists to keep the playing field level. The success of the American experiment, he argues, depends on how well we maintain this equity and its four cornerstones: economic justice, educational equity, voting rights, and media fairness. His book is both a political and intellectual history examining the various threats to these cornerstones, and a social and cultural chronicle. Touching on music, television, movies, and sports, Brauer's thesis is underscored by a historical discussion that begins with the New Deal and works its way to the present, ending with Global Warming and the Iraq War. Arguing that the patient is in intensive care, Brauer identifies three reasons for the decline of the level playing field: 1) a Republican counterrevolution dedicated to rolling back the values of the New Deal, 2) an inability of both parties to answer questions raised by decades of Civil Rights revolutions, and 3) the transformation of suburban America from a place of opportunity created by government programs to a battleground. These three ideas form the basis for the book's three sections. Part One follows the development of the Counterrevolutionary Coalition, beginning with the Southern Strategy and ending with a chapter on America's politicized media. Part Two focuses on questions that have been raised by people of color and by women, and treats the Democratic Party's failure to answer those questions as illustrated by

events like the Nader-LaDuke campaign and the 1964 Atlantic City convention. Part Three details the impact of suburban America on the cornerstones.

Because of Winn-Dixie Kate DiCamillo,2009-09-08 A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries – and comes home with a dog. But Winn-Dixie is no ordinary dog. It's because of Winn-Dixie that Opal begins to make friends. And it's because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis.

Tap Roots Mark Knowles,2002-06-03 Tracing the development of tap dancing from ancient India to the Broadway stage in 1903, when the word Tap was first used in publicity to describe this new American style of dance, this text

separates the cultural, societal and historical events that influenced the development of Tap dancing. Section One covers primary influences such as Irish step dancing, English clog dancing and African dancing. Section Two covers theatrical influences (early theatrical developments, Daddy Rice, the Virginia Minstrels) and Section Three covers various other influences (Native American, German and Shaker). Also included are accounts of the people present at tap's inception and how various styles of dance were mixed to create a new art form.

Meanwhile at Clemmie's, a Natchez tea room, the widowed proprietor who has a fascination with movies and a secret admirer, oversees her own cast of characters: Tootie, her take charge friend; Jo Beth, a former beauty queen; Glease, a man more comfortable with women than macho men, and Marjorie, an unethical social climber. Competition for a small role in the movie brings out the best and worst of these memorable characters. Twists, turns and revelations lead Clemmie to trade a moment of fame for love and the chance to

Country Music Goes to War Charles K. Wolfe, James E. Akenson, 2021-11-21 Listening to the Beat of the Bomb UPK author Charles Wolfe discusses his work and his new book Country Music Goes to War in the NEW YORK TIMES. While Toby Keith suggests that Americans should unite in support of the president, the Dixie Chicks assert their right to criticize the current administration and its military pursuits. Country songs about war are nearly as old as the genre itself, and the first gold record in country music went to the 1942 war song There's a Star Spangled Banner Waving Somewhere by Elton Britt. The essays in Country Music Goes to War demonstrate that country musicians' engagement with significant political and military issues is not strictly a twenty-first-century phenomenon. The contributors examine the output of country musicians responding to America's large-scale confrontation in recent history: World

War II, the Korean War, Vietnam, the cold war, September 11, and both conflicts in the Persian Gulf. They address the ways in which country songs and artists have energized public discourse, captured hearts, and inspired millions of minds. Charles K. Wolfe, professor of English and folklore at Middle Tennessee State University, is the author of numerous books and articles on music. James E. Akenson, professor of curriculum and instruction at Tennessee Technological University, is the founder of the International Country Music Conference. Together they have edited the collections *The Women of Country Music*, *Country Music Annual 2000*, *Country Music Annual 2001*, and *Country Music Annual 2002*.
