Conversations with Mani Ratnam Baradwaj Rangan,2013-12-10 Mani Ratnam's Nayakan is among Time's '100 Best Movies Ever'; and Roja launched A.R. Rahman. This book, unique to Indian cinema, illuminates the genius of the man behind these and eighteen other masterly films. For the first time ever, Mani Ratnam opens up here, to Baradwaj Rangan, about his art, as well as his life before films. In these freewheeling conversations—candid, witty, pensive, and sometimes combative—many aspects of his films are explored. Ratnam elaborates in a personal vein on his choice of themes, from the knottiness in urban relationships (Agni Natchatiram) to the rents in the national fabric (Bombay); his directing of children (Anjali); his artful use of songs; his innovative use of lighting; as also his making of films in Hindi and other languages. There are fond recollections of collaborations with stalwarts like Balu Mahendra, P.C. Sreeram, Thotta Tharrani and Gulzar, among many others. And delectable behind-the-scenes stories—from the contrasting working styles of the legendary composer Ilaiyaraaja and Rahman to the unexpected dimensions Kamal Haasan brought to the filming of Nayakan to what Raavan was like when originally conceived. In short, like Mani Ratnam's films, Conversations surprises, entertains and stimulates. With Rangan's personal and impassioned introduction setting the Tamil and national context of the films, and with posters, script pages and numerous stills, this book is a sumptuous treat for serious lovers of cinema as well as the casual moviegoer looking for a peek behind the process.

Urban+Primitive Lyle Carbajal,2011-05-07 The newly released, Urban + Primitive, The Art of Lyle Carbajal, is more than an impressive collection; it's the exploration of the arts, perceptions, travels, and influences that have shaped the Brut Artist's life and great body of work. Lyle Carbajal—who's exhibited internationally—has explored the culture, people, and art of Seattle, the Bay area, Los Angeles, the Southern United States, and all the way down to Mexico City and Buenos Aires. Heavily influenced by Outsider, Primitive, and Street Art, Carbajal says, Everywhere I've lived, these are all my people. The intricate connections to that statement are found throughout the pages in Urban + Primitive; beginning with the chapters, Artist Statement and Early Work, he adeptly takes you through the Animals, the Sacred, the Regional People, then into Totems, Illustration, and then finally into the Plates. Interlaced with his exposition, you'll find an extensive collection of old and new works that will magnetize the viewer. He says, The phrase, 'Urban + Primitive' captures, if somewhat roughly, the thoughts, lessons, and perceptions of how I view the world; I essentially divide the influence of these terms on my work. He dives deep into these themes. After completing his recent sojourn of the US with his six-month immersion through Argentina, he was thinking of the book as the chronicle [of] a lifetime of creativity, ideas, and experiences... But it's so much more than this. Lyle Carbajal pushes the envelope through each chapter, enriching the pages with history, extensive knowledge, his art, his observations, and his questions. Be prepared to be challenged to go deeper, and to think outside the box. You'll want to, whether you're an artist or not.

The Human Magnet Syndrome Ross A. Rosenberg,2013-04-01 Born in the cauldron of personal experience of suffering and healing and honed through years of professional experience, this book will help anyone understand the attractors of love and consequent suffering. I recommend it to couples who are mystified by the depth and repetition of their pain and joy and to therapists whose destiny is to help them. ~ Harville Hendrix, Ph.D., co-author with Helen LaKelly Hunt of Making Marriage Simple: Transform the Relationship you Have Into the Relationship you Want Since the dawn of civilization, men and women have been magnetically and irresistibly drawn together into romantic relationships, not so much by what they see, feel and think, but more by invisible forces. When individuals with healthy emotional backgrounds meet, the irresistible “love force” creates a sustainable, reciprocal and stable relationship. Codependents and emotional manipulators are similarly enveloped in a seductive dreamlike state; however, it will later unfold into a painful “seesaw” of love, pain, hope and disappointment. The soul mate of the codependent's dreams will become the emotional manipulator of their nightmares. Readers of the Human Magnet Syndrome will better understand why they, despite their dreams for true love, find themselves hopelessly and painfully in love with partners who hurt them. This book will guide and inspire both the layman and the professional.

The Unseen Eye William M. Hunt,2011 ... collection of photographs assembled around a particular theme: in each image, the gaze of the subject is averted, the face obscured or the eyes firmly closed. The pictures present a catalog of anti-portraiture, characterized at first glance by what its subjects conceal, not by what the camera reveals. Amassed over the course of thirty years by New York collector W. M. Hunt, the collection includes works by masters such as Richard Avedon, Diane Arbus, Imogen Cunningham, William Klein, Robert Mapplethorpe, and Robert Frank as well as lesser-known artists and vernacular images. --book jacket.

Making Marriage Simple Harville Hendrix,Helen LaKelly Hunt,2013 Draws on extensive research, counseling workshops with couples and the authors' own 30-year relationship to distill basic, provocative truths about marriage and provide essential tools for rendering a marriage more rewarding and positive. 50,000 first printing.

Curiosities of Literature Isaac Disraeli,1823

From Old English to Standard English Dennis Freeborn,1998 This practical and informative course book is a fascinating, visual volume which leads the student through the development of the language from Old English, through Middle and Early Modern English to the establishment of Standard English in the eighteenth century. At the core of this substantially expanded second edition lies a series of nearly 200 historical texts, of which more than half are reproduced in facsimile, and which illustrate the progressive changes in the language. The book is firmly based upon linguistic description, with commentaries which form a series of case studies demonstrating the evidence for language change at every level - handwriting, spelling, punctuation, vocabulary, grammar and meaning. Such a wealth of texts, as well as the structured activities and the various case studies, allow the volume to be used not only as a stimulating course text, guiding students through the analysis of data, but also as a comprehensive resource book and invaluable reference tool for teachers and students
