Dubai Syed Ali, 2010-05-28 This revealing portrait of the famously wealthy Persian Gulf city investigates the human cost of its miraculous rise to global prominence. In less than two decades, Dubai has transformed itself from an obscure territory of the United Arab Emirates into a global center for business, tourism, and luxury living. With astonishing skyscrapers and tax-free incomes, its rulers have made Dubai into a playground for the global elite while skillfully downplaying its systemic human rights abuses and suppression of dissent. It is a fascinating case study in light-speed urban development, massive immigration, and vertiginous inequality. In *Dubai: Gilded Cage*, sociologist Syed Ali delves beneath the dazzling surface to analyze how—and at what cost—Dubai has achieved its success. Ali brings alive a society rigidly divided between expatriate Westerners enjoying opulent lifestyles on short-term work visas, native Emiratis who are largely passive observers, and workers from the developing world who provide the manual labor and domestic service needed to keep the emirate running, often at great personal cost. “At last, a comprehensive expose of the economic and sexual exploitation that erected this utopia of greed. Syed Ali has seen the future in Dubai and it doesn’t work.” —Mike Davis, author of *Planet of Slums*

The Global Public Relations Handbook Krishnamurthy Sriramesh, Dejan Vercic, 2003-06-20 This handbook represents the state of the public relations profession throughout the world, with contributions from the Americas, Europe, Asia, and Africa. A resource for scholars and advanced students in public relations & international business.

How to Conquer the World Garrett Wasny, 1999 Management consultant, author, and Web master Garrett Wasny provides an annotated listing of over 8,000 international trade resources for businesspeople searching for global customers, partners, and suppliers on the World Wide Web. Organized into ten chapters covering geographic markets and global business functions and covering some 230 countries and territories, the volume provides relevant tips on Internet use and appendices offering a variety of resources on identifying useful associates, drafting initial correspondence, tracking information, and troubleshooting.

United Arab Emirates Facts On File, Incorporated, 2008 The United Arab Emirates comprises seven individual emirates, where vast amounts of oil were discovered in the 1950s. With an oil reserve that makes up almost one-tenth of the world's total, this desert country has a stable economy, and boasts one of the highest standards of living in the world.

Women's Rights in the Middle East and North Africa Freedom House, 2005-07-21 Freedom House has launched a new, comprehensive study titled *Women's Rights in the Middle East and North Africa: Citizenship and Justice*. The overarching goal of this survey is to facilitate and support national and international efforts to empower women in the Middle East and North Africa. The study presents a comparative evaluation of women's rights in 17 selected countries and territories through a set of numerical scores, analytical narrative reports, and vital statistics.

The Global Public Relations Handbook, Revised and Expanded Edition Krishnamurthy Sriramesh, Dejan Vercic, 2009-01-13 Expanding on the theoretical

framework for studying and practicing public relations around the world, The Global Public Relations Handbook, Revised and Expanded Edition extends the discussion in the first volume on the history, development, and current status of the public relations industry from a global perspective. This revised edition offers twenty new chapters in addition to the original contents. It includes fourteen additional country- or regionally-focused chapters exploring public relations practice in Africa, Asia, Europe, and the Americas. Contributors use a theoretical framework to present information on the public relations industry in their countries and regions. They also focus on such factors as the status of public relations education in their respective countries and professionalism and ethics. Each country-specific chapter includes a case study typifying public relations practice in that country. Additional new chapters discuss political economy, activism, international public relations, and United Nations public affairs.

Business Environment in Dubai Ahmed Khaled Abdel Mohsen Azmy,

From Expo 2019 Beijing to Expo 2020 Dubai Zhou Jianping, 2021-06-14 When Expo 2019 Beijing came to a close on October 9, 2019, it was hailed one of the most successful expos in history. Adopting 'Live Green, Live Better' as its theme, the International Horticultural Exhibition Beijing revolved around a philosophy of horticulture as central to helping humanity rediscover the principles of ecological civilization. With environmentalism at its heart, the event aimed to highlight the need for unity among the global community in tackling climate-related issues, and the wider challenges facing humanity. Beijing's expo welcomed more than nine million visitors over the course of six months. In that time, rich dialogue took place between millions of attendees, more than 110 participating countries and international organizations, and around 2,000 VIP visiting groups. The exhibition's influence was felt far beyond Beijing, with two billion online visitors. Setting the standard for future expos, Beijing Expo offers valuable lessons as Dubai puts the final touches to Expo 2020. This paper offers a detailed analysis of the many months of preparation and planning that went into Expo 2019 Beijing, exploring its guiding principles and the key factors in its success, such as a scientific approach to its design and robust organizational practices. The paper also considers the overall impact of Beijing expo, as both a model for others to follow and an inspirational example of a major event that was able to galvanize the international community behind an important cause.

Business Guide: Doing Business in Dubai & the United Arab Emirates Sascha Noack, 2009 The purpose of this business guide is to illustrate important considerations, as well as outlining the decisions that need to be made when considering starting to do business in the United Arab Emirates (U.A.E). Furthermore it offers an overview of the prevalent political, legal, social and economical environments that are an important basis for making the decision to expand to that region. After describing country-specific variables of the U.A.E., the business environment including business culture, industry sectors, legal and fiscal conditions, and various possible business forms will be analysed. The insights gained will be used to suggest business opportunities and to develop concrete steps on how to start business relations and set up a business in the U.A.E.

Places of Encounter, Volume 2 Aran MacKinnon, Elaine McClarnand
MacKinnon, 2018-03-09 First Published in 2018. Using a place-based approach by focusing on specific locations at critical historical moments of historical transformation, *Places of Encounter* provides a unique alternative to world history anthologies or survey texts. Students will experience the narrative of historic individuals as well as modern scholars looking back over documentation to offer their own views of the past, providing students with the perfect opportunity to see how scholars form their own views about history. This text can be purchased as two volumes, providing a breadth of information for survey courses in world history.

The Kentucky Derby, Preakness and Belmont Stakes Richard Sowers, 2014-02-25
This is the definitive history of thoroughbred racing's three premier events, which have never before been explored in such detail. This book gives the history of America's classic races from the inaugural Belmont Stakes in 1867 through 2013, identifying which equine participants were truly worthy of lasting acclaim and which were one-hit wonders. Perhaps even more compelling are the stories of the men and women who rode, trained, owned, or bred classic winners, including their exploits on the turf and their triumphs and failures in arenas far removed from horse racing.

Re-imagining Offshore Finance Christopher M. Bruner, 2016
Small jurisdictions have become significant players in cross-border corporate and financial services. Their nature, legal status, and market roles, however, remain under-theorized. Lacking a sufficiently nuanced framework to describe their functions in cross-border finance - and the peculiar strengths of those achieving global dominance in the marketplace - it remains impossible to evaluate their impacts in a comprehensive manner. This book advances a new conceptual framework to refine the analysis and direct it toward more productive inquiries. Bruner canvasses extant theoretical frameworks used to describe and evaluate the roles of small jurisdictions in cross-border finance. He then proposes a new concept that better captures the characteristics, competitive strategies, and market roles of those achieving global dominance in the marketplace - the market-dominant small jurisdiction (MDSJ). Bruner identifies the central features giving rise to such jurisdictions' competitive strengths - some reflect historical, cultural, and geographic circumstances, while others reflect development strategies pursued in light of those circumstances. Through this lens, he evaluates a range of small jurisdictions that have achieved global dominance in specialized areas of cross-border finance, including Bermuda, Dubai, Singapore, Hong Kong, Switzerland, and Delaware. Bruner further tests the MDSJ concept's explanatory power through a broader comparative analysis, and he concludes that the MDSJs' significance will likely continue to grow - as will the need for a more effective means of theorizing their roles in cross-border finance and the global dynamics generated by their ascendance.

The Final Call Leo Hickman, 2008-09-04
No industry in the world employs more people or is the world's largest foreign currency earner than tourism. Long billed as the cleanest industry for developing countries to invest in, tourism seems to offer everyone involved a positive experience. This is the official line, anyway. In truth, the reality is much more complex. For *The Final Call* Hickman travels the world on a range of holidays and finds that behind the sunny facade of pools, smiling locals, sightseeing trips and exquisite cuisine is an ugly reality and it is spreading unchecked to all

corners of the globe. But none of us are going to stop holidaying and at the heart of this is a heartfelt attempt to discover the best way to holiday wherever you are.

China and the Persian Gulf Dr. Mordechai Chaziza, 2019-11-14 Since China announced the Belt and Road Initiative (BRI) in 2013, the Gulf States have regarded it as a means for diversifying their national economies in order to reduce dependence on oil revenues and to achieve their national development strategy. The Persian Gulf region has a significant role in the successful implementation of BRI. Emerging strategic, diplomatic and financial partnerships will enable China to control the flow of its exports to world markets. The BRI has five major goals: Policy coordination, facilities connectivity, free trade, financial integration, and people-to-people bonds. Facilities connectivity, which focuses on transportation and energy infrastructure, is the initiatives priority. The integration between the national development plans of Gulf monarchies, the economic reconstruction plans of Iraq and Iran, and the new economic goals of Saudi Arabia, with Chinas Belt and Road vision have converged to bring forward opportunities. The implementation of the new Silk Road strategy will unleash a regional infrastructure boom by connecting China with Asia, Europe, and Africa by land and sea, boosting renminbi internationalization. Nevertheless, there are challenges that could complicate the envisaged bilateral partnerships. Saudi Arabia: The strategic synergy between the BRI and Saudi Vision 2030 has forged a joint economic development path, but external conflicts (Yemen, Iran) could derail plans. Iran: While Tehran has a special geographical status in West Asia, Washingtons decision to withdraw from the Iran nuclear agreement might create Sino-Iranian trade barriers. The UAE: In July 2018 bilateral relations were elevated to a comprehensive strategic partnership. The synergy between the BRI and UAE Vision 2021 is multifaceted trade, energy, infrastructure and logistics, financial services, military ties, tourism and cultural cooperation but very complex. Most of the Gulf States are governed by monarchies, are at the primary stage of industrialization, and are susceptible to US and European influence. The challenges Chinas ascendancy poses for the US, and the inevitable geopolitical fight back, in conjunction with Gulf regional turbulence, mean that the BRI project will face substantive challenges in the years ahead.

Dubai, from the Scratch Until Today - A New Vision of Tourism? Svenja Lis, 2010-07 Seminar paper from the year 2009 in the subject Tourism, grade: 1,7, Stralsund University of Applied Sciences, language: English, abstract: You can never understand Dubai if you have not been there. But being there is no guaranty for comprehension either! Dubai is the place of the ultimate superlatives. Nothing is impossible and dreams can come true. Like in a modern fairytale, in Dubai everything seems to be possible and what shines seems to be made of gold... Skiing in the desert, clubbing in an Islamic country, the famous Palm and upcoming Dubailand to name only some of the numerous attractions Dubai has to offer. I had the great opportunity to be part of an outstanding excursion to the United Arab Emirates with main interest on Dubai and to get an impression of one of the most fascinating destinations in the world. Not only as a tourist, but with the possibility to experience Dubai from a different sight, I had the chance to make up my mind about a fascinating city that never sleeps. For this reason my interest in Dubai arose and makes me take a closer look on Dubai. How did Dubai become

what it is today? How can it fulfil it's own premises to still grow and develop? And how can a single person, His Highness Sheikh Mohammed bin Rashid Al Maktoum, be responsible for all this? With the following assignment I try to answer these questions by giving an overview of Dubai's history, the current touristic situation in Dubai and the vision of Dubai in 2015.

Media Law in the United Arab Emirates Matt J. Duffy, 2018-03-27 Derived from the renowned multi-volume International Encyclopaedia of Laws, this analysis of media law in the United Arab Emirates surveys the massively altered and enlarged legal landscape traditionally encompassed in laws pertaining to freedom of expression and regulation of communications. Everywhere, a shift from mass media to mass self-communication has put enormous pressure on traditional law models. An introduction describing the main actors and salient aspects of media markets is followed by in-depth analyses of print media, radio and television broadcasting, the Internet, commercial communications, political advertising, concentration in media markets, and media regulation. Among the topics that arise for discussion are privacy, cultural policy, protection of minors, competition policy, access to digital gateways, protection of journalists' sources, standardization and interoperability, and liability of intermediaries. Relevant case law is considered throughout, as are various ethical codes. A clear, comprehensive overview of media legislation, case law, and doctrine, presented from the practitioner's point of view, this book is a valuable time-saving resource for all concerned with media and communication freedom. Lawyers representing parties with interests in the United Arab Emirates will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative media law.

The East Moves West Geoffrey Kemp, 2012 Details the growing interdependence of the Middle East and Asia and its likely ramifications. Particular attention is given to India and China, which have a strong interest in trade--especially in oil and natural gas--with the Middle East and Central Asia [site de l'éditeur]
