Web Graphics Bible Ron Wodaski,1997 Every day, more and more people and companies are adding pages to the Web. As competition for a better-looking Web page heats up, designers search for a book to take them beyond the basics to create a more stunning Web page. Web Graphics Bible delivers all the tools Web page designers need to achieve a cutting-edge look. The CD-ROM contains tutorials carefully linked to the book, along with Web graphics tools, sample art, clip art, and graphics images.

Diners, Dudes, and Diets Emily J. H. Contois,2020-10-02 The phrase dude food likely brings to mind a range of images: burgers stacked impossibly high with an assortment of toppings that were themselves once considered a meal; crazed sports fans demolishing plates of radioactively hot wings; barbecued or bacon-wrapped . . . anything. But there is much more to the phenomenon of dude food than what's on the plate. Emily J. H. Contois's provocative book begins with the dude himself—a man who retains a degree of masculine privilege but doesn't meet traditional standards of economic and social success or manly self-control. In the Great Recession's aftermath, dude masculinity collided with food producers and marketers desperate to find new customers. The result was a wave of new diet sodas and yogurts marketed with dude-friendly stereotypes, a transformation of food media, and weight loss programs just for guys. In a work brimming with fresh insights about contemporary American food media and culture, Contois shows how the gendered world of food production and consumption has influenced the way we eat and how food itself is central to the contest over our identities.

How to Plan Your Dream Vacation Using the Web Elizabeth Dempsey,1997 Travelers can cut their vacation costs by using the Web to plan trips anywhere in the world. Of every dollar vacationers spend, ten cents goes to travel agents who make the arrangements. This book explains how to make travel plans quickly and easily and provides a crash course for readers

unfamiliar with the Web. The CD-ROM features travel-planning software and Web tools and resources.

Building the Borderlands Casey Walsh, 2008-02-19 Cotton, crucial to the economy of the American South, has also played a vital role in the making of the Mexican north. The Lower Río Bravo (Rio Grande) Valley irrigation zone on the border with Texas in northern Tamaulipas, Mexico, was the centerpiece of the Cárdenas government's effort to make cotton the basis of the national economy. This irrigation district, built and settled by Mexican Americans repatriated from Texas, was a central feature of Mexico's effort to control and use the waters of the international river for irrigated agriculture. Drawing on previously unexplored archival sources, Casey Walsh discusses the relations among various groups comprising the "social field" of cotton production in the borderlands. By describing the complex relationships among these groups, Walsh contributes to a clearer understanding of capitalism and the state, of transnational economic forces, of agricultural and water issues in the U.S.-Mexican borderlands, and of the environmental impacts of economic development. *Building the Borderlands* crosses a number of disciplinary, thematic, and regional frontiers, integrating perspectives and literature from the United States and Mexico, from anthropology and history, and from political, economic, and cultural studies. Walsh's important transnational study will enjoy a wide audience among scholars of Latin American and Western U.S. history, the borderlands, and environmental and agricultural history, as well as anthropologists and others interested in the environment and water rights.

Louisiana Rocks! Tom Aswell, 2010-09-23 An in-depth history of rock and roll's Louisiana roots. Taking the position that rock and roll started in New Orleans in 1947 when Roy Brown recorded *Good Rockin' Tonight*, Aswell provides an expansive history of this beloved American music form. By looking at the Louisianan influences of swamp pop, Cajun, zydeco, R&B,

rockabilly, country, and blues music, the author explores the way these musical forms gave birth to rock and roll as we know it today.

Visioning New and Minority Religions Eugene V.

Gallagher, 2016-11-25 Rather than being ephemeral fads, new religious movements (NRMs) have always been and will always be with us. So will their study. Offering an assessment of the state-of-the-field of the study of NRMs, *Visioning New and Minority Religions* begins by considering the analytical tools for the study of new or minority religions, drawing on the perspectives of diverse academic disciplines. The second part focuses on individual groups in a variety of geographical settings. Chapters in this section review the histories of particular groups in order to extrapolate future developments. They cover new religions that have persisted well past the first generation, such as the Church of Jesus Christ of Latter-day Saints and the Christian Scientists, and groups with comparatively shorter histories, such as various forms of contemporary Paganism, Soka Gakkai, and the Diamond Way Buddhist group. This volume will be of interest to scholars from across religious studies and sociology, as well as members of new and minority religious groups and those in cult watching groups.

Dave Sperling's Internet Guide Dave Sperling, 1998 New

Second Edition! Dave Sperling, creator of the innovative Dave's ESL Caf Web site, has searched out the best-of-the-best information for English language teachers and their students. In this book he shows them how to use the Internet to communicate with other teachers and students from around the world, gather class material, access language learning software, and even find a teaching job. Contains chapters on how to get connected to the Web, use search engines and directories, use e-mail, and find job listings. There is also an A to Z compendium of hand-picked Web sites filled with articles, tips, dissertations, training information - even photocopiable worksheets for use in the classroom.

Matthew's Bible John Rogers, 2009 The Matthew's Bible brings together the work of two giants of sixteenth century English Bible translation. William Tyndale and Myles Coverdale shared a vision of making the scriptures available to ordinary believers concerned that their authority might be undermined in a time when kings and clerics alike opposed translating them into English. William Tyndale's New Testament (1526) was the first English translation made from the original language, and it made the most of the emerging English tongue. Knowing neither Hebrew nor Greek, Myles Coverdale consulted Latin, English and German sources to guide his work. The vocabulary of Tyndale, John Wycliff, and other appears in the Coverdale Bible (1535), which was the first complete Bible in English. John Rogers combined Tyndale's and Coverdale's texts -- supplying some translation work of his own -- to create the Matthew's Bible. It was attributed to a fictitious Thomas Matthew, concealing the inclusion of Tyndale's text so King Henry VIII would license the volume's publication. So popular became the Matthew's Bible that bishops were encouraged to order copies for their parishes. This book is a facsimile of one of the finest existing copies of the Matthew's Bible. It features clear, legible type and faithfully reproduced, color pages with a new introduction by Dr. Joseph W. Johnson. -- Back cover

Fortune Lisa Sharon Harper, 2022-02-08 Extraordinary. . . . Let this story of family, race, and resistance create anger in your spirit and ultimately inspire your heart to join the work to heal our nation and eventually our world.--Otis Moss III (from the foreword) Drawing on her lifelong journey to know her family's history, leading Christian activist Lisa Sharon Harper recovers the beauty of her heritage, exposes the brokenness that race has wrought in America, and casts a vision for collective repair. Harper has spent three decades researching ten generations of her family history through DNA research, oral histories, interviews, and genealogy. *Fortune*, the name of Harper's first nonindigenous ancestor born on American soil, bore the brunt of the nation's first race, gender, and citizenship laws. As Harper traces her family's story through succeeding generations, she shows how American ideas, customs, and laws robbed her ancestors--and the ancestors of so many others--of their humanity and flourishing. *Fortune* helps readers understand how America was built upon systems and structures that blessed some and cursed others, allowing Americans of European descent to benefit from the colonization, genocide, enslavement, rape, and exploitation of people of color. As Harper lights a path through national and religious history, she clarifies exactly how and when the world broke and shows the way to redemption for us all. The book culminates with a powerful and compelling vision of truth

telling, reparation, and forgiveness that leads to Beloved Community. It includes a foreword by Otis Moss III, illustrations, and a glossy eight-page black-and-white insert featuring photos of Harper's family.

Dude G. B. Trudeau, 2012-06-05 This breathtaking volume boldly, cheerfully, and blankly stares back across the stunningly mellow life and times of Zonker Harris. From his Californian-American roots to his legendary status as surfer, nanny, and former sun god, his career trajectory has unfailingly carried him ever deeper into the homegrown heart of the American daydream. A puddle-plumbing denizen of Walden Commune, Harris spent his formative years as a bodaciously freaked-out college student. His innovative decoding of the rites and rituals of the burgeoning counterculture put him on the cover of Time. Forced by a strategic oversight to graduate from college, Harris blazed a path to glory on the pro tanning circuit. His triumph in the George Hamilton Cocoa-Butter Open set a high watermark for the sport. Family values led Harris to devote considerable time to helping his stunned parents refill their empty nest. Extended-family values propelled him into a career as a professional nanny, in which capacity he has indeed taught the children well--especially Sam, who was surfing the long board while still in diapers. Later, leveraging his political cluelessness, Zonker served on the disastrous Duke2000 presidential campaign. A devoted foot soldier in the war against AIDS suffering, Zonk is held in high regard among SoCal's medical marijuana community for the efficacious potency of his magic brownies. Unfazed by worldly success, he remains a true and gentle freak. After all, he humbly notes, I am but one dude.

Guy Burgess Stewart Purvis, Jeff Hulbert, 2016-01-28

Cambridge spy Guy Burgess was a supreme networker, with a contacts book that included everyone from statesmen to socialites, high-ranking government officials to the famous actors and literary figures of the day. He also set a gold standard for conflicts of interest, working variously, and often simultaneously, for the BBC, MI5, MI6, the War Office, the Ministry of Information and the KGB. Despite this, Burgess was never challenged or arrested by Britain's spy-catchers in a decade and a half of espionage; dirty, scruffy, sexually promiscuous, a 'slob', conspicuously drunk and constantly drawing attention to himself, his superiors were convinced he was far too much of a liability to have been recruited by Moscow. Now, with a major new release of hundreds of files into the National Archives, Stewart Purvis and Jeff Hulbert reveal just how this charming establishment insider was able to fool his many friends and acquaintances for so long, ruthlessly exploiting them to penetrate major British institutions without suspicion, all the while working for the KGB. Purvis and Hulbert also detail his final days in Moscow - so often a postscript in his story - as well as the moment the establishment finally turned on him, outmanoeuvring his attempts to return to England after he began to regret his decision to defect.

The Dude's Guide to Marriage Darrin Patrick, Amie Patrick, 2015-11-03 "I am a well-loved wife." Is this something your wife would say? Here's your guide to making those words a reality in your marriage. What do women want? This question has

stumped the greatest male minds for centuries. Of course, if you're married, a much better question is, "What does your wife want?" As Darrin and Amie Patrick reveal in this profoundly practical and transformational book, God designed your wife to want—to need—to be loved. And that design is an invitation for you to love her deeply, intentionally and passionately. Practicing ten powerful actions—including listening, pursuing, and serving—will transform you into your wife's lifelong champion and have her nominating you for the Husband Hall of Fame. The Dude's Guide to Marriage is for guys who want to grow, who want clear steps to improving their marriage. It's for men who want a marriage that thrives rather than just survives. Grab this guide, and get ready to be a better husband by becoming a better man.

Jesse's Way L. M. Chase, 2006-12 The novel *Infernal* an ultimate experience of terror, is the story of Glenn, Jacob, and Susan among other characters that encounter evil. There are others like Glenn in the story that search to be freed from the nightmare in which they find themselves. Each is weighed down differently by personal demons, or so it seems to be that way, that make them vulnerable to being tortured by the horrifying reality of what evil is. This terrifying, yet captivating novel will appeal to the fans of classical horror. People will be drawn to the style and story of this novel because of the resemblance it has to those classics they have read and hungered for in the past. *Infernal* is a novel that develops deep into demonic oppression. The characters, such as Glenn, who occurs mostly throughout the story, suffer through horrifying shifts of reality. They fear for their sanity. They seek help, but are thrown into chasm between medical science and religious tradition. As you read on, the story gives you a feeling of coldness, dreadfulness, loneliness, confusion and hopefulness almost like an emotional roller coaster. When things seem to get normal, they turn dark, violent and frightening. The characters are so exposed that they are tortured by the demons. They look for an answer that modern medicine

does not have. The explanations all come down to science contradicting religion. Join in exploring the minds of these characters as we encounter their nightmares.

Countries at the Crossroads Freedom House (U.S.),2006 Countries at the Crossroads is an annual survey of government performance in 30 key countries worldwide that are at a critical crossroads in determining their political future. Crossroads provides a unique comparative tool for assessing government performance in the areas of civil liberties, rule of law, anticorruption and transparency, and accountability and public voice. Through narratives, numerical scores, and specific policy recommendations, the survey is an indispensable tool for policymakers, scholars, and the international community.
