Make Money, Not Excuses Jean Chatzky,2008-03-11 Get Rich, Don't Bitch Today, more than ever before, wealth is something every woman has the power to create. Yet Jean Chatzky constantly hears all the excuses why women can't and don't master their money. Now, she reveals the secrets and the strategies she created to take control of her own money—strategies through which she gained her “money confidence.” It's time for you to find yours! In Make Money, Not Excuses Jean shares these valuable lessons: • Where to start • How to get over your “I'm not smart enough to deal with money” feelings • Why being a “good-enough investor” will make more money for you in the long-term (while trying to be a “great investor” will drive you crazy) • How (and where) to save your money • Why women make better investors—and higher returns—than men • How to track where you're overspending • How to pay off your debt Jean is unsurpassed in her ability to explain money and investing in simple, straightforward ways. Here she breaks down the scariest parts of dealing with money—from investing in stocks to saving for your retirement—and makes them practical, easy, empowering, and, yes, even enjoyable. This is your road map to real wealth. “Chatzky writes like the smart, candid best friend you wish you had.” –Newsweek

Control Your Cash Greg McFarlane,Betty Kincaid,2010-06 A 14% credit card rate! What a deal! Where it says 'adjustable' here on my mortgage - that means 'fixed', right? Work until I retire, then collect Social Security. That's my wealth plan. If you've ever wondered how your money works, where it goes or how it grows, stop wondering. Control Your Cash: Making Money Make Sense deconstructs personal finance so that everyone but the hopelessly inept can understand it. Inside the book, you'll learn: [how to get your bank accounts, credit cards and other financial instruments to work for you, and not the other way around [the right way to buy a car (i.e. with the salesman cursing your name as you drive away) [where and how to invest, and what all those symbols, charts and graphs mean [how to turn expenses into income, and stop living paycheck-to-paycheck [whom the tax system is stacked against (hint: it's most of us) and how to use that to your advantage [the very key to wealth itself. In fact, the authors thought it was so important they put it on the cover so you can read it even if you're too cheap to buy the book: Buy assets, sell liabilities. Finally, a book that explains personal finance not only in layman's terms, but in detail. If you can read, and have any capacity for self-discipline, invest a few bucks in Control Your Cash now and reap big financial rewards for the rest of your life.

The Art of Money Getting P. T. Barum,2013-04-29 Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. But however easy it may be found to make money, I have no doubt many of my hearers will agree it is the most difficult thing in the world to keep it. Yet I beg to say that perhaps more cases of failure arise from mistakes on this point than almost any other. The fact is, many people think they understand economy when they really do not. True economy consists in always making the income exceed the out-go. A penny here, and a dollar there, placed at interest, goes on accumulating, and in this way the desired result is attained. It requires some training, perhaps, to accomplish this economy, but when once used to it, you will find there is more satisfaction in rational saving than in irrational spending.
