Wolf's Haven Ambrielle Kirk,Amber Ella Monroe,2012-10-04 Tamara would risk her life to gain freedom. She's finally built up the courage to escape from a world of abuse by the hands of a man who promised her the world. But when her plans backfire, her hope for freedom begins to fade. When her world hits rock bottom, she stumbles across wolf shifter, Devin Caedmon, who offers her safety and protection. She learns to trust the wolf, but has yet to trust the man. Devin, potential future leader of the Caedmon Pack, returns to the foothills of his Virginia home after five long years as a lone wolf. His people are exposed to threats without a leader, but that doesn't stop many of them from challenging him for his birthright. Leading a Pack was never in Devin's plans, but letting his people fall prey to turmoil under the rule of his cousin Darius is out of the question. Will he rise to lead them as Alpha? Within Devin's world, rages another inner battle. The human woman, Tamara, has captured his heart. When they are together, their tribulations take the backburner. Their desire for one another grows as they consummate their passion in wolf's haven. The Alpha leader-to-be simply cannot resist Tamara's lure, but she's already experienced enough disorder in her life. Will Devin forfeit the most coveted position within the Caedmon Pack to bond with his chosen mate? Can Tamara trust Devin or will the memories of her abuse dissuade her from being bound to the wolf? Wolf's Haven is Book One of the Caedmon Wolves series. Books Two through Six are also available now.

Vincent Motorcycles Philippe Guyony,2016-09-20 Despite only nine years of production, Vincents continue to be ridden regularly in rallies, hard in racing, and certainly well beyond the normal lifespan of a motorcycle. Breaking India Rajiv Malhotra,Aravintan Nilakantan,2011 This book focuses on the role of U.S. and European churches, academics, think-tanks, foundations, government and human rights groups in fostering separation of the identities of Dravidian and Dalit communities from the rest of India. It is the result of five years of research, and uses information obtained in the West about foreign funding of these Indian-based activities. The research tracked the money trails that start out claiming to be for education, human rights, empowerment training and leadership training, but end up in programs designed to produce angry youths who feel disenfranchised from Indian identity. The book reveals how outdated racial theories continue to provide academic frameworks and fuel the rhetoric that can trigger civil wars and genocides in developing countries. The Dravidian movement's 200-year history has such origins. Its latest manifestation is the Dravidian Christianity - movement that fabricates a political and cultural history to exploit old faultlines. The book explicitly names individuals and institutions, including prominent Western ones and their Indian affiliates. Its goal is to spark an honest debate on the extent to which human rights and other empowerment projects are cover-ups for these nefarious activities.

Euromarketing Erdener Kaynak,Pervez N. Ghauri,1994 Euromarketing: Effective Strategies for International Trade and Export increases understanding of the strategic aspects of international marketing in Europe and highlights the past, present, and future of European marketing. Although a substantial body of literature is available on the marketing behavior and practices of business in the international context, strategic planning aspects of international marketing have not been studied adequately. Euromarketing: Effective Strategies for International Trade and Export focuses on marketing studies of specific regions to provide international managers with insights into their international marketing performance. This book presents the results of comparative studies conducted among countries of Europe and contrasts the results and managerial implications with those obtained by international marketing scholars and practitioners elsewhere. The European community is going to play an extremely important role in the coming global business arena. Multinational corporations, government agencies, professors, researchers, and students can seek out opportunities in the new European market once they have updated their knowledge of how this market may function. The topics covered in Euromarketing provide for this knowledge with new data and insight on: Consumer Issues: Single Market and its Implications Export Behavior of European Firms Internationalization of European Firms Retailing Practices in European Countries Country Examples of European Distribution Channels Comparative Advertising Practices Internationalization of Scandinavian Firms Export Marketing Managerial Implications The restructuring of European industries has begun and will accelerate at a faster pace in the coming years. We have witnessed occurrences of several mergers and acquisitions. We are seeing the powerful presence of public sector enterprises and their procurement practices favoring local and European supplies. Euromarketing: Effective Strategies for International Trade and Export increases our understanding of international marketing in Europe by soliciting significant, analytical contributions from subject and country specialists.

SAN Multiprotocol Routing: An Introduction and Implementation Jon Tate,Steve Fodor,Jure Arzenšek,IBM Redbooks,2006-11-09 This IBM Redbooks publication supersedes both: IBM TotalStorage: Introduction to SAN Routing, SG24-7119-00 Implementing the IBM TotalStorage Multiprotocol Routers, SG24-7246-00 The rapid spread and adoption of production storage area networks (SANs) has fuelled the need for multiprotocol routers. The routers provide improved scalability, security, and manageability by enabling devices in separate SAN fabrics to communicate without merging fabrics into a single, large SAN fabric. This capability enables clients to initially deploy separate SAN solutions at the departmental and data center levels. Then, clients can consolidate these separate solutions into large enterprise SAN solutions as their experience and requirements grow and change. Alternatively, multiprotocol routers can help to connect existing enterprise SANs for a variety of reasons. For instance, the introduction of Small Computer System Interface over IP (iSCSI) provides for the connection of low-end, low-cost hosts to enterprise SANs. The use of an Internet Protocol (IP) in the Fibre Channel (FC) environment provides for resource consolidation and disaster recovery planning over long distances. And the use of FC-FC routing services provides connectivity between two or more fabrics without having to merge them into a single SAN. This book targets storage network administrators, system designers, architects, and IT professionals who sell, design, or administer SANs. It introduces you to the products, concepts, and technology in the IBM System Storage SAN Routing portfolio. This book shows the features of each product and examples of how you can deploy and use them.

The Key to My Neighbor's House Elizabeth Neuffer,2015-04-21 Interviewing war criminals and their victims, Neuffer explains, through the voices of people she follows over the course of a decade, how genocide erodes a nation's social and political environment. Her characters' stories and their competing notions of justice-from searching for the bodies of loved ones, to demanding war crime trials, to seeking bloody revenge-convinces readers that crimes against humanity cannot be resolved by simple talk of forgiveness,or through the more common recourse to forgetfulness.
