Elly Peterson Sara Fitzgerald, 2011-06-22 A

magisterially written, well-researched, informative, and entertaining biography of a woman who helped throw open the doors to broader participation and power for women in the Republican Party and American politics. ---Dave Dempsey, author of William G. Milliken: Michigan's Passionate Moderate Elly Peterson will be a text to which historians and researchers turn for insight into the yin and yang of mainstream politics in the mid-century. ---Patricia Sullivan, past president, Journalism and Women

Symposium This lively portrait of a leading woman in the Republican Party between 1952 and 1982 also charts the party's shift to the right after 1964, revealingly viewed through the eyes of liberal Republican women. Intensively researched with ethnographic attention to the subtleties of political culture, Fitzgerald's book is essential reading for anyone interested in how the Republican Party changed during the turbulent decades after 1960 and how women and women's issues shaped those changes. ---Kathryn Kish Sklar, Distinguished Professor of History, State University of New York, Binghamton Sara Fitzgerald tells Peterson's story in this superb and timely biography. It carries a message that deserves the widest audience as the nation struggles to find needed consensus on critical issues amid poisonous political partisanship that has made it increasingly difficult for public officials to bridge their differences. I hope that every American reads it. ---Pulitzer Prize winner Haynes Johnson, from the Foreword To understand the quest for equal rights in America you really need to meet those women who were active at the time of transition. In this gripping biography we meet one woman who entered a male dominated world and triumphed. ---Francis X. Blouin Jr., Director, Bentley Historical Library

Sara Fitzgerald's writing is as intelligent as it is entertaining. ---Best-selling novelist Diane Chamberlain Elly Peterson was one of the highest ranking women in the Republican Party. In 1964 she ran for a Michigan seat in the U.S. Senate and became the first woman to serve as chair of the Michigan Republican Party. During the 1960s she grew disenchanted with the increasing conservatism of her party, united with other feminists to push for the Equal Rights Amendment and reproductive choice, battled Phyllis Schlafly to prevent her from gaining control of the National Federation of Republican Women, and became an independent. Elly Peterson's story is a missing chapter in the political history of Michigan, as well as the United States. This new biography, written by Sara Fitzgerald (a Michigan native and former Washington Post editor), finally gives full credit to one of the first female political leaders in this country. When Peterson resigned in 1970 as assistant chairman of the Republican National Committee, David Broder of the Washington Post wrote that her abilities would have earned her the national chairmanship, were it not for the unwritten sex barrier both parties have erected around that job.

**Global Perspectives on Teaching and Learning Paths in Islamic Education** Huda, Miftachul,Safar, JimaaIn,Mohamed, Ahmad Kilani,Jasmi, Kamarul Azmi,Basiron, Bushrah,2019-07-26 The process of curriculum enhancement through various educational approaches aims to enhance quality assurance in the educational process itself. In Islamic education, traditional educational trends are enhanced by expanding the embodiment process on experiential learning to evaluate the achievement in creating outcomes that balance not only spirituality and morality but also quality of cognitive analytical performances. Global Perspectives on Teaching

and Learning Paths in Islamic Education is a comprehensive scholarly book that provides broad coverage on integrating emerging trends and technologies for developing learning paths within Islamic education. Highlighting a wide range of topics such as digital ethics, psychology, and vocational education, this book is ideal for instructors, administrators, principals, curriculum designers, professionals, researchers, academicians, and students.

*The Future of Nursing* Institute of Medicine, Committee on the Robert Wood Johnson Foundation Initiative on the Future of Nursing, at the Institute of Medicine, 2011-02-08  
The Future of Nursing explores how nurses' roles, responsibilities, and education should change significantly to meet the increased demand for care that will be created by health care reform and to advance improvements in America's increasingly complex health system. At more than 3 million in number, nurses make up the single largest segment of the health care work force. They also spend the greatest amount of time in delivering patient care as a profession. Nurses therefore have valuable insights and unique abilities to contribute as partners with other health care professionals in improving the quality and safety of care as envisioned in the Affordable Care Act (ACA) enacted this year. Nurses should be fully engaged with other health professionals and assume leadership roles in redesigning care in the United States. To ensure its members are well-prepared, the profession should institute residency training for nurses, increase the percentage of nurses who attain a bachelor's degree to 80 percent by 2020, and double the number who pursue doctorates. Furthermore, regulatory and institutional obstacles-including limits on nurses' scope of practice-should be removed so that the health system can reap the

full benefit of nurses' training, skills, and knowledge in patient care. In this book, the Institute of Medicine makes recommendations for an action-oriented blueprint for the future of nursing.

The Flavor Equation Nik Sharma, 2020-10-27 Named one of the Best Fall Cookbooks 2020 by The New York Times, Eater, Epicurious, Food & Wine, Forbes, Saveur, Serious Eats, The Smithsonian, The San Francisco Chronicle, The Los Angeles Times, The Boston Globe, The Chicago Tribune, CNN Travel, The Kitchn, Chowhound, NPR, The Art of Eating Longlist 2021 and many more; plus international media attention including The Financial times, The Globe and Mail, The Telegraph, The Guardian, The Independent, The Times (U.K.), Delicious Magazine (U.K.), The Times (Ireland), and Vogue India and winner of The Guild of U.K. Food Writers (General Cookbook). Finalist for the 2021 IACP Cookbook Award. The Flavor Equation deserves space on the shelf right next to Salt, Fat, Acid, Heat as a titan of the how-and-why brigade. - The New Yorker Deep and illuminating, fresh and highly informative... a most brilliant achievement. - Yotam Ottolenghi [A] beautiful and intelligent book. - J. Kenji López-Alt, author The Food Lab and Chief Consultant for Serious Eats.com Aroma, texture, sound, emotion—these are just a few of the elements that play into our perceptions of flavor. The Flavor Equation demonstrates how to convert approachable spices, herbs, and commonplace pantry items into tasty, simple dishes. In this groundbreaking book, Nik Sharma, scientist, food blogger, and author of the buzz-generating cookbook Season, guides home cooks on an exploration of flavor in more than 100 recipes. • Provides inspiration and knowledge to both home cooks and seasoned chefs • An in-depth exploration into the science of taste • Features Nik Sharma's

evocative, trademark photography style The Flavor Equation is an accessible guide to elevating elemental ingredients to make delicious dishes that hit all the right notes, every time. Recipes include Brightness: Lemon-Lime Mintade, Saltiness: Roasted Tomato and Tamarind Soup, Sweetness: Honey Turmeric Chicken Kebabs with Pineapple, Savoriness: Blistered Shishito Peppers with Bonito Flakes, and Richness: Coconut Milk Cake. • A global, scientific approach to cooking from bestselling cookbook author Nik Sharma • Dives deep into the most basic of our pantry items—salts, oils, sugars, vinegars, citrus, peppers, and more • Perfect gift for home cooks who want to learn more beyond recipes, those interested in the science of food and flavor, and readers of Lucky Peach, Serious Eats, Indian-Ish, and Koreatown • Add it to the shelf with cookbooks like The Food Lab: Better Home Cooking Through Science by J. Kenji López-Alt; Ottolenghi Flavor: A Cookbook by Yotam Ottolenghi; and Salt, Fat, Acid, Heat: Mastering the Elements of Good Cooking by Samin Nosrat.

Leading Adult Learning Eleanor Drago-Severson, 2009-09-23 Support the growth and development of all adults—teachers, principals, and superintendents—in your school community! Educators need different kinds of supports and challenges over the different stages of their lives. Drago-Severson’s developmental model of learning-oriented school leadership draws from multiple knowledge domains to help school and district leaders understand how to support professional growth. This volume: Details four Pillar Practices for growth—teaming, providing leadership roles, collegial inquiry, and mentoring Presents research from practicing leaders across the nation Includes resources to assist you in applying this learning-oriented model to your school and school system

Analyzing Syntax through Texts Elly van Gelderen, 2017-12-04 Explores the momentous changes that have taken place in the Russian nationalism since Putin's return to the presidency

**An Introduction to the Grammar of English** Elly van Gelderen, 2002-01-01 This textbook introduces basic concepts of grammar in a format which should encourage readers to use linguistic arguments. It focuses on syntactic analysis and evidence. It also looks at sociolinguistic and historical reasons behind prescriptive rules.

Representing Justice Judith Resnik, Dennis Edward Curtis, 2011-01-01 A remnant of the Renaissance : the transnational iconography of justice -- Civic space, the public square, and good governance -- Obedience : the judge as the loyal servant of the state -- Of eyes and ostriches -- Why eyes? : color, blindness, and impartiality -- Representations and abstractions : identity, politics, and rights -- From seventeenth-century town halls to twentieth-century courts -- A building and litigation boom in Twentieth-Century federal courts -- Late Twentieth-Century United States courts : monumentality, security, and eclectic imagery -- Monuments to the present and museums of the past : national courts (and prisons) -- Constructing regional rights -- Multi-jurisdictional premises : from peace to crimes -- From rites to rights -- Courts : in and out of sight, site, and cite -- An iconography for democratic adjudication.

**The Argyleshire Pronouncing Gaelic Dictionary** Neil MacAlpine, 2010 Книга предназначена широкому кругу читателей: специалистам-филологам, исследователям истории и теории литературы, а также аспирантам и студентам филологических факультетов вузов и колледжей

**Museums in a Digital Age** Ross Parry, 2013-01-11

The influence of digital media on the cultural heritage sector has been pervasive and profound. Today museums are reliant on new technology to manage their collections. They collect digital as well as material things. New media is embedded within their exhibition spaces. And their activity online is as important as their physical presence on site. However, 'digital heritage' (as an area of practice and as a subject of study) does not exist in one single place. Its evidence base is complex, diverse and distributed, and its content is available through multiple channels, on varied media, in myriad locations, and different genres of writing. It is this diaspora of material and practice that this Reader is intended to address. With over forty chapters (by some fifty authors and co-authors), from around the world, spanning over twenty years of museum practice and research, this volume acts as an aggregator drawing selectively from a notoriously distributed network of content. Divided into seven parts (on information, space, access, interpretation, objects, production and futures), the book presents a series of cross-sections through the body of digital heritage literature, each revealing how a different aspect of curatorship and museum provision has been informed, shaped or challenged by computing. Museums in a Digital Age is a provocative and inspiring guide for any student or practitioner of digital heritage.

The Duties Of The Vizier G. P. F. Van Den

Boorn, 2014-05-12 Part of a collection on Studies in Egyptology, and originally published in 1988, this monograph looks at 'Rekhmara expedie les affiars du gouvernement' a text by Phillippe Virey which describes the organisation of the Egyptian State under the eighteenth Dynasty. It was later renamed as 'The Duties of the Vizier'.

Georgia Place-names Kenneth K. Krakow, 1975

## **The Linguistic Cycle** Elly van Gelderen,2023-07-31

Cyclical language change is a linguistic process by which a word, phrase, or part of the grammar loses its meaning or function and is then replaced by another. This can even happen on the level of an entire language, which can experience a change in the language family it is a part of. This new text is a comprehensive introduction to this phenomenon, the mechanisms underlying it, and the relations between the different types of cycles. Elly van Gelderen reviews the subject widely and holistically, defining key terms and comprehensively presenting diverse theoretical perspectives and empirical findings. With coverage of a variety of micro cycles and the more controversial macro cycles, incorporating cutting-edge work on grammaticalization, and drawing on examples from many languages and language families, this book accessibly guides readers through the state of the art in the field. With practical methodological guidance on how to identify and investigate linguistic cycles, and an array of useful pedagogical features, the book provides a coherent framework for approaching, understanding, and furthering research in linguistic cycles. This text will be an indispensable resource for advanced students and researchers in historical and diachronic linguistics, language typology, and linguistic and grammatical theory.

*Aethiopica* ,2006

## **Our Bodies, Our Bikes** Elly Blue,April

Streeter,2015-10-19 Our Bodies, Our Bikes is a resource and companion for women who ride bicycles. Through personal stories, how-to guidelines, and factual information, contributors explore the intersection of cycling and women's health, from bike fit to clothing, from periods to childbirth, from media representation to gender presentation and reproductive rights. Our diverse

contributors demystify and elucidate women's issues in cycling in a practical, friendly, and down to earth manner.

**Conversations of Democracy** Stephen E.

Frantzich,2015-12-03 Democratic politics involves a series of multi-directional conversations. Effective conversations have the potential to engage, educate, and animate both citizens and governmental officials. On the individual level, discovering successful conversational strategies benefits both political and social interaction. This book offers guidelines for conducting effective conversations personally, politically, and beyond such that readers of this book are unlikely to ever again look at conversation in the same way. New technologies and social trends both challenge and potentially enhance traditional face-to-face and media dominated conversations. Understanding the state, quality and potential of political conversations provides a unique perspective for evaluating and potentially improving government by the people.

*Heroines in History* Katie Pickles,2022-07-21 Heroines in History: A Thousand Faces moves beyond stories of individual heroines, taking a thematic, synthesising and global in scope approach to challenge previous understandings of heroines in history. Responding to Joseph Campbell's Hero with a Thousand Faces, Katie Pickles explores the idea of a transcultural heroine archetype that recurs through time. Each chapter addresses an archetypal theme important for heroines in history. The volume offers a new consideration of the often-awkward position of women in history and embeds heroines in the context of their times, as well as interpreting and analysing how their stories are told, re-told and represented at different moments. To do so it recovers and compares some women now forgotten, along with well-known recent heroines and brings together a

diversity of women from around the world. Pickles looks at the interplay of gender, race, heredity status, class and politics in different ways and chronicles the emergence of heroines as historical subjects valued for their substance and achievements, rather than as objects valued for their image and celebrity. In an accessible and original way, the book builds upon developments in women's and gender history and is essential reading for anyone interested in this field.
