The Homeopathic Revolution Dana Ullman,2007-10-16 What do Mark Twain, David Beckham, Catherine Zeta-Jones, and Mother Teresa have in common? All have been enthusiastic fans of homeopathy, the alternative medical tradition that treats “like with like.” Homeopathy has an incredible history of support by many of the most respected people of the past 200 years, and modern science is finally catching up. In *The Homeopathic Revolution*, Dana Ullman blends vivid personal stories and quotes from these and other luminaries from a variety of eras and fields with a new definition of homeopathy as “nanopharmacology”—one that will help people, including skeptics, start to understand its value. After explaining why conventional medicine is inadequately scientific, why homeopathy makes sense and works, and why it is so threatening to conventional medicine and drug companies, Ullman lets legends like Coretta Scott King, Cindy Crawford, Bill Clinton, Vincent Van Gogh, and other practitioners weigh in on the subject. By writing about homeopathy’s heroes and telling their stories, Ullman is able to reference and describe important scientific studies in user-friendly language that verifies the value of this widely used but still misunderstood tradition.

Emily's Quest Lucy Maud Montgomery,2022-12-09 *Emily and s Quest* is the grand finale of the Lucy Maud Montgomery trilogy, set before World War I on Prince Edward Island, Canada. The orphan in *Emily of New Moon* and the hopeful student in *Emily Climbs* is transformed into a young woman seeking success and love. At the beginning of the story, Emily believes that everyone has abandoned her at New Moon Farms. Best friend Ilsa Burnley has taken off for school in Montreal, suitor Perry Miller is studying Law in Charlottetown. Most annoyingly, Teddy Kent, also left her to study actor and s craft. All she has left is a desire to write and her mentor, the cynical and manipulative Dean Priest. First Emily has no luck with her book, then, suffered a near fatal illness. Lonely and near despair, her only option seems to be Dean and s offer of marriage. But, a dramatic second-sight experience will offer her a vision of a different future. If the endpoint of Emily and s quest may be predictable, but the journey is not. Emily will struggle to sell her first book while dealing with some comical distractions. Emily and s relationship woes will continue to a cleverly written and entertaining ending. Lucy Maud Montgomery drew heavily on her own experiences as a struggling writer in the Emily series; the story has some real bite, along with the author and s characteristic humor and gentle wisdom (character of Dean was inspired by her abusive awful husband and her dread of having sex with him). *Emily and s Quest* is very highly recommended to her fans.
