Ghosts of Florida's Gulf Coast Alan Brown,2015-10-17 It's easier to imagine ghosts haunting gloomy, medieval castles in Europe or brooding mansions in New England than bright, cheerful homes across the Sunshine State, but ghosts abound in sunny, tropical Florida. In fact, Florida absolutely oozes the weird, the creepy, and the ghastly.

Human Rights Violations in Latin America Elizabeth Lira,Marcela Cornejo,Germán Morales,2022-05-07 A timely contribution to the study of peace psychology in Latin America, this volume describes clinical, psychosocial, and community interventions with victims from Mexico to Chile from the 1970s onward. Chapters analyze how to conceptualize complex processes such as the appropriation of children and political repression, raising psychological, juridical, and political implications for the victims, their families, human rights organizations, and society. care for her. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances-because Mama's life, and her own, depend on it.

The Politics of Modern Central America Fabrice Lehoucq, 2012-08-27 This book analyzes the origins and consequences of civil war in Central America. Fabrice Lehoucq argues that the inability of autocracies to reform themselves led to protest and rebellion throughout the twentieth century and that civil war triggered unexpected transitions to non-military rule by the 1990s. He explains how armed conflict led to economic stagnation and why weak states limit democratization - outcomes that unaccountable party systems have done little to change. This book also uses comparisons among Central American cases - both between them and other parts of the developing world - to shed light on core debates in comparative politics and comparative political economy. This book suggests that the

most progress has been made in understanding the persistence of inequality and the nature of political market failures, while drawing lessons from the Central American cases to improve explanations of regime change and the outbreak of civil war.

Nourishing Resistance Wren Awry, 2023-02-28 From the cooks who have quietly fed rebels and revolutionaries to the collective kitchens set up after hurricanes and floods, food has long played a crucial role in resistance, protest, and mutual aid. Until very recently, food-based work—steadfast and not particularly flashy—slipped under the radar or was centered on celebrity chefs and well-funded nonprofits. Adding to a growing constellation of conversations that push against this narrative, *Nourishing Resistance* centers the role of everyday people in acts of culinary solidarity. Twenty-three contributors—cooks, farmers, writers, organizers, academics, and dreamers—write on queer potlucks, BIPOC-centered farms and gardens, rebel ancestors, disability justice, indigenous food sovereignty, and the fight against toxic diet culture, among many other topics. They recount bowls of biryani at a Delhi protest, fricasé de conejo on a Puerto Rican farm, pay-as-you-want dishes in a collectively-run Hong Kong restaurant, and lemon cake cooked in a New Jersey disaster relief kitchen. They chronicle the communal kitchens and food distribution programs that emerged in Buenos Aires and New York

City in the wake of COVID-19, which caused surging food insecurity worldwide. They look to the past, revealing how “Bella Ciao” was composed by striking women rice workers, and the future, speculating on postcapitalist worlds that include both high-tech collective farms and herbs gathered beside highways. Through essays, articles, poems, and stories, Nourishing Resistance argues that food is a central, intrinsic part of global struggles for autonomy and collective liberation.

Activism, Alliance Building, and the Esperanza Peace and Justice Center Sara DeTurk, 2014-11-20

This critical ethnography describes the context, vision, and social change tactics of the Esperanza Peace and Justice Center in San Antonio, Texas. It explicates the important roles of intergroup alliances, strategic use of language, and arts programming as a means of connecting personal consciousness-raising to collective agency.

Spain and the Defence of Peru, 1579-1700 Peter T. Bradley, 2009 A study of how the coast and commerce of the Viceroyalty of Peru, from Chile to Ecuador, was defended against foreign intruders from the time of Francis Drake (1579) to the early 18th-c. The Armada del Mar del Sur carried silver to

Panama, but also patrolled coastlines, offered protection to ports, and challenged interlopers. The dimensions, traits and guns of its vessels are studied, and its reliance on local expertise, manpower, and private investment in place of support from the Spanish crown. On land the book studies the construction and arming of fortifications at Callao, Guayaquil, Trujillo, and Valdivia, private initiatives at Arica, Pisco and Paita, the creation of the paid Callao presidio, and the formation and training of local militias in Lima. These processes are set against royal refusals to tolerate lower silver shipments from Peru to Spain caused by higher defence costs, and the strengthening of a local, Peruvian identity through military self-reliance in defence of local and royal interests.

No a la impunidad Baltasar Garzón, 2019-03-14 Un repaso fundamental a los abusos de derechos humanos cometidos por distintas dictaduras en el siglo XX. «Baltasar Garzón ha dedicado toda su vida a luchar contra la impunidad, sin amilanarse frente a los poderes políticos y económicos que la generan. Ha puesto su impecable preparación técnica y su impresionante coraje y disposición al servicio de la defensa de los derechos que poseen las víctimas de los más graves atropellos a la

legalidad y la dignidad humana, aun a costa de un elevado sacrificio personal, ya que ciertamente su causa es impopular para los poderes legales y fácticos de muchos países. Este libro es un ejemplo bastante revelador de lo que he llamado la razón caliente, aquella rara capacidad para combinar la argumentación jurídica impecable con el sentimiento de repulsa hacia la impunidad de los poderosos y, a la vez, de solidaridad con las víctimas. Precisamente, este es el libro de un hombre de derecho que hace de su estudio un instrumento de lucha contra la injusticia y la impunidad, y que al mismo tiempo acoge y pretende confortar a las víctimas.» Del Prólogo de Boaventura de Sousa Santos

La realidad como misterio Alberto Simons Camino, 2018-11-05 Todos los avances que el hombre ha logrado se han dado gracias a su capacidad de asombro, de maravillarse frente a la realidad. De este modo, el autor intenta recuperar esta capacidad apelando al sentido del misterio como la facultad de estar siempre abiertos a lo que ignoramos. Este libro escrito por Alberto Simons Camino, SJ, no solo esclarece conceptos como misterio y realidad sino también aquellos que se ocultan detrás de estos: la verdad, la vida, el tiempo y la historia; nociones que hacen patentes las transformaciones que se han dado y se dan en nuestra forma de vivir y pensar. Luego, estudia al ser humano como misterio y su trascendencia en Jesucristo, el Hijo del Hombre, con el fin de reflexionar sobre el significado del Misterio Primordial que nos es revelado: la experiencia de Dios.

Abused Men Philip W. Cook, 2009-02-24 An award-winning investigative journalist provides a disturbing new look at an underreported type of domestic violence—the abuse of men. The first edition of Philip W. Cook's book, *Abused Men: The Hidden Side of Domestic Violence* (Praeger, 1997), drew attention and praise nationwide from individuals and from media, ranging from CNN and Fox network's *The O'Reilly Factor* to scholarly publications such as *The Journal of Marriage and Family*. On the 10th anniversary of that groundbreaking book, Cook began revising and expanding his work. The result is this second edition—a disturbing look at a trend that continues to increase. The new edition of *Abused Men: The Hidden Side of Domestic Violence* offers up-to-date data on the prevalence of intimate partner violence against men, incorporating personal interviews and cases drawn from the media. It also includes updates on law, legislation, court activity, social responses, police activity, support groups, batterer programs, and crisis intervention programs. The final chapter contains a detailed and specific description of needed reforms in the current approach to intimate partner violence, whether the victims are male or female.

A questão da organização em Anton Pannekoek Lisandro Braga,Nildo Viana,2020-06-19 Anton Pannekoek é um dos grandes nomes do marxismo e o grande teórico dos conselhos operários, organizações autárquicas criadas espontaneamente pelos trabalhadores no bojo das tentativas de revoluções proletárias na Rússia, Alemanha, Hungria e Itália, e que ressurgiu posteriormente em várias outras experiências históricas. A questão da organização é uma das mais discutidas em sua obra e os textos aqui reunidos apontam para uma análise de sua contribuição para compreender as organizações operárias e burocráticas, como partidos e sindicatos, numa perspectiva crítica, tal como a de Pannekoek.

Guerra y posguerra en Centroamérica Natalia Armijo Canto,Mónica Toussaint,2022-12-13 Un grupo amplio de especialistas del Instituto Mora, de la Universidad de Quintana Roo y de la UNAM se reúnen en esta obra para analizar las continuidades y transformaciones de las sociedades

centroamericanas, desde las guerras civiles que tuvieron lugar en la región en la década de 1980 hasta la actualidad. Los ejes temáticos son diversos: las formas de participación de distintos sectores sociales en las guerras civiles en Guatemala, El Salvador y Nicaragua; la intervención de Argentina en el impulso a la contrainsurgencia en Honduras; la presencia de México en la promoción de la paz regional; el papel de las expresiones literarias y musicales como formas de resistencia y visibilización de las luchas; los desafíos derivados del fin del conflicto armado y el proceso de reinserción de los excombatientes; la transformación de la violencia política en violencia social; y la búsqueda de justicia en la arena internacional ante las masacres perpetradas en la guerra. De este modo, el libro aborda la historia y el presente de varios países de la región, haciendo referencia a dos etapas que suelen tratarse en forma separada: la guerra y la posguerra. Logra conjuntar temas novedosos y perspectivas de análisis diversas con la intención de estimular el interés en el estudio de la región centroamericana, para desentrañar su creciente complejidad.

El gran aviso Christine Watinks, 2022-07-25 «Christine Watkins nos ofrece el conocimiento más

completo sobre El Aviso que jamás haya leído. Aunque estoy familiarizado con muchas de las profecías sobre El Aviso, la lectura de su libro me dio una comprensión más profunda gracias a los relatos que comparte, en primera persona, de quienes han experimentado una iluminación de su conciencia. Ella sitúa de tal modo a estas personas en el contexto de su propio itinerario personal y combate espiritual que, mientras leía estos testimonios, sentí como si estuviera vivenciando sus experiencias. Conozco personalmente a varias de las personas de quienes se habla en el libro. Todas estas historias pueden cambiar la vida de quienes las lean. Son muchos los que creen que experimentaremos El Aviso o Iluminación de Conciencias en nuestra época. Para prepararse será de gran ayuda este libro informativo e inspirador. Es difícil dejar de leerlo. Lo recomiendo encarecidamente».

Waters of Discord Rodman L. Underwood, 2008-03-18 At the beginning of the American Civil War the Federal government imposed a blockade of the southern coast of the Confederate States of America, including the dark corner of the Confederacy--Texas. Much of the fighting in Texas during the

Civil War took place in the state's coastal counties and the adjoining Gulf of Mexico waters, and nearly all of these engagements were involved in one way or another with the Union blockade of the Texas coast. This book examines all major blockade-related land and sea engagements in and near Texas, and also includes many minor ones. It begins with a discussion of the blockade's creation and then concentrates on the successful Confederate efforts to evade the blockade by shipping cotton out of Mexico and, in return, receiving materiel and civilian goods through that neutral nation. The author also covers political intrigue and the spy activity with the French who had invaded Mexico. The book concludes with an analysis of the effectiveness of the Union blockade of Texas.

Del olvido a la memoria Rafael Lago Sarichev, Homenaje al Cementerio de Reina- Monumento Nacional-, y en general a Cienfuegos, ciudad de un gran realce cultural y cuna natural o por adopción de ilustres hijos. Resulta singular a escala nacional; precisamente por la conformación de su patio principal, que es el único del país circunscrito por tres hileras de nichos verticales. Por esta necrópolis, sabemos de aquella forma antigua de enterramientos que refleja también el nivel artístico

alcanzado por la entonces Villa Fernandina de Jagua en cuanto al trabajo en mármol, hierro fundido y pizarra. Las lápidas de estos nichos derrochan elegancia en sus bajorrelieves, al igual que la herrería que enmarca bóvedas y panteones. Dentro de los valores de la obra se encuentran un grupo de fotos que ilustran las maravillas de este cementerio.

La Constitución de 1991: viviente y transformadora Manuel José Cepeda Espinosa, 2022-09-01

La Constitución de 1991: viviente y transformadora es una invitación a la reflexión sobre el impacto de la Constitución de Colombia, que cumplió treinta años de vigencia, la segunda que dura más de tres décadas. Presenta un balance global de su vida, de su funcionamiento y de su impacto transformador en múltiples ámbitos de la vida nacional. La tesis fundamental que expone la Constitución de 1991, lejos de quedarse escrita, ha tenido una incidencia profunda que ha llevado a que Colombia sea hoy un país diferente al que existía antes de los años noventa del siglo XX. Algunos cambios que ha producido son evidentes, mientras otros no han sido tan visibles, pero son también muy significativos. En cada capítulo del libro se pone énfasis en estas transformaciones que se inscriben en lo que

políticamente se denominó el revolcón, pero que académicamente se conoce como constitucionalismo transformador. El libro está dirigido a todos los ciudadanos, no solo a abogados, por lo cual se ha evitado, en lo posible, el uso de lenguaje técnico. No contiene notas a pie de página porque no pretende ser un libro de investigación, pero provee una amplia referencia a sentencias para el lector interesado en profundizar en el tema
