Il santo filosofo (edizione economica) Dario Chioli, 2015-05-23 Qualcuno ha detto che la vera raffinatezza spirituale consiste nella scelta non del paradiso ma dell'anticamera del paradiso. Ecco, Il santo filosofo ci fa sentire sulla strada giusta per entrare nella stanza desiderata e temuta di chi è povero di fronte al mistero. E mentre ci conduce, talvolta ci lascia soli, ma non così smarriti da non poter trovare il filo teso. E di labirinto in labirinto, di vertigine in vertigine - tanti sono il suo sapere e la libertà che ci indica - talvolta sostiamo, increduli che tanta ricchezza esista per davvero. Il santo filosofo è un testo di chi ama la Sofia, e come alla madre a lei si abbandona. Il dono che ne riceve, e che riceve chi con lui con lo stesso spirito vive e ascolta, è quello di una bellezza segretissima, di una pace dolcissima. (Mirjana Zarifovic)

Le Paure Del Drago Mario Vizzotto, 2008-06-30 Il Drago è il simbolo della Cina e questa figura mitologica torna a rappresentare il mostro distruttivo che solo i Santi riuscivano a debellare. Forse non basterebbero per fermare questo nuovo Drago, che ormai è dentro gli oggetti della nostra vita quotidiana e dentro il serbatoio delle nostre automobili. Ma il Drago fa paura anche ai suoi protetti, i quali temono che la sua frenetica attività possa creare grandi problemi. Le paure del Drago sono lo squilibrio sociale, il disastro ambientale, il rischio finanziario, la mancanza di energia, la richiesta di

libertà di espressione o di indipendenza, la paura delle religioni e come gestire l'evoluzione di un paese che è passato quasi di colpo dal medioevo al futuro più avanzato, con una popolazione che invecchia e nuove generazioni che vivono come i loro coetanei di New York. Le Paure del Drago analizza questi argomenti e come la Cina stia cercando di trovare le soluzioni che possano diminuire i rischi di una potenziale implosione.

Digital Humanities and the Lost Drama of Early Modern England Matthew Steggle, 2016-04-22 This book establishes new information about the likely content of ten lost plays from the period 1580-1642. These plays' authors include Nashe, Heywood, and Dekker; and the plays themselves connect in direct ways to some of the most canonical dramas of English literature, including Hamlet, King Lear, The Changeling, and The Duchess of Malfi. The lost plays in question are: Terminus & Non Terminus (1586-8); Richard the Confessor (1593); Cutlack (1594); Bellendon (1594); Truth's Supplication to Candlelight (1600); Albere Galles (1602); Henry the Una (c. 1619); The Angel King (1624); The Duchess of Fernandina (c. 1630-42); and The Cardinal's Conspiracy (bef. 1639). From this list of bare titles, it is argued, can be reconstructed comedies, tragedies, and histories, whose leading characters included a saint, a robber, a Medici duchess, an impotent king, at least one pope, and an angel. In each case, newly-available digital research resources make it possible to interrogate the title and to identify the play's subject-matter, analogues, and likely genre. But these concrete examples raise wider theoretical problems: What is a lost play? What can, and cannot, be said about objects in this problematic category? Known lost plays from the early modern commercial theatre outnumber extant plays from that theatre: but how, in practice, can one investigate them? This book offers an innovative theoretical and practical frame for such work, putting digital humanities into action in the emerging field of lost play studies.

Analysis of The Rock of Cader Idris by Felicia Dorothea Hemans Hanna M.

Stoll, 2004-05-27 Seminar paper from the year 2004 in the subject English Language and Literature Studies - Literature, grade: 2,0 (B), Humboldt-University of Berlin (Anglistics-American Studies), language: English, abstract: In my paper I will analyse the poem "The Rock of Cader Idris" (1822) by Felicia Dorothea Hemans and in this connection I chiefly confine myself to imagery, Hemans' biographical background and some stylistic means. The procedure I planned is to analyse the ballad's content with regard to the four substances earth, water, air and fire, to the senses of perception and to the persona's transformation from a passive observer to an active creator. I aim to show that the persona's emotions can be attributed to natural objects and that nature or art respectively takes the role of a healer. Moreover, I would like to illustrate that Hemans knew her trade, namely writing poetry. Before starting I would like to mention that I did not want to say "it" when talking about the persona, so I decided to use "she" in order to stress that the poem was written by a woman and that the persona herself can be regarded as female, too, as I will show in

the sequel.

States and Non-Participatory Memberships in the WTO Felicia A. Grey, 2019-02-25 This book examines non-participatory memberships or why states choose not to use the benefits of international institutions to which they belong. To investigate this question, the author explores why states choose not to litigate within the World Trade Organization's Dispute Settlement Body (DSB). The research contributes to the literature on global governance and institutions generally, and of the WTO specifically. Additionally, the project includes comparative case analysis of WTO agreements and international disputes: China and Jamaica; Guatemala and Mexico; the United States and Mexico. This volume will interest policy makers, trade professionals, academics, and everyone who is interested in development studies.

Air Traffic Control Communication Felicia Krause, 2008-09-09 Seminar paper from the year 2008 in the subject English Language and Literature Studies - Linguistics, grade: 1,8, University of Flensburg, course: English Worldwide, 11 entries in the bibliography, language: English, abstract: In this modern day and age it has become very important being able to travel from one country to another in a very short time by airplane. Transporting all kinds of cargo across the world without great time loss has become an essential part of our everyday life. Or how would you feel if you weren't able to buy your bananas and mangos in the supermarket in your hometown anymore? Millions of people travel every day and thousands of containers have to be flown, to guarantee the full supply of all consumers in the world. The extreme increase of air traffic over the years has made it necessary to introduce rules for air traffic controlling, develop new technology and establish standards that are valid for everyone. A major part of air traffic control is the communication (ATCC) and the technology involved in it. It is necessary in the entire world to regulate all sorts of

communication between ground controllers and the pilots of aircraft. But why was this communication invented? How is it used? And are there special forms of air traffic control communication? All these questions and an overview of the technological inventions, that are used nowadays in air traffic control, will be given in the following chapters.

Dal totalitarismo alla rivolta Luca Canapini, Andrea Cammarota, Rebecca Bedetti, 2021-05-19

Questo volume è l'insieme di tre saggi di autori diversi, su argomenti molto lontani fra loro, legati dal comune denominatore di "storia musicale del XX secolo": una riflessione sulla musica italiana del ventennio fascista, una biografia di Fabrizio De André e una panoramica del Punk Rock di fine secolo. Il trittico, così formato, tratteggia, come annunciato nel titolo del libro, uno schizzo parziale ma significativo di alcuni aspetti sociali, politici e filosofici sottesi a tre momenti storici e culturali oltremodo eterogenei. Difficilmente si possono immaginare mondi così diversi, linguaggi così distanti, come quelli percorsi da autori quali Alfredo Casella, Fabrizio De André o Larry Livermore. L'abissale diversità culturale e stilistica fra questi tre ambiti musicali non preoccupa gli autori, poiché non è l'aspetto estetico ad essere indagato in questo itinerario storico, quanto quello sociale e politico, essendo tutta l'ampia produzione musicale in questione raccontata e descritta dall'angolatura del suo rapporto col potere. Da questo punto di vista è emblematico il saggio sul Punk Rock, nel quale la filosofia di vita comune a una certa cultura underground viene giustamente evidenziata come dato preminente rispetto a quello strettamente musicale. Il risultato finale, emergente al termine di questo itinerario novecentesco inconsueto, ha a che fare con la capacità unica della musica di muovere emozioni e smuovere coscienze.

Deep Learning for a Digital Age Van B. Weigel, 2001-11-12 In this book, Weigel shows how faculty can help students develop skills in research, problem solving, critical thinking, and knowledge management by using web-based collaboration tools. He outlines a blended, bricks and clicks approach to learning that emphasizes cognitive apprenticeship and communities of inquiry. Weigel's vision of depth education relies strongly on virtual teams and embedded assessment as a

means to cultivate connection between students and educators.

Trinacria, 'An Island Outside Time' Christopher Prescott, Arja Karivieri, Peter Campbell, Kristian Göransson, Sebastiano Tusa, 2021-05-31 Trinacria, the ancient name for Sicily extending back to Homeric Greek, has understandably been the focus of decades of archaeological research. Recognizing Sicily's rich prehistory and pivotal role in the history of the Mediterranean, Sebastiano Tusa - professor, head of heritage agencies and councillor for Cultural Heritage for the Sicilian Region - promoted the exploration of the island's heritage through international collaboration. His decades of fostering research initiatives not only produced rich archaeological results spanning the Palaeolithic to the modern era but brought scholars from a range of schools and disciplines to work together in Sicily. Through his efforts, uniquely productive methodological, theoretical and interpretative networks were created. Their impact extends far beyond Sicily and Italy. To highlight these networks and their results, the Institutum Romanum Finlandiae, the Swedish Institute in Rome, the Norwegian Institute in Rome, the British School at Rome and the Assessorato dei Beni Culturali of Sicily, with generous support from the Swedish Riksbankens Jubileumsfond, assembled this anthology of papers. The aim is to present a selection of the work of and results from contemporary, multi-national research projects in Sicily. The collaboration between the Sicilian and international partners, often in an interdisciplinary framework, has generated important results and perspectives. The articles in this volume present research projects from throughout the island. The core of the articles is concerned with the Archaic through to the Roman period, but diachronic studies also trace lines back to the Stone Age and up to the contemporary era. A range of methods and sources are explored, thus creating an up-to-date volume that is a referential gateway to contemporary Sicilian archaeology.

Risible Delia Casadei, 2024-02-06 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminoso.org to learn more. *Risible* explores the forgotten history of laughter, from ancient Greece to the sitcom stages of Hollywood. Delia Casadei approaches laughter not as a phenomenon that can be accounted for by studies of humor and theories of comedy but rather as a technique of the human body, knowable by its repetitive, clipped, and proliferating sound and its enduring links to the capacity for language

and reproduction. This buried genealogy of laughter re-emerges with explosive force thanks to the binding of laughter to sound reproduction technology in the late nineteenth century. Analyzing case studies ranging from the early global market for phonographic laughing songs to the McCarthy-era rise of prerecorded laugh tracks, Casadei convincingly demonstrates how laughter was central to the twentieth century's development of the very category of sound as not-quite-human, unintelligible, reproductive, reproducible, and contagious.
