Agricultural workers and children are most affected. The incidence of snakebite mortality is particularly high in South-East Asia. Rational use of snake anti-venom can substantially reduce mortality and morbidity due to snake bites. These guidelines are a revised and updated version of those published in 2011. The geographical coverage extends from India in the west to DPR Korea and Indonesia in the east Nepal and Bhutan in the north and to Sri Lanka and Indonesia in the south and south-east. Snakes inhabiting the Indonesian islands east of Wallace's line (West Papua and Maluku Islands) are part of the Australasian elapid fauna differing from those west of this line. This publication aims to pass on a digest of available knowledge about all clinical aspects of snake-bite to medically trained personnel including medical doctors nurses dispensers and community health workers. They aim to provide sufficient practical information to allow medically trained personnel to assess and treat patients with snake-bites at different levels of the health service.

Stalky & Co Rudyard Kipling, 2023 Rudyard Kipling's book *Stalky & Co.* is about young men attending a British boarding school. Three young main characters in this collection of school stories have a smug, cynical attitude toward authority and patriotism. After the stories were featured in periodicals for the preceding two years, it was first published in 1899. Part I of *Slaves of the Lamp*. Mr. King interrupts the three boys while they are practicing a pantomime of Aladdin because he has discovered jokes Beetle wrote about him. When the younger child who taught King the poems is there, he drags Beetle into his study and corrects him. Stalky gets an intoxicated carter to throw stones at King by shooting him with a catapult. In *An Unsavoury Interlude*, Mr. King makes fun of Beetle for once being frightened to take a bath in the ocean, which causes the boys from Mr. King's house to call the boys from Mr. Prout's house stinkers. Many lads take part eagerly in order to train for their future professions as military officers. But when a member of parliament is asked to speak at the school on patriotism, he angers the lads by raising the Union Jack. The cadet corps left the next morning

under Stalky's leadership. The majority of Kipling's characters, who are now about thirty, are soldiers or civil officials in India.
