**Directory of Research Grants 2008** Schoolhouse Partners Llc,2008-05 It was the 50s and life was simple, until September 25, 1954. That was the night that would be etched in the memory of the citizens of Stanfield, Massachusetts. The Chief of Police described the brutal savagery of the double homicide as the most atrocious crime in the history of the city. A fourteen-year-old girl, and the four-year-old boy in her care were murdered at the hands of a deranged, depraved killer. A Thread of Evidence places the reader at the scene of the crime, an eye witness to the senseless stabbing of two innocent children. With a piece of crochet thread as their only clue, the entire police department, lead by detectives Steven Logan and Raymond Gage, scour the city in search of a maniacal savage. When all tips and leads have been exhausted, they review all evidence. They come back to the thread. The only real evidence. With tenacity and perseverance of Logan and Gage the killer is apprehended. The reader experiences the twists and turns of the investigation, and ultimately occupies a reserved seat in the Superior Court as the trial proceedings commence. A Thread of Evidence has been written as fiction, but inspired by an actual event. Fifty years later, it remains etched in the minds of all who had lived in the area. The author has researched court records, newspapers, interviewed neighbors, police and has drawn on personal recollections of the crime. The story has been recounted over and over and to this day, it continues to be discussed. A Thread of Evidence is a compelling account of superb detective work, and unprecedented dedication of an entire police department.

*Congressional Pay and Perks* Ida Brudnick,Patrick Purcell,2010-12-01 Congress is required by Article I, Section 6, of the Constitution to determine its own pay. Prior to 1969, Congress did so by enacting stand-alone legislation. From 1789 through 1968, Congress raised its pay 22 times using this procedure. Members were initially paid per diem. The first annual salaries, in 1815, were \$1,500. Per diem pay was reinstituted in 1817. Congress returned to annual salaries, at a rate of \$3,000, in 1855. By 1968, pay had risen to \$30,000. Stand-alone legislation may still be used to raise Member pay, as it was most recently in 1982, 1983, 1989, and 1991; but two other methods--including an automatic annual adjustment procedure and a commission process--are now also available. The Ethics Reform Act of 1989 established the current formula for automatic annual adjustments, which is based on changes in private sector wages and salaries as measured by the Employment Cost Index. The adjustment goes into effect automatically unless denied statutorily by Congress, although the percentage may not exceed the percentage base pay increase for General Schedule employees. Allowances are available to Representatives and Senators to support them in their official and representational duties as Members. These allowances cover official office expenses, staff, mail, and other goods and services. Despite significant reductions in congressional mail postage costs over the past 20 years, critics continue to raise concerns that the franking privilege is both financially wasteful and gives unfair advantages to incumbents in congressional elections. In particular, mass mailings have come under increased scrutiny as critics argue that the vast majority of franked mail is unsolicited and, in effect, publicly funded campaign literature. Members of Congress first elected in 1984 or later are covered automatically under the Federal Employees' Retirement System (FERS), unless they decline this coverage. Those who already were in Congress when Social Security coverage went into effect could either remain in CSRS or change their coverage to FERS. Members are now covered under one of four different retirement arrangements: CSRS and Social Security; The CSRS Offset plan, which includes both CSRS and Social Security, but with CSRS contributions and benefits reduced by Social Security contributions and benefits; FERS and Social Security; or Social Security alone. Congressional pensions, like those of other federal employees, are financed through a combination of employee and employer contributions. All Members pay Social Security payroll taxes equal to 6.2% of the Social Security taxable wage base (\$102,000 in 2008 and \$106,800 in 2009). Members enrolled in FERS also pay 1.3% of full salary to the Civil Service Retirement and Disability Fund. In 2008, Members covered by CSRS Offset pay 1.8% of the first \$102,000 of salary, and 8.0% of salary above this amount, into the Civil Service Retirement and Disability Fund. Under both CSRS and FERS, Members of Congress are eligible for a pension at age 62 if they have completed at least five years of service. Members are eligible for a pension at age 50 if they have completed 20 years of service, or at any age after completing 25 years of service. The amount of the pension depends on years of service and the average of the highest three years of salary. By law, the starting amount of a Member's retirement annuity may not exceed 80% of his or her final salary. After Members of the House leave office, they are afforded certain courtesies and privileges. Some are derived from House Rules, but many are courtesies that have been extended as a matter of custom. Former Representatives who become lobbyists have limited privileges. *Public Health for an Aging Society* Thomas R. Prohaska,Lynda A. Anderson,Robert H. Binstock,2012-03-15 2012 Outstanding Academic Title, Choice Magazine Public Health and Aging was published to critical acclaim almost fifteen years ago. Much has changed in public health since then. Thomas R. Prohaska, Lynda A. Anderson, and Robert H. Binstock now offer a completely new and updated overview of the field in Public Health for an Aging Society. This comprehensive survey discusses research, policy, and practice; managing and preventing diseases; promoting mental and physical health; and maintaining quality of life for an aging society. The fields of public health and aging have grown increasingly complex. Given the interdependency of issues posed by an aging society, the editors of this volume expand the traditional scope and treatments of public health and aging by adopting a social-ecological perspective that incorporates individual, family, community, societal, and environmental concerns. Chapters address the most critical public health issues facing an aging society, including Medicare and family caregiving, and introduce many new and emerging concepts, such as emergency preparedness, technology in aging, translational research, genomics, and environmental influences on health and health practices. The emergence of an aging society in the United States has far-reaching consequences for every generation. This book provides the latest information and future directions for the public health of this growing population. Students and practitioners will find Public Health for an Aging Society an invaluable resource both in the workplace and the classroom.

**The Justice God Is Seeking (The Worship Series)** David Ruis,2013-04-30 The issues of the poor and oppressed in this world are not removed from our worship of God. In fact, to serve the poor is to worship. When we capture God's heart for the poor and broken, we begin to move toward action through worship. In The Justice God Is Seeking, David Ruis explores how drawing near to God softens our hearts and opens us up to the need for salvation that is all around us. Worship and compassion are

linked in the Scriptures, and they must be woven throughout our lives. Here is a passionate exhortation to love like Jesus loves and to experience worship that is touched by brokenness and a longing for things to be set right. Therein lies the justice God is seeking.
