**Homemade for Sale** Lisa Kivirist, John Ivanko, 2015-05-01 From the authors of *Farmstead Chef*, the authoritative guide for launching a successful home-based food enterprise, from idea and recipe to final product. From farm-to-fork and “Buy Local” to slow food and hand-made artisan breads, more people than ever are demanding real food made with real ingredients by real people. Widely known as “cottage food legislation,” over forty-two states and many Canadian provinces have enacted recent legislation that encourages home cooks to create and sell a variety of “non-hazardous” food items, often defined as those that are high-acid, like pickles, or low moisture, like breads or cookies. Finally, “homemade” and “fresh from the oven” on the package can mean exactly what it says. *Homemade for Sale* is the first authoritative guide to conceiving and launching your own home-based food start-up. Packed with profiles of successful cottage food entrepreneurs, this comprehensive and accessible resource covers everything you need to get cooking for your customers, creating items that by their very nature are specialized and unique. Topics covered include: Product development and testing Marketing and developing your niche Structuring your business and planning for the future Managing liability, risk, and government regulations You can join a growing movement of entrepreneurs starting small food businesses from their home. No capital needed, just good recipes, enthusiasm, and commitment, plus enough know-how to turn fresh ingredients into sought-after treats for your local community. Everything required is probably already in your home kitchen. Best of all, you can start tomorrow! Praise for *Homemade for Sale* “Revive local economies and create jobs. Add value instead of selling commodities. Rebuild regional food systems. Diversify production on the landscape. Capitalize the infrastructure for a sane and healthy diet. And yet, there is no switch to flip: we have to start-small, learn the lessons, and grow this sector ourselves. *Homemade for Sale* is the perfect start.” –Severine von Tscharner Fleming, director, Greenhorns; and co-founder, Farm Hack and National Young Farmers Coalition We are in a golden age for local, artisanal culinary products. But the food industry can be particularly challenging for startup businesses. *Homemade for Sale* is a valuable resource to help culinary entrepreneurs understand what lies ahead so they can more easily navigate their journey of turning their passion into a livelihood.” –Gregory Heller, author, *U.S. Kitchen Incubators: An Industry Snapshot*

Selling Eating Charlie Hopper, Russ Klein, 2013-12-06 *Selling Eating* is filled with ideas and advice about restaurant marketing--and how to communicate motivating, compelling, sales-building deliciousness without merely repeating the word delicious. Branding. Advertising. TV ads. Food photography. Content marketing. Social media. Kid's programs, packaging opportunities, dealing with online reviews: it's all here, along with advice about answering bigger questions of positioning and brand personality. *Selling Eating* also contains extensive examples of the power of language in restaurant marketing, including ways to avoid the cliché terminology common to ads in the restaurant category. Hopper introduces you to restaurant marketers, ranging from celebrated food photographer Michael Somoroff to renowned researcher Bob Drane. He holds up campaigns from Domino's, Jack in the Box, Outback, Panera, Burger King, Applebee's, Wendy's, Ruby Tuesday, Taco Bell, Texas Roadhouse, Subway and many more--pointing out strengths and weaknesses. With a forward by Russ Klein, former CMO of Arby's and Burger King, the book has received praise from prominent restaurant industry figures. This is a great read for those in the business who need a refresher, or people who are just starting out, says Kim Bartley, Marketing Vice President, White Castle. Sometimes those of us who do this every day get set in our ways--*Selling Eating* helps us see our competitor's advertising through a fresh lens.... I'm giving copies to everyone on my team. And Paul Barron, CEO of Foodable and author of *The Chipotle Effect*, says, I regularly see restaurants struggle with the exact issues this book covers... Fun to read, and instructive. Charlie Hopper is a principal at Young & Laramore advertising, and has been marketing restaurants for over 20 years. He teaches advertising and writing at Butler University, blogs at [SellingEating.com](http://SellingEating.com), and has spoken at the National Restaurant Association's annual trade show about effective restaurant communications. He's a contributor to *Food & Drink International* and *Adweek*, and his work for restaurants--especially his long tenure as creative director and writer for Steak 'n Shake restaurants--has been featured in *The New York Times*, *Communication Arts*, and *Nation's Restaurant News*.
