God vs. the Gavel Marci A. Hamilton, 2005-05-30 *God vs. the Gavel* challenges the pervasive assumption that all religious conduct deserves constitutional protection. While religious conduct provides many benefits to society, it is not always benign. The thesis of the book is that anyone who harms another person should be governed by the laws that govern everyone else – and truth be told, religion is capable of great harm. This may not sound like a radical proposition, but it has been under assault since the 1960s. The majority of academics and many religious organizations would construct a fortress around religious conduct that would make it extremely difficult to prosecute child abuse by clergy, medical neglect of children by faith-healers, and other socially unacceptable behaviors. This book intends to change the course of the public debate over religion by bringing to the public's attention the tactics of religious entities to avoid the law and therefore harm others.

The Nigerian National Assembly Joseph Yinka Fashagba, Ola-Rotimi Matthew Ajayi, Chiedo Nwankwor, 2019-04-11 This book examines the role of the legislature in the democratic governance of Nigeria. Once one of the foremost political institutions of governance established in the early days of Colonial administration in Nigeria, the legislature has had an inconsistent role since statehood, subject to repeat dissolution at the hands of various military regimes. Focusing on the Nigerian Fourth Republic's National Assembly (1999-present), this book discusses in detail the ways in which the national assembly has handled each of its major functions, the nature of the relationship between the assembly and the legislature, and the institutional mechanism through which its internal business is facilitated and executed. Furthermore, the chapters examine the level of assertiveness of the legislature, and the degree of importance and weight attached to their contributions to governance in motions, resolutions, and law-making. This book offers a unique look into legislative studies, an area which has been historically overlooked in the research on the Nigerian government, and will be useful to students and researchers in African studies, democracy and state-building and legislative studies.

The New Freedom is only the old revived and clothed in the unconquerable strength of modern America. Contents: The Old Order Changeth What is Progress? The Meaning of Freedom Frank McGlynn, Seymour Drescher, 1992-05-15 In this interdisciplinary study, scholars consider the aftermath of slavery, focusing on Caribbean societies and the southern United States. What was the nature and impact of slave emancipation? Did the change in legal status conceal underlying continuities in

American plantation societies? Was there a common postemancipation pattern of economic development? How did emancipation affect the politics and culture of race and class? This comparative study addresses precisely these types of questions as it makes a significant contribution to a new a growing field.

Buying Freedom Anthony Appiah, Martin Bunzl, 2007-07-22 In this examination of the practical and ethical implications of slave redemption the authors deal with questions such as: Does redeeming slaves actually increase the demand for -and so the number of- slaves? And what about cases where it is far from clear that redemption will improve the material condition or increase the real freedom, of a slave?

For the Love of Freedom D. J. Vallone, 2002-05 The foundations of American freedom are shaken in this story about politics and journalism in Michigan. Chip Halick, a journalist on the political beat, discovers secrets about the popular governor that can potentially destroy his reputation, and put his New Freedom agenda at risk. Faced with the possibility of having his past indiscretions detailed in the newspaper, the governor launches an attack in a manner completely contradictory to his public image and platform. Having made a career out of championing the cause of freedom, he is suddenly snared in a trap of his own making. In the conflict that ensues, the governor exercises both legal and political means to suppress the truth about his past. Armed with the power of the press, Chip nonetheless recognizes that his freedom to publish salacious news comes with a cost-his professional reputation. Set in the Michigan capital, with a backdrop of the lush and beautiful season of harvest, *For the Love of Freedom* is a dramatic struggle to untangle a web of politics, ambition, manipulation, religious mores, ethics, laws, constitutional intent, and rhetorical sway.

Freedom Under Fire Michael Linfield, 1990 The great wars we have fought for the sake of liberty have been accompanied, without exception, by the most draconian assaults on individual rights. This is the theme of Michael Linfield's *Freedom Under Fire*, and he documents it with examples from every war since the American Revolution.--The Progressive Linfield demonstrates conclusively, starting with the American Revolution and coming right up to the invasion of Panama, that the Bill of Rights is set aside by the government again and again, for reasons of 'national security.' He performs an important service, reminding us that liberty cannot be entrusted to the Bill of Rights or to the three branches of government, but only can be safeguarded by our own vigilance.--Howard Zinn

Free the Dumb William Wallace, 2011-01-25 *Free the Dumb* is about how Americans have lost their freedom by giving up their God given rights for privileges. The government should serve the people; the people should not serve the government. Will Rogers said, "It's not what you don't know that hurts you. It's what you know that ain't so." Benjamin Franklin said, "Anyone giving up rights for security deserves to lose both." Orville Wright said, "If we were to accept truth as everything we were told to be true, there would be little hope for the human race. Here are just a few questions that you will find the answers to in this book: What was bulletproof George Washington's vision for the United States? Why did it take two years after the Revolutionary War to sign the Treaty of Paris giving the American people the rights of a King? "People of a State are entitled to all rights which formerly belong to the King by his prerogative." Lansing vs. Smith (1892) Wend.9, 20. How after hundreds of years of prayer in school did the government, supporting communism, make it unconstitutional? Why lawyers are not citizens of the United States and why every law made after the 1840's is an illegal law? How you volunteered to be a subject citizen by not stating that you didn't volunteer even though you didn't know that you have to state that you didn't volunteer, which resulted in losing all the rights of a King, trading rights for privileges and illegally

transferring non transferable rights. How Americans support the ten planks of communism? How can you pledge allegiance to a Republic and live in a democracy when democracy is mentioned zero times in the United States Constitution, the Supreme Law of the Land? How indentured servitude was changed to slavery? How many people in the 20th century were killed because their countries did not have a 2nd Amendment? Why is gay marriage illegal? How the American people since March 9, 1933 became the enemy of the government? Why is Social Security under Treaty Law and should never run out of money? What is the difference between living in the United States vs. living in the united States of America? Comrade Lenin said, "Confuse the meaning of words and you confuse the mind." Why the only legal tax form is 2555 and why wages are not income? How the Federal Reserve creates money out of thin air and charges the American people interest? What is the truth about ID cards, road blocks and searches? What is the difference between driving and traveling? How can you own land without any government interference, including property taxes? What are the rights of a jury and how to challenge jurisdiction? Why oil wells don't dry up? Why was lead taken out of paint? How the government made hippies? What is the truth about mammograms and how to increase breast size when going through puberty? What is the cure for cancer which was discovered in 1931? What are the natural cures and preventions for diseases, including autism? What is an easy, painless procedure to kill parasites? How a dental chart will show which organs in your body are connected to your teeth? What are the effects of electricity on your body and soul? How to tell who gives you energy, who you give energy to, whose energy controls you and whose energy you control? What are the best foods to eat for your energy? How to look at faces and determine what organs are damaged? How King James changed the Bible? How to get spiritual help? Why the created can never be greater than the one that created it? Are your public servants serving you or are you serving them?
