Distilled in Maine Kate McCarty, 2015-07-13 Early Maine ran on sweet and fiery New England rum. Later, rapid industrial advances and ever-present drinking opportunities made daily life unnecessarily hazardous. Overindulgence triggered a severe backlash, a fierce temperance movement and eighty-two years of prohibition in the Pine Tree State. While the coastal state never really dried out, the Maine Law sent both serious and social drinking under the table for the better part of a century. Liquor crafted in Maine has slowly and quietly remade itself into a respected drink, imbued with history and representing the best of the state's ingenuity and self-reliance. Contemporary distillers across the state are concocting truly local spirits while creative bartenders are mixing the new and old, bringing back the art of a fine drink. Join Portland food writer Kate McCarty on a spirited romp through the evolution of Maine's relationship with alcohol.

Louis Agassiz Christoph Irmscher, 2013 Traces the life of the nineteenth-century scientist who discovered how glaciers form, describing how he enlisted the American public to collect natural specimens for his museum, his work training a generation of scientists, and his staunchly racist views.

It's Complicated Danah Boyd, 2014-02-25 Surveys the online social habits of American teens and analyzes the role technology and social media plays in their lives, examining common misconceptions about such topics as identity, privacy, danger, and bullying.

The Coming Storm Regina M. Hansen, 2022-06-07 Music, myth, and horror blend in this romantic, “eerie...atmospheric” (Publishers Weekly) fantasy debut about a teen girl who must fight a powerful evil that’s invaded her Prince Edward Island home—perfect for fans of *An Enchantment of Ravens*. There’s a certain wild magic in the salt air and the thrum of the sea. Beet MacNeill has known this all her life. It added spice to her childhood adventures with her older cousin, Gerry, the two of them thick as thieves as they explored their Prince Edward Island home. So when Gerry comes up the path one early spring morning, Beet thinks nothing of it at first. But he is soaking wet and silent, and he plays a haunting tune on his fiddle that chills Beet to the bone. Something is very, very wrong. Things only get worse when Marina Shaw saunters into town and takes an unsettling interest in Gerry’s new baby. Local lore is filled with tales of a vicious shape-shifting sea creature and the cold, beautiful woman who controls him—a woman who bears a striking resemblance to Marina. Beet is determined to find out what happened to her beloved cousin, and to prevent the same fate from befalling the handsome new boy in town who is winning her heart, whether she wants him to or not. Yet the sea always exacts a price...

'Down the Plains' Rhea Côté Robbins, 2013-06 'down the Plains' is a continuation of examining what does it mean to be Franco-American and growing up in Maine. 'down the Plains' takes the reader on the literary journey in a geography and landscape of the liminal generation that carries the language and culture toward a modern expression. Praise for the first installment of the memoirs from Annie Proulx speaks to the richness of the stories. Rhea Cote Robbins' *Wednesday's Child* is beautiful stuff, a defiant and poignant memoir that transcends the personal. It is an important book not only for its immediate content, for the experience of life within its covers, but because it gives us a glimpse of the almost unmined Golconda of literary source material in Franco-American lives.--E. Annie Proulx 'down the Plains' extends the mining for gold and shares the wealth with its readers. Other praise: *Wednesday's*

Child is a dark, dream-like meditation on fragility and survival, of the body from cancer and of the Franco-American community from its inheritance of paroissial piety, social marginality, and relentless poverty. If your roots are in that community, there is much to recognize and confirm; if not, there is much to learn and remember. --Clark Blaise Against the more familiar observations of the small-town lifer and the urban refugee, Rhea Cote Robbins' syncopations stood out, at once unique and connected to a vibrant and hardscrabble culture. This is a sensuous recollection made urgent by a pending medical diagnosis, and the result is an energetic, poignant, and revelatory memoir. ...Wednesday's Child is astir in every sentence.--Sven Birkerts

Let's Pretend This Never Happened Jenny Lawson,2013-03-05 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. "Gaspingly funny and wonderfully inappropriate."—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. The Key to My Neighbor's House Elizabeth Neuffer,2015-04-21 Interviewing war criminals and their victims, Neuffer explains, through the voices of people she follows over the course of a decade, how genocide erodes a nation's social and political environment. Her characters' stories and their competing notions of justice—from searching for the bodies of loved ones, to demanding war crime trials, to seeking bloody revenge—convince readers that crimes against humanity cannot be resolved by simple talk of forgiveness, or through the more common recourse to forgetfulness.

The Homing Place Rachel Bryant,2017-10-07 Can literary criticism help transform entrenched Settler Canadian understandings of history and place? How are nationalist historiographies, insular regionalisms, established knowledge systems, state borders, and narrow definitions continuing to hinder the transfer of information across epistemological divides in the twenty-first century? What might nation-to-nation literary relations look like? Through readings of a wide range of northeastern texts – including Puritan captivity narratives, Wabanaki wampum belts, and contemporary Innu poetry – Rachel Bryant explores how colonized and Indigenous environments occupy the same given geographical coordinates even while existing in distinct epistemological worlds. Her analyses call for a vital and unprecedented process of listening to the stories that Indigenous peoples have been telling about this continent for centuries. At the same time, she performs this process herself, creating a model for listening and for incorporating those stories throughout. This commitment to listening is analogous to homing – the sophisticated skill that turtles, insects, lobsters, birds, and countless other beings use to return to sites of familiarity. Bryant adopts the homing process as a reading strategy that continuously seeks to transcend the distortions and distractions that were intentionally built into Settler Canadian culture across centuries.

Principles of Management David S. Bright,Anastasia H. Cortes,Eva Hartmann,2023-05-16 Black & white print.
