George Eliot

Give and Take Elly Swartz, 2019-10-15 Elly Swartz's *Give and Take* is a touching middle grade novel about family, friendship, and learning when to let go. Family has always been important to twelve-year-old Maggie: a trapshooter, she is coached by her dad and cheered on by her mom. But her grandmother's recent death leaves a giant hole in Maggie's life, one which she begins to fill with an assortment of things: candy wrappers, pieces of tassel from Nana's favorite scarf, milk cartons, sticks . . . all stuffed in cardboard boxes under her bed. Then her parents decide to take in a foster infant. But anxiety over the new baby's departure only worsens Maggie's hoarding, and soon she finds herself taking and taking until she spirals out of control. Ultimately, with some help from family, friends, and experts, Maggie learns that sometimes love means letting go. This title has Common Core connections.

Give Me All of You F. L. Jacob, 2015-03-18 Beth Emmons would not allow herself to fall in love. She'd been burned in the worst way possible, leaving her with a secret that made her the black sheep of the family. Jake Martin wasn't looking for love. After his 'true love' married another, he kept to himself and lived the life of a bachelor. When their paths crossed in Mexico, they couldn't get enough of each other. Beth kept to her 'friends with benefits' plan, while Jake wanted more. A pregnancy scare caused Beth to run from Jake. Jake gave Beth the space she needed even if it was going to kill him. Christmas at the

Black Hollywood Club reunited them and made them stronger. Now, the family Beth wanted to forget pops back into her life needing her full attention. All the while, Beth's secret is busting at the seams causing her to once again distance herself from Jake. Jake decides enough is enough and vows to fight for the love of his life, his real true love. Will Beth be able to give herself to Jake? Can Jake's love give Beth the strength she needs, or will her secrets cause them to fall apart again, leaving them shattered . . . unable to pick up the pieces.

Give & Take Vania Rheault, Vm Rheault, 2022-01-15
She can't leave if she's already gone. Jack My 45th birthday is next week, and I want a baby. I ask Emma Cox, my personal assistant, to surrogate for me. I've always had feelings for her, but I never wanted to acknowledge them because I'll never get

married.I think she's crazy when she accepts my terms on the condition we spend time with our friends and families so our child will have a support system without her.What I didn't understand was Emma wasn't doing it for our baby. She was doing it to show me what I could have if I put the past behind me.Something I will never be able to do, no matter how much I love her. EmmaI've been in love with billionaire Jack Durand since the day I met him. I didn't want to be the office cliché and kept my feelings to myself.When he asks me to surrogate, against everyone's advice, I say yes. I want to use the time with him to make him fall in love with me.I didn't realize how deeply his rocky childhood hurt him, and I should break our contract before he breaks my heart.

The Strange Story Book Mrs. Andrew

Lang,2024-02-03 Now as this is the very last book of all this series that began in the long long ago, perhaps you may like to hear something of the man who thought over every one of the twenty-five, for fear lest a story should creep in which he did not wish his little boys and girls to read. He was born when nobody thought of travelling in anything but a train—a very slow one—or a steamer. It took a great deal of persuasion to induce him later to get into a motor and he had not the slightest

desire to go up in an aeroplane—or to possess a telephone. Somebody once told him of a little boy who, after giving a thrilling account at luncheon of how Randolph had taken Edinburgh Castle, had expressed a desire to go out and see the Museum; 'I like old things better than new,' said the child! 'I wish I knew that little boy,' observed the man. 'He would just suit me.' And that was true, for he too loved great deeds of battle and adventure as well as the curious carved and painted fragments guarded in museums which show that the lives described by Homer and the other old poets were not tales made up by them to amuse tired crowds gathered round a hall fire, but were real—real as our lives now, and much more beautiful and splendid. All beasts were his friends, just because they were beasts, unless they had been very badly brought up. He never could resist a cat, and cats, like beggars, tell each other these things and profit by them. A cat knew quite well that it had only to go on sitting for a few days outside the window where the man was writing, and that if it began to snow or even to rain, the window would be pushed up and the cat would spend the rest of its days stretched in front of the fire, with a saucer of milk beside it, and fish for every meal. But life with cats was not all peace, and once a terrible thing happened when Dickon-draw-the-blade was the Puss in Possession. His master was passing through London on the way to take a journey to some beautiful old walled towns in the south of France where the English fought in the Hundred Years War, and he meant to spend a few weeks in the country along

the Loire which is bound up with the memory of Joan of Arc. Unluckily, the night after he arrived from Scotland Dickon went out for a walk on the high trellis behind the house, and once there did not know how to get down again. Of course it was quite easy, and there were ropes of Virginia creeper to help, but Dickon lost his presence of mind, and instead of doing anything sensible only stood and shrieked, while his master got ladders and steps and clambered about in the dark and in the cold, till he put Dickon on the ground again. Then Dickon's master went to bed, but woke up so ill that he was obliged to do without the old towns, and go when he was better to a horrid place called Cannes, all dust and tea-parties.
